INTEROFFICE MEMORANDUM**

TO: Mayor, Vice Mayor, & City Commissioners

FROM: Dr. Roy L. Virgin, City Manager 

BY: Francois Domond, P.E., Director of Utilities

DATE: June 11, 2025

RE: Temp. Reso. No. 8427, Purchase of Portable Generators

RECOMMENDATION: The City Manager recommends approval of Temp. Reso. No. 8427, approving the purchase of portable generators from Multiquip Inc., in a total amount of \$270,747.40, using the Sourcewell Contract #020923-MTQ.

ISSUE: City Commission approval is required for expenditures exceeding \$75,000 in accordance with City Code Section 2-412(a)(1).

BACKGROUND: The City of Miramar Utilities owns and operates a Wastewater Reclamation Facility and its associated water and wastewater transmission systems. Portable generators are needed to prepare for emergencies such as power outages during hurricanes and other disasters.

DISCUSSION: The City would like to use the Sourcewell Contract #020923-MTQ (a competitively bid government contract) to purchase two 70kVA (DCA70SSJU4F) and two 125kVA (DCA125SSIU4F) portable generators for the Wastewater Reclamation Facility and its associated water and wastewater systems. On April 11, 2025, the City received two quotes for these four portable generators in a total amount of \$270,747.40 from Multiquip Inc. using the Sourcewell Contract #020923-MTQ. Both quotes have been reviewed and deemed as fair and reasonable.

ANALYSIS: The City needs portable generators to ensure continuous operations during emergencies such as hurricanes where power outages are possible.
