RE: Temp. Reso. No. 8484 adopting the Fiscal Year 2026 Schedule of Proposed Fee Changes for Programs, Facilities and Services

RECOMMENDATION: The City Manager recommends approval of Temp. Reso. No. 8484, adopting the Schedule of Proposed Fee Changes for Programs, Facilities, and Services (formerly known as the Fee Booklet) for Fiscal Year 2026 and approving the proposed new fees and amendment to certain existing fees set forth therein.

ISSUE: Pursuant to City Ordinance No. 14-16, City Commission approval by Resolution is required for the adoption of new fees and for amendment to existing fees for City services.

BACKGROUND: On July 2, 2014, the City Commission adopted Ordinance No. 14-16, authorizing the adoption of a Fee Booklet to serve as a comprehensive listing of all user fees, rates and charges for the numerous services provided by and throughout the City, and providing for amendments to said fees to be made by resolution during the annual budget process.

On September 17, 2018, the City Commission also adopted Resolution No. 18-179, adopting a Schedule of Fees and approving new fees and amendments to existing fees.

During the Fiscal Year 2026 budget process, various rates and charges for City services were reviewed to ensure that they are competitive to defray the cost of providing the services. The proposed new fees and amendments to existing fees are set forth in the "Proposed FY 2026" column of the attached Exhibit "A." The additional revenue generated by these fees has been included in the Fiscal Year 2026 budget.

DISCUSSION: The City Commission finds that it is in the best interest of the residents, businesses, and patrons of the City of Miramar to approve the annual Schedule of Fees. The City management recommends the most efficient and effective method for setting an amended rate is by Resolution. Beginning October 1, 2026 and on each October 1 thereafter, all fees listed herein shall be adjusted to the lesser of three percent (3%) or the increase in the cost of doing business, measured by fluctuation in the Consumer Price Index (CPI) (All Urban Consumers, Miami, Fort Lauderdale, Florida) as by the U.S. Department of Labor, Bureau of Labor, Statistics or its successor agency based on their percentage change in the CPI from the previous calendar year in which the adjustment is affected. Such fee adjustments shall occur automatically unless otherwise amended by an action of the City Commission. This provision excludes any fees whose increases are mandated by applicable local, state, or federal ordinances or regulations. It shall not be necessary to amend this article or any part thereof by ordinance or resolution, nor to cause publication or conduct a public hearing prior to the annual adjustment of the rate schedule pursuant to this subscription. The annual adjustment for the City fees as authorized above shall be kept on file in the City Clerk's office.

ANALYSIS: The proposed Schedule of Fees requires approval and adoption of rates, fees and charges contained therein during the annual Budget process. Five (5) departments have proposed changes in fees for Fiscal Year 2026. Please see the changes in the Fiscal Year 2026 Schedule of Proposed Fee changes for Programs, Facilities & Services "Exhibit A."

Automatic annual rate adjustment. The city will institute annually, effective with bills rendered on and after October 1, 2008, and each year thereafter an automatic increase to the monthly service availability charges and volumetric rates as contained in section 21-223(b), to be applied to such rates which are in effect immediately prior to the effective date of each annual increase. The annual index adjustment shall be one (1) percent, to the monthly service availability charges and volumetric rates for the eastern service area. With respect to the wastewater treatment service from the City of Hollywood and others, on behalf of the eastern city area, any increase or decrease in the cost of such purchases to the city shall result in an automatic adjustment to such applicable rates as identified in section 21-223(b), and shall be a pass-through to the consumer equal to the dollar amount of such increase or decrease in such costs as billed by the City of Hollywood or others as determined by the city. All other adjustments in excess of those identified above will be changed by a resolution as adopted by the City Commission.

Automatic annual rate adjustment. The city will institute annually, effective with bills rendered on and after October 1, 2008, and each year thereafter an automatic increase to the monthly service availability charges and volumetric rates as contained in section 21-223(b), to be applied to such rates which are in effect immediately prior to the effective date of each annual increase. The annual index adjustment shall be one (1) percent, to the monthly service availability charges and volumetric rates for the eastern service area.
