**CITY OF MIRAMAR
INTEROFFICE MEMORANDUM**

TO: Mayor, Vice Mayor, & City Commissioners

FROM: Dr. Roy L. Virgin, City Manager 

BY: Francois A. Domond, Director of Utilities

DATE: April 30, 2026

RE: Temp. Reso. No. 8678 approving the award of Invitation for Bids No. 26-010 entitled "West Water Treatment Plant Capacity and Upgrades – Offsite Pipelines" to ITG Communications, L.L.C.

RECOMMENDATION: The City Manager recommends approval of Temp. Reso. No. 8678 approving the award of Invitation for Bids ("IFB") No. 26-010, entitled: "West Water Treatment Plant Capacity and Upgrades – Offsite Pipelines" project to the lowest, responsive and responsible bidder, ITG Communications, LLC ("ITG"); authorizing the City Manager to execute the proposed agreement with ITG for the provision of services to the West Water Treatment Plant Capacity and Upgrades – Offsite Pipelines Project in the amount of \$1,530,452.16 and approving the City's 10% contingency allowance in the amount of \$153,045.22 for a total project amount not-to-exceed \$1,683,497.38.

ISSUE: City of Miramar's ("City") Commission approval is required for all expenditures exceeding \$75,000 per vendor limit, in accordance with section 2-412(a)(1) of the City Code.

BACKGROUND: The City's Utilities Department is responsible for the operation and maintenance of the West Water Treatment Plant (WWTP). The City is currently experiencing increased demand for potable water due to continued population growth, expanding commercial development, and evolving land use patterns within its parameters. In order to maintain reliable water service and support future growth, the City has determined that improvements are necessary to expand the transmission capacity associated with WWTP.

The proposed project consists of providing all labor, materials, equipment, machinery, tools, and incidentals necessary for the installation of approximately 2,750 linear feet of

one (1) 20-inch raw water main, high-density polyethylene ("HDPE") pipe, and approximately 2,750 linear feet of one (1) 8-inch HDPE sanitary sewer force main using horizontal directional drilling (HDD) methods along SW 136th Avenue, extending from Old Miramar Parkway to Blue Gill Road.

DISCUSSION: On December 22, 2025, the City's Procurement Department ("Procurement") advertised the IFB in newspapers of general circulation, social media and on DemandStar. A pre-bid conference was held on January 8, 2026, where six (6) companies were in attendance. On January 29, 2026, the date of the scheduled bid opening, the City received six (6) bid responses.

ANALYSIS: Upon completion of Procurement's due diligence review, it was determined that ITG Communications, LLC is the lowest, responsive, and responsible bidder who satisfies the minimum qualifications of the solicitation, and whose Total Base Bid is acceptable to the City, in the amount of \$1,530,452.16 with the City's 10% contingency allowance in the amount of \$153,045.22. for a Total Project Amount not-to-exceed \$1,683,497.38.

The City Manager recommends that the City Commission award the IFB and authorize the appropriate City officials to execute the contract with ITG Communications, LLC., the lowest, responsive, and responsible bidder, in the amount of \$1,530,452.16 and the City's 10% contingency allowance in the amount of \$153,045.22 for a Total Project Amount not-to-exceed \$1,683,497.38.

**CITY OF MIRAMAR
MIRAMAR, FLORIDA**

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF MIRAMAR, FLORIDA, APPROVING THE AWARD OF INVITATION FOR BIDS NO. 26-010, ENTITLED "WEST WATER TREATMENT PLANT CAPACITY AND UPGRADES – OFFSITE PIPELINES" TO THE LOWEST, RESPONSIVE AND RESPONSIBLE BIDDER, ITG COMMUNICATIONS, LLC; AUTHORIZING THE CITY MANAGER TO EXECUTE THE PROPOSED AGREEMENT WITH ITG COMMUNICATIONS, LLC IN THE AMOUNT OF \$1,530,452.16 AND APPROVING THE CITY'S 10% CONTINGENCY ALLOWANCE IN THE AMOUNT OF \$153,045.22, FOR A TOTAL PROJECT AMOUNT NOT-TO-EXCEED \$1,683,497.38; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Miramar ("City") Utilities Department is responsible for the operation and maintenance of the West Water Treatment Plant ("WWTP"); and

WHEREAS, the City is experiencing an increase in demand for potable water due to population, business and land use growth; therefore, the expansion of its treatment capacity is needed; and

WHEREAS, to maintain reliable potable water service and support future growth, the City has determined that improvements are necessary to expand the transmission capacity associated with the WWTP; and

WHEREAS, the proposed project includes providing all labor, materials, equipment, machinery, tools, and incidentals necessary for the installation of approximately 2,750 linear feet of one (1) 20-inch raw water main, high-density polyethylene ("HDPE") pipe, and approximately 2,750 linear feet of one (1) 8-inch HDPE

sanitary sewer force main using horizontal directional drilling (HDD) methods along SW 136th Avenue, extending from Old Miramar Parkway to Blue Gill Road; and

WHEREAS, on December 22, 2025, the City's Procurement Department ("Procurement") advertised Invitation for Bids ("IFB") No. 26-010, entitled "West Water Treatment Plant Capacity and Upgrades – Offsite Pipelines" in newspapers of general circulation, social media and on DemandStar; and

WHEREAS, on January 8, 2025, a Pre-bid conference was held wherein six (6) companies were in attendance; and

WHEREAS, on January 29, 2026, the date of the scheduled bid opening, the City received six (6) bid responses; and

WHEREAS, upon completion of Procurement's due diligence review, it was determined that ITG Communications, LLC. ("ITG") is the lowest, responsive, and responsible bidder who satisfies the minimum qualifications of the solicitation, and whose Bid is in the best interest of the City, with a total Base Bid amount of \$1,530,452.16, and the City's 10% contingency allowance in the amount of \$153,045.22 for a total project amount not-to-exceed \$1,683,497.38; and

WHEREAS, the City Manager recommends approval of the award of IFB No. 26-010, entitled "West Water Treatment Plant Capacity and Upgrades – Offsite Pipelines" to ITG; and

WHEREAS, the City Commission deems it to be in the best interest of the citizens and residents of the City of Miramar to award the IFB No. 26-010 to ITG, and to authorize the City Manager to execute the proposed agreement in substantial conformity with Exhibit "A," attached hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF MIRAMAR, FLORIDA AS FOLLOWS:

Section 1: The foregoing "**WHEREAS**" clauses are ratified and confirmed as being true and correct and are made a specific part of this Resolution.

Section 2: The City Commission approves the award of IFB No. 26-010, entitled "West Water Treatment Plant Capacity and Upgrades – Offsite Pipelines" to the lowest responsive and responsible bidder, ITG Communications, LLC. with a total Base Bid amount of \$1,530,452.16 and the City's 10% contingency allowance in the amount of \$153,045.22, for a total project amount not-to-exceed \$1,683,497.38.

Section 3: The City's Commission authorizes the City Manager to execute the agreement with ITG Communications LLC., attached hereto as Exhibit "A," together with such non-substantial changes as are deemed acceptable to the City Manager and approved as to form and legal sufficiency by the City Attorney.

Section 4: The appropriate City officials are authorized to do all things necessary and expedient to carry out the aims of this Resolution.

**AGREEMENT BETWEEN THE CITY OF MIRAMAR, FLORIDA
AND
ITG COMMUNICATIONS, LLC.
FOR
WEST WATER TREATMENT PLANT CAPACITY EXPANSION AND UPGRADES
OFFSITE PIPELINE
INVITATION FOR BIDS NO. 26-010
IN MIRAMAR, FLORIDA**

THIS AGREEMENT (the "Agreement") is made effective on the last date of execution herein by and between the CITY OF MIRAMAR, FLORIDA (the "City"), a Florida municipal corporation, whose address is 2300 Civic Center Place, Miramar, Florida 33025, and ITG COMMUNICATIONS, LLC. (the "Contractor") a Foreign Limited Liability Company authorized to conduct business in the state of Florida whose principal address is 2400 Commercial Boulevard, Suite 1000, Fort Lauderdale, Florida 33308.

WITNESSED:

WHEREAS, on [REDACTED], by Resolution No. [REDACTED], the City Commission approved the award of Invitation for Bids No. 26-010 (the "IFB"), entitled: **"WEST WATER TREATMENT PLANT CAPACITY EXPANSION AND UPGRADES - OFFSITE PIPELINE"** (the "Work" or "Services"), to Contractor as the lowest, responsive, responsible, Bidder, whose bid is in the best interest of the City; and

WHEREAS, the City intends to contract for the Services related to the Work and desires to engage the services of Contractor for this purpose; and

WHEREAS, the Contractor desires to contract with the City to provide the Services as set forth in the IFB the terms of which are incorporated and made a part hereof, including all definitions set forth therein.

NOW THEREFORE, the City and Contractor, in consideration of the mutual covenants hereinafter set forth, the receipt and sufficiency of which is acknowledged, agree as follows:

ARTICLE 1
DEFINITIONS

Except as provided herein, terms used in this Agreement are defined in the IFB, which is deemed fully incorporated herein for all purposes, and have the meanings indicated in the IFB or in the General Terms and Conditions incorporated herein by

reference. In the event of conflict, the definitions and all other terms and conditions contained in the IFB shall govern.

ARTICLE 2

WORK

The work includes, but is not limited to, providing all labor, materials, equipment, machinery, tools and incidentals required for the installation of one (1) 20 inch raw water main and one (1) 8-inch force main. Installation will be completed via horizontal directional drilling (HDD), extending from Old Miramar Parkway to Blue Gill road along SW 136 avenue. The project encompasses the installation of approximately 2750 linear feet of 20-inch HDPE pipe and 2750 linear feet of 8-inch HDPE pipe and all tasks and services described in the Contract Documents, to include the Contractor's proposal, attached hereto as **Exhibit "A"**.

ARTICLE 3

CONTRACT TIME

Time is of the essence in the performance of the Work under this Agreement. The commencement date shall be established in the Notice to Proceed. Contractor shall commence the Work within 10 Days from the commencement date. The Work shall be Substantially Complete within 180 Calendar Days after the commencement date given in the Notice to Proceed. The Work shall be Finally Completed for full acceptance by the City within 270 Calendar Days after the commencement date given in the Notice to Proceed.

ARTICLE 4

CONTRACTOR AND CITY'S RELATIONSHIP

4.1 The Contractor accepts the relationship of trust and confidence established between it and the City by this Agreement. The Contractor represents that it will furnish its best skill and judgment in performing the Contractor's Services and the Work, and shall always act to further the interest of the City in the expeditious completion of the Project, at the lowest responsible cost to the City, and in strict accordance with the Contract Documents and prudent and customary industry practices.

4.2 By signing this Agreement, the Contractor accepts a fiduciary duty with the City and warrants and represents to the City that the Contractor:

- A. Has all licenses and certifications required by applicable law to perform the Contractor's Services and the Work;
- B. Is experienced in all aspects of the Work required for projects similar to the Project;
- C. Will act in the City's highest and best interest in performing the Contractor's Services and the Work; and
- D. That no employee or affiliate of the Contractor, including all Subconsultants, Subcontractors and Suppliers, at any tier, has been convicted of a public entity crime pursuant to Section 287.133, Florida Statutes, within the preceding 36 months from the date of execution of this Agreement.

4.3 The Contractor acknowledges and agrees that the City is relying on these

representations and covenants as a material inducement to enter into this Agreement.

ARTICLE 5

TERM

The term of this Agreement shall commence upon the date of execution hereof and shall remain in effect until acceptance of the Goods and/or Services by the City, unless terminated earlier as provided herein.

ARTICLE 6

LIQUIDATED DAMAGES

City and the Contractor recognize that time is of the essence of this Agreement and that the City will suffer financial loss if the Work is not completed within the time specified herein. They also recognize the delays, expense, and difficulties involved in proving in a legal proceeding the actual loss suffered by the City if the Work is not completed on time. Accordingly, instead of requiring any such proof, the City and the Contractor agree that as liquidated damages for delay (but not as a penalty), the Contractor shall pay the City \$1000 for each Day that expires after the time specified herein for Substantial Completion until Substantial Completion is achieved, and \$1500 for each calendar Day that expires after the time herein for Final Completion and full acceptance is achieved. Liquidated damages are cumulative.

ARTICLE 7

CONTRACT PRICE

City shall pay Contractor One Million Five Hundred Thirty Thousand Four Hundred Fifty-Two and 16/100 Dollars (\$1,530,452.16) for completion of the Work, in accordance with the amount set forth in the Contractor's Bid and in the Contract Documents. The City has included a Contingency Allowance of ten percent of the contractor's bid price in the amount of One Hundred Fifty-Three Thousand Forty-Five and 22/100 Dollars (\$153,045.22) for a total project amount of One Million Six Hundred Eighty-Three Thousand Four Hundred Ninety-Seven and 38/100 Dollars (\$1,683,497.38). Any contingency funds requested by the Contractor must be substantiated and submitted to the City prior to release. Any unused contingency funds must be returned to the City. The Contractor shall be responsible for reimbursing the City, in addition to liquidated damages, for all costs incurred by the Engineer administering the construction of the Project beyond the Final Completion date specified above or beyond an approved extension of time granted to the Contractor, whichever is later. Such costs shall be deducted from the monies due the Contractor for performance of Work under this Agreement by means of unilateral Change Orders (if any) issued periodically by the City as costs are incurred by the Engineer and agreed to by the City.

ARTICLE 8

PAYMENT PROCEDURES

Compensation shall be invoiced by Contractor and paid by the City as follows: Contractor shall submit monthly invoices to the City for review. Each invoice shall indicate the original fee estimate for the Service provided the invoice date, the amount of the invoice and the estimated fees remaining. Payment for Services rendered by Contractor during the previous billing period shall be due and payable as of the date of the invoice,

and shall be paid by the City no later than the 30th Day after the date of invoice, in accordance with Chapter 218, Florida Statutes, Part VIII, Prompt Payment Act, unless some other mutually agreeable period of required payment is established. All invoices are subject to the City's approval.

ARTICLE 9

INDEMNIFICATION

9.1 To the fullest extent permitted by Laws and Regulations, the Contractor shall indemnify, defend, and hold harmless the City, its officers, directors, agents, and employees, against and from liabilities damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the contract, but not from the sole negligence or willful misconduct of the City. Such indemnification by the Consultant shall include but not be limited to the following:

- A. Liability or claims resulting directly or indirectly from the negligence or carelessness of the Contractor, its employees, or agents in the performance of the Work, or in guarding or maintaining the same, or from any improper Materials, implements, or appliances used in the Work, or by or on account of any act or omission of the Contractor, its employees, or agents;
- B. Liability or claims arising directly or indirectly from bodily injury, occupational sickness or disease, or death of the Contractor's or Subcontractor's own employees engaged in the Work resulting in actions brought by or on behalf of such employees against the City and/or the Engineer;
- C. Liability or claims arising directly or indirectly from or based on the violation of any Law, ordinance, Regulation, order, or decree, whether by the Contractor, its employees, or agents;
- D. Liability or claims arising directly or indirectly from the use or manufacture by the Contractor, its employees or agents in the performance of this Agreement, of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article, or appliance, unless otherwise specifically stipulated in this Agreement;
- E. Liability or claims arising directly or indirectly from the breach of any warranties, whether express or implied, made to the City or any other parties by the Contractor, its employees or agents;
- F. Liabilities or claims arising directly or indirectly from the willful misconduct of the Contractor, its employees or agents; and
- G. Liabilities or claims arising directly or indirectly from any breach of the obligations assumed herein by the Contractor.

9.2 The Contractor shall reimburse the City and the Engineer for all costs and expenses (including but not limited to fees and charges of Engineers, architects, attorneys, and other professionals and court costs) incurred by the City and the Engineer in enforcing the provisions of this indemnification.

9.3 This indemnification obligation shall not be limited in any way by any limitation of

the amount or type of damages, compensation, or benefits payable by or for the Contractor or any Subcontractor or other person or organization under workers' compensation acts, disability benefit acts, or other employee benefit acts, or insurance coverage.

9.4 The Contractor acknowledges receipt and the adequacy of the specific consideration in the amount of \$100.00, which sum was included in the total Bid Price and is included in the Contract Price to be paid by City to the Contractor as consideration for the indemnification given by the Contractor to the City.

9.5 Nothing in this Agreement shall be deemed or treated as a waiver by the City of any immunity to which it is entitled to by law, including but not limited to the City's sovereign immunity set forth in Section 768.28, Florida Statutes.

ARTICLE 10 **TERMINATION**

10.1 TERMINATION OF AGREEMENT BY CITY (CONTRACTOR DEFAULT):

In the event of default by the Contractor, the City shall provide Contractor with 10 Days written notice of City's intent to terminate this Agreement and provide the Contractor an opportunity to remedy the conditions constituting the default. It shall be a default by the Contractor whenever Contractor shall:

- A. Declare bankruptcy, become insolvent, or assign its assets for the benefit of its creditors;
- B. Fail to provide Materials or workmanship meeting the requirements of the Contract Documents;
- C. Disregard or violate provisions of the Contract Documents or Engineer's or City's instructions;
- D. Fail to execute the Work or provide Services on a timely basis or according to the Contract Documents;
- E. Fail to provide a qualified superintendent, competent workmen, or Materials or equipment meeting the requirements of the Contract Documents; or
- F. Fail in any other material way to comply with the requirements of the Contract Documents.

10.1.1 If the Contractor fails to remedy the conditions constituting default within 10 Days from the date of the City's written notice of its intent to terminate this Agreement, the City may then issue a Notice of Termination and terminate this Agreement.

10.1.2 In the event the Agreement is terminated for Contractor's default, the City may take possession of the Work and may complete the Work by whatever method or means the City may select. The cost of completing the Work shall be deducted from the balance which would have been due the Contractor had the Agreement not been terminated and the Work completed in accordance with the Contract Documents. If such cost exceeds the balance which would have been due, the Contractor shall promptly pay the excess amount to the City. If such cost is less than the balance which would have

been due, the Contractor shall have no claim to the difference and waives any such balance by virtue of the default. In the event it is adjudicated that Contractor was not in default, the Contract shall be deemed to have been terminated for convenience as described below.

10.2 TERMINATION OF AGREEMENT BY CITY (FOR CONVENIENCE):

The City may terminate this Agreement at any time if it is in the City's interest to do so. The City shall provide 10 days' notice in the event that it exercises this provision. In such a case, the Contractor shall have no claims against the City except: (1) for the value of Work performed up to the date the Agreement is terminated; and (2) for the cost of Materials and equipment on hand, in transit, or on definite commitment, as of the date this Agreement is terminated and that would be needed in the Work and that meets the requirements of the Contract Documents.

ARTICLE 11 DEFAULT

11.1 An event of default shall mean a breach of this Agreement by Contractor. Without limiting the generality of the foregoing and in addition to those instances referred to as a breach, an event of default shall include the following:

- A. Contractor has not performed Services on a timely basis as set forth in the Project Schedule to be delivered to and accepted by the City prior to commencement of work;
- B. Contractor has refused or failed, except in the case for which an extension of time is provided, to supply enough properly skilled staff personnel;
- C. Contractor has failed to make prompt payment to Subconsultants or Suppliers (if any) for any Services;
- D. Contractor has become insolvent or has assigned the proceeds received for the benefit of Contractor's creditors, or Contractor has taken advantage of any insolvency statute or debtor/creditor law or, if Contractor's affairs have been put in the hands of a receiver;
- E. Contractor has failed to obtain the approval of City where required by this Agreement;
- F. Contractor has failed in the honoring of any warranties; or
- G. Contractor has refused or failed, except in the case for which an extension of time is provided, to provide the Services as defined in this Agreement.

11.2 In the event Contractor fails to comply with the provisions of this Agreement, City may declare Contractor in default, notify Contractor in writing, and give Contractor 15 calendar Days to cure the default. If Contractor fails to cure the default, compensation will

only be due for any completed professional Services, minus any damages pursuant to Article 10.2. In the event payment has been made for such professional Services not completed, Contractor shall return these sums to City within ten (10) days after notice that these sums are due. Nothing in this Section shall limit City's right to terminate, at any time, pursuant to Article 10 above, and its right for damages under Article 11.2.

11.3 In the event of Default, Contractor shall be liable for all damages resulting from the default, including but not limited to:

- A. Lost funding, and
- B. The difference between the cost associated with procuring services and the amount actually expended by City, including procurement and administrative costs.

11.4 City may take advantage of each and every remedy specifically existing at law or in equity. Each and every remedy shall be in addition to every other remedy specifically given or otherwise existing and may be exercised from time to time as often and in such order as may be deemed expedient by City. The exercise or the beginning of the exercise of one remedy shall not be deemed to be a waiver of the right to exercise any other remedy. City's rights and remedies as set forth in this Agreement are not exclusive and are in addition to any other rights and remedies available to City at Law or in equity.

ARTICLE 12

DELIVERY OF MATERIALS

12.1 Upon receipt of notice of termination under Articles 10 or 11 above, Contractor shall immediately deliver to City all Materials held or used by Contractor in connection with the Services except those Materials, if any, owned by Contractor or supplied by Contractor at Contractor's own cost. If, at the time of termination further sums are due Contractor, Contractor shall not be entitled to sums until all Materials required to be delivered to the City are delivered in electronic format, including any additional format of delivery of Materials requested by the City.

12.2 Upon receipt of notice of termination for any reason, Contractor shall promptly cease all Services, except for additional Services that the City may, in its discretion, request Contractor to perform. Contractor shall perform additional Services with the standard of care as stated in Article 4 above.

ARTICLE 13

CONTRACT DOCUMENTS

13.1 The Contract Documents which comprise the entire agreement between City and Contractor concerning the Work consist of this Agreement, including amendments hereto and the following:

- All Change Orders (if any) which may be delivered or issued after

- the Effective Date of this Agreement;
- All Addenda;
- Contractor's Bid;
- Solicitation, General Provisions;
- General Conditions;
- Technical Specifications;
- Referenced Standard Specifications; and
- Drawings.

13.2 There are no Contract Documents other than those listed herein. The Contract Documents may only be amended by written Change Order (if any) as provided in the General Conditions. In the event of any conflict between this Agreement and any other of the Contract Documents, this Agreement and amendments shall govern first and then the other Contract Documents in the order listed above.

ARTICLE 14 ASSIGNMENT

No assignment by the Contractor of any rights or obligations hereunder or interests in the Contract Documents will be binding on the City without the written consent of the City, which may be withheld for any reason, in the City's sole discretion.

ARTICLE 15 APPLICABLE LAW; ACCIDENT PREVENTION AND REGULATIONS

Contractor shall comply with all applicable Laws and Regulations at all times. Precautions shall be exercised at all times for the protection of persons and property. The Contractor and all Subcontractors shall conform to all OSHA, federal, state, county and City Regulations while performing under the terms and conditions of this Agreement. Any fines levied by the above-mentioned authorities because of inadequacies to comply with these requirements shall be borne solely by the Contractor.

ARTICLE 16 AUDIT AND INSPECTION RIGHTS

16.1 The City may, at reasonable times and for a period of up to three years following the date of Final Completion, audit, or cause to be audited, those books and records of Contractor that are related to Contractor's performance under this Agreement. Contractor agrees to maintain all such books and records at its principal place of business for a period of three years after final payment is made under this Agreement.

16.2 The City may, at reasonable times during the term hereof, inspect Contractor's facilities and perform such inspections as the City deems reasonably necessary to determine whether the Services required to be provided by Contractor under this Agreement conform to the terms hereof and/or the terms of this Agreement. Contractor shall make available to the City all reasonable facilities and assistance to facilitate the performance of inspections by the City's representatives. All inspections shall be subject to, and made in accordance with, all applicable Laws, including but not

limited to the provisions of the City Code and the Code of Broward County, Florida, as same may be amended or supplemented from time to time.

16.3 The City may, as deemed necessary, require from the Contractor support and/or documentation for any submission. Upon execution of the Agreement, the Contractor agrees that the City shall have unrestricted access during normal working hours to all Contractor's records relating to this Project, including hard copy as well as electronic records, for a period of three years after Final Completion.

ARTICLE 17 **NON-SOLICITATION**

Contractor represents and warrants to the City that it has not employed or retained any person or company employed by the City to solicit or secure this Agreement and that it has not offered to pay, paid, or agreed to pay any person any fee, commission, percentage, brokerage fee, or gift of any kind contingent upon or in connection with, the award or making of this Agreement. For the breach or violation of this provision, the City shall have the right to terminate the Agreement without liability at its discretion, to deduct from the Contract Price, or otherwise recover the full amount of such fee, commission, percentage, gift or consideration.

ARTICLE 18 **PUBLIC RECORDS**

18.1 The Contractor shall comply with The Florida Public Records Act as follows:

- A. Keep and maintain public records in the Contractor's possession or control in connection with the Contractor's performance under this Agreement, that ordinarily and necessarily would be required by the City in order to perform the service.
- B. Upon request by the City's records custodian, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement, and following completion of this Agreement until the records are transferred to the City.
- D. Upon completion of this Agreement or in the event of termination of this Agreement by either party, any and all public records relating to this Agreement in the possession of the Contractor shall be delivered by the Contractor to the City, at no cost to the City, within seven (7) days. All records stored electronically by the Contractor shall be delivered to the City in a format that is compatible with the City's information technology systems. Once the public records have been delivered to City upon completion or termination of this Agreement, the Contractor shall destroy any and all duplicate public records that are exempt or confidential and exempt from public record disclosure requirements.

- E. The Contractor's failure or refusal to comply with the provisions of this Section shall result in the immediate termination of this Agreement by the City.
- F. Ownership of Documents: Unless otherwise provided by law, any and all reports, surveys, and other data and documents provided or created in connection with this Agreement are and shall remain the property of the City. Any compensation due to the Contractor shall be withheld until all documents are received as provided herein.
- G. **IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-602-3011, dagibbs@miramarfl.gov OR BY MAIL: City Of Miramar – City Clerk's Office, 2300 Civic Center Place, Miramar, FL 33025.**

ARTICLE 19

COMPLIANCE WITH FEDERAL, STATE AND LOCAL LAWS

19.1 Contractor understands that agreements between private entities and local governments are subject to certain Laws and Regulations, including, by example and not limited to, Laws pertaining to public records, conflict of interest, and record keeping. Contractor agrees to comply with and observe all applicable Laws, codes and ordinance as they may be amended from time to time.

19.2 The Contractor agrees that it shall not make any statements, press releases or publicity releases concerning this Agreement or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with this Agreement, or any particulars thereof, during the period of the Agreement, without first notifying the City and securing prior written consent, unless and except otherwise required by Law. The Contractor also agrees that it shall not publish, copyright or patent any of the data developed under this Agreement, it being understood that such data or information are works made for hire and the property of the City.

19.3 The knowing employment by Contractor or its Subcontractors or Subconsultants of any alien not authorized to work by the immigration Laws or the Attorney General of the United States is prohibited and shall be a default of this Agreement.

ARTICLE 20

CERTIFICATE OF COMPETENCY

Contractor shall, at the time of executing this Agreement, hold a valid certificate of competency or applicable license for providing the Services, if applicable, issued by the federal, state, or county examining board qualifying the Contractor to perform the Work. If a Subcontractor(s) or Subconsultant(s) is employed, an applicable certificate of competency or license issued to the Subcontractor(s) or Subconsultant(s) shall be submitted along with Contractor's certificate or license upon execution of this Agreement; provided, however, that the City may, at its sole option, upon written approval to Contractor, and in its best interest, allow Contractor to supply the certificate(s) to the City

during the first week of Work or Services.

ARTICLE 21

INSURANCE

21.1 Contractor shall maintain the following required types and minimum limits of insurance coverage during the term of the Agreement. The Contractor shall furnish the City's Risk Manager, at 2300 Civic Center Place, Miramar, Florida 33025, with certificates of insurance and all required endorsements indicating that insurance coverage has been obtained and meets the requirements below:

A. Comprehensive General Liability Insurance on a comprehensive basis in an amount not less than \$1,000,000 per occurrence. The City **must** be shown as an additional insured and with waiver of subrogation in its favor on both endorsements.

B. Automobile Liability Insurance covering all owned, non-owned, and hired vehicles used in connection with the Work, in an amount not less than \$1,000,000 per occurrence. Coverage shall stipulate that it is primary over any insurance or self-insurance program available to the City, (if applicable).

C. Workers' Compensation Insurance for all employees of the Vendor as required by Florida Statute Chapter 440, and Employer's Liability limits of not less than \$500,000 per accident.

D. The insurance coverage required shall include those classifications, as listed in the standard liability insurance manuals, which most nearly reflect the operations of the Contractor.

E. All insurance policies required above shall be issued by companies authorized to do business under the laws of the State of Florida, with the following qualifications:

i. The company must be rated no less than "A" as a management, and no less than "Class VII" as to financial strength, by the latest edition of Best's Key Rating Guide.

21.2 This Agreement shall not be deemed approved until the Contractor has obtained all insurance requirements under this section and has supplied the City with evidence of such coverage in the form of a Certificate of Insurance and endorsement. The City shall be named as the certificate holder and an additional insured on all certificates. All liability insurance policies shall have endorsements adding the City of Miramar as an additional insured, a waiver of subrogation in favor of the City and a separate endorsement for automobile liability. Insurance shall be maintained continuously during the term of the Contract up to the date of Final Completion, but the Contractor's liabilities under this Agreement shall not be deemed limited in any way to the insurance coverage required.

21.3 Insurance shall be maintained continuously during the term of the Contract up to the date of Final Completion, but the Contractor's liabilities under this Agreement shall not be deemed limited in any way to the insurance coverage required. All policies of insurance so required to be purchased and maintained shall contain a provision of endorsement that the coverage afforded shall not be cancelled, materially changed or

renewal refused until at least 30 calendar days' written notice has been given to the City by certified mail.

ARTICLE 22

INDEPENDENT CONTRACTOR

Contractor has been procured and is being engaged to provide Services to the City as an independent contractor, and not as an agent or employee of the City. The Contractor will be responsible for planning all the work without the assistance of City staff. Accordingly, Contractor shall not attain nor be entitled to any rights or benefits of the City, nor any rights generally afforded, classified or unclassified, employees of the City. Contractor further understands that Florida Workers' Compensation benefits available to employees of the City are not available to Contractor, and agrees to provide workers' compensation insurance for any employee or agent of Contractor rendering Services to the City under this Agreement.

ARTICLE 23

REAFFIRMATION OF REPRESENTATIONS

Contractor reaffirms all of the representations contained in the Solicitation documents and previously made in all Contract Documents.

ARTICLE 24

COSTS AND ATTORNEY FEES

If either City or Contractor is required to enforce the terms of this Agreement by court proceedings or otherwise, whether or not formal legal action is required, the prevailing party shall be entitled to recover from the other party all such costs and expenses, including but not limited to court costs and reasonable attorney's fees.

ARTICLE 25

COUNTERPARTS

This Agreement may be executed in two or more counterparts, each of which shall constitute an original but all of which, when taken together, shall constitute one and the same Agreement.

ARTICLE 26

WAIVER

The waiver by either party of any failure on the part of the other party to perform in accordance with any of the terms or conditions of this Agreement shall not be construed as a waiver of any future or continuing similar or dissimilar failure. No waiver shall be effective unless made in writing.

ARTICLE 27

BINDING AUTHORITY

Each person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all

provisions contained in this Agreement. This Agreement shall be binding upon the parties hereto, their heirs, executors, legal representatives, successors, or assigns.

ARTICLE 28 NOTICES

All notices or other communications required under this Agreement shall be in writing and shall be given by Electronic Mail Transmittal, hand-delivery or by registered or certified U.S. Mail, return receipt requested, addressed to the other party at the address indicated herein or to such other address as a party may designate by notice given as herein provided. Notice shall be deemed given on the day on which personally delivered, or, if by mail, on the fifth day after being posted or the date of actual receipt, whichever is earlier.

ARTICLE 29

CITY'S OWN FORCES

29.1 The City reserves the right to perform operations related to the Project with the City's own forces, and to award contracts in connection with the Project which are not part of the Contractor's responsibilities under this Agreement.

29.2 The City will have the right to inspect and conduct periodic inspections of the Work and/or Materials to determine compliance with the requirements of the Contract. Any Work and/or Materials rejected by the City for non-compliance shall be replaced and/or corrected at the Contractor's expense. Failure to reject Defective Work and/or Materials, whether from lack of discovery of such defect or for any other reason, will not

relieve the Contractor from responsibility to complete the Work in full compliance with all Contract requirements and shall in no way prevent later rejection of such Defective Work when discovered.

ARTICLE 30

LIMITATION OF LIABILITY

30.1 The City desires to enter into this Agreement only if in so doing the City can place a limit on City's liability for any cause of action for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the fee paid to Contractor herein, less any sums paid by the City. Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract to be limited to a maximum fee paid to Contractor herein, less any sums paid by the City.

30.2 Accordingly, and notwithstanding any other term or condition of this Agreement, Contractor agrees that the City shall not be liable to Contractor for damages in an amount in excess of the fee paid to the Contractor herein, less any sums paid by the City, for any action or claim for breach of contract arising out of the performance or non-performance of any obligations imposed upon the City by this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon the City's liability as set forth in Section 768.28, Florida Statutes.

30.3 In no event shall either party be liable for any indirect, incidental, special, or consequential damages, including, without limitation, loss of profits, revenue, or use incurred by either party or any third party, whether in an action in contract or tort, even if the other party or any other person has been advised of the possibility of such damages.

ARTICLE 31

THIRD PARTY BENEFICIARY

It is specifically agreed to between the City and Contractor executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement.

ARTICLE 32

WARRANTY AND GUARANTEE

Contractor warrants and guarantees that at the conclusion of the Project, a written certificate to the City will be provided stating that all Work has been performed in accordance with the General Conditions. A written warranty will be given to the City against the occurrence of defective Materials and workmanship for a period of one year after acceptance of the Project by the City. At the expiration of the one-year warranty period, Contractor will formally assign to the City all extended and special warranties given by Subcontractor or Subconsultant, manufacturers or Suppliers for their Work or products on the Project and formally notify Subcontractor or Subconsultant and Suppliers of the assignments.

ARTICLE 33

HEADINGS AND INTERPRETATION

Title and paragraph headings are for convenient reference and are not a part of this Agreement. Contractor has been given an opportunity for counsel of its choice to review this Agreement. Accordingly, no party shall be deemed to have any benefit as the drafter of the document for interpretation purposes.

ARTICLE 34

SEVERABILITY

34.1 Should any provision, paragraph, sentence, word or phrase contained in this Agreement be determined by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable under any applicable Law, such provision, paragraph, sentence, word or phrase shall be deemed modified to the extent necessary in order to conform with such Laws, or if not modifiable, then same shall be deemed severable, and in either event, the remaining terms and provisions of this Agreement shall remain unmodified and in full force and effect for limitation of its use.

34.2 City and Contractor each binds itself, its partners, successors, assign and legal representatives to the other party hereto, its partners, successors, assign and legal representatives in respect of all covenants, agreements and obligations contained in this Agreement and in all the Contract Documents.

ARTICLE 35

SCRUTINIZED COMPANIES

35.1 Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor or its subcontractors are found to have submitted a false certification; or if the Contractor, or its subcontractors are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.

35.2 If this Agreement is for more than one million dollars, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor, its affiliates, or its subcontractors are found to have submitted a false certification; or if the Contractor, its affiliates, or its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

35.3 The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

35.4 As provided in Subsection 287.135(8), F.S., if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

ARTICLE 36

CONFLICT-OF-INTEREST

36.1 To avoid any conflicts of interest, or any appearance thereof, Contractor, for the term of this Agreement, agrees that it will not represent any private sector entities (including but not limited to developers, corporations, real estate investors, etc.) in Miramar, Florida, without notifying the City of the services to be performed. If after such notification the City reasonably determines that a material conflict exists, Contractor will not perform such conflicting Work. The conditions and requirements of this paragraph will also apply to any Subconsultants utilized by Contractor in completion of the Work tasks under this Agreement.

36.2 Furthermore, Contractor covenants that no person under its employ who presently exercises any functions or responsibilities on behalf of the City in connection with this Agreement has any personal financial interest, direct or indirect, with contractors or vendors providing professional services on projects assigned to Contractor, except as fully disclosed and approved by the City. Contractor further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed. Any such interest on the part of Contractor or its employees must be disclosed in writing to the City.

ARTICLE 37

NONDISCRIMINATION

Contractor represents and warrants to the City that Contractor does not and shall not engage in discriminatory practices and that there shall be no discrimination in connection with Contractor's performance under this Agreement on account of sex, race, color, ethnic or national origin, religion, marital status, disability, genetic information, age, political beliefs, sexual orientation, gender, gender identification, social and family background, linguistic preference, pregnancy, and any other legally prohibited basis, or any other factor which cannot be lawfully used as a basis for Service delivery. Contractor further covenants that no otherwise qualified individual shall, solely by reason of his/her sex, race, color, ethnic or national origin, religion, marital status, disability, genetic information, age, political beliefs, sexual orientation, gender, gender identification, social and family background, linguistic preference, pregnancy, and any other legally prohibited basis, or any other factor which cannot be lawfully used as a basis for Service delivery, be excluded from participation in, be denied any Services, or be subject to discrimination under any provision of the General Conditions.

ARTICLE 38
VENUE AND JURISDICTION

This Agreement shall be construed and enforced according to the Laws of the State of Florida. The parties submit to the jurisdiction of any Florida state or federal court in any action or proceeding arising out of or relating to this Agreement. Venue for any action arising out of this Agreement shall be in Broward County, Florida.

ARTICLE 39
SURVIVAL OF PROVISIONS

Any terms or conditions of this Agreement that require acts beyond the date of its termination shall survive the termination of this Agreement, shall remain in full force and effect unless and until the terms or conditions are completed, and shall be fully enforceable by either party.

ARTICLE 40
E-VERIFY PROGRAM

In accordance with Florida Statutes §448.095, the Contractor, prior to commencement of services or payment by the City, will provide to the City proof of participation/enrollment in the E-Verify system of the Department of Homeland Security. Evidence of participation/enrollment will be a printout of the Company's "Company Profile" page from the E-Verify system. Failure to be continually enrolled and participating in the E-Verify program will be a breach of contract which will be grounds for immediate termination of the contract by the City. The Contractor will not hire any employee who has not been vetted through E-Verify. The Contractor may not subcontract any work for the City to any subcontractor that has not provided an affidavit stating that the subcontractor does not employ, contract with or subcontract with an unauthorized alien."

ARTICLE 41
PARTICIPATION PLAN

Contractor agrees to the City's minimum goal requirement of 15% of the Services to be performed by a CBE / SBE / Local vendor. Contractor agrees to make a good faith effort at recruiting such vendors to complete the Services and shall also submit a Proposed Subconsultants list showing anticipated Approved Vendors.

[REMAINDER INTENTIONALLY LEFT BLANK]

ARTICLE 42
ENTIRE AGREEMENT

The Contract Documents constitute the sole and entire agreement of the parties relating to the subject matter hereof and correctly set forth the rights, duties, and obligations of each to the other as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth therein, are of no force or effect. No modification or amendment thereto shall be valid unless in writing and executed by properly authorized representatives of the parties herein.

IN WITNESS WHEREOF, the parties have set their hands and seals the day and year first above written.

FAILURE TO COMPLETE, SIGN AND RETURN THIS FORM MAY DEEM YOUR BID NON-RESPONSIVE

BID TO: The City of Miramar
2300 Civic Center Place
Miramar, Florida 33025
City Clerk's Office

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into a Contract with the City in the form included in this City of Miramar, **IFB-No. 26-010** to perform the Work as specified or indicated in the Solicitation entitled: **"CITY OF MIRAMAR, WEST WATER TREATMENT PLANT CAPACITY EXPANSION AND UPGRADES - OFFSITE PIPELINE."**

2. Bidder accepts all of the terms and conditions of the Solicitation and Contract Documents, including without limitation those in the Notice Inviting Bids and Instructions to Bidders dealing with the disposition of the Bid Security. The contact person for this Bid is Brenda Martin, who can be reached at: bamartin@miramarfl.gov

3. This Bid will remain open for the period stated in the "Notice Inviting Bids", unless otherwise required by Law. Bidder will enter into a Contract within the time and in the manner required in the "Notice Inviting Bids" and the "Instructions to Bidders", and will furnish the insurance certificates and endorsements, Payment Bond and Performance Bond required by the Solicitation and Contract Documents prior to Bid Award and within the time frame indicated by the City.

4. Bidder has examined copies of all the Solicitation Documents, including acknowledging all addenda.

5. Bidder has familiarized itself with the nature and extent of the Solicitation and Contract Documents; Work, site, and locality where the Work is to be performed; applicable Laws and Regulations; and the conditions affecting cost, progress or performance of the Work, and has made such independent investigations as Bidder deems necessary.

6. This Bid is genuine and not made in the interest of or on behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization, or corporation; Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; Bidder has not solicited or induced any person, firm or corporation to refrain from bidding; and Bidder has not sought by collusion to obtain for itself any advantage over any other Bidder or over the City.

To all the foregoing, and including all Bid Schedule(s) and information required of Bidder contained in this Bid Form, Bidder further agrees to complete the Work required under the Solicitation and Contract Documents within the Contract Time stipulated in the Solicitation and Contract Documents, and to accept in full payment therefore the Contract Price based on the Total Bid Price(s) named in the aforementioned Bidding Schedule(s).

All representations made by Bidder in this Bid are made under penalty of perjury.

NAMED EQUIPMENT / MATERIAL SUPPLIER LIST:

The Contract Documents are based upon the equipment or products available from the Suppliers listed below. Provisions are made in the Contract Documents for alternate Suppliers in certain instances whose equipment or products may be deemed equivalent in quality. However, the Bidder must indicate in its Bid which named Supplier the Bidder intends to use (in the event an alternate is not accepted) for each item of Equipment/Material listed on this form by circling one of the listed Suppliers below for each type of Equipment/Material noted. Should a Bidder fail to circle a named item in any category, it agrees to furnish the first Supplier listed (denoted by the letter "A"). Should a Bidder circle more than one named item in any category, it agrees to furnish the first circled Supplier.

In addition, where noted on the list, the Bidder must provide a price for the Equipment/Material circled exclusive of installation cost. The value referenced is included in the Total Base Bid Price.

Where "or equal" is specified in this Solicitation, the Bidder may write in the proposed "or equal" Supplier name in the "OR EQUAL" SUPPLIER/MATERIAL SUPPLIER LIST, but it must nevertheless also circle one of the listed Suppliers below.

If the proposed "or equal" Supplier is not accepted by the Engineer, the Bidder must furnish the circled Supplier as noted above.

Equipment/Material Item

Supplier

HDPE, PVC, Valves & Fittings

A. Core Main

B. _____

Concrete Precast

A. All American Precast

B. _____

A. _____

B. _____

END OF DOCUMENT

"OR EQUAL" SUPPLIER / MATERIAL SUPPLIER LIST:

The Bidder proposes the following "or equal" Suppliers for the equipment or Material categories so identified:

Equipment or Material Item	Specification Section	Alternate Supplier (list one only per item)
1. <u>HDPE, PVC, Valves & Fittings</u>	<u></u>	<u>Fortiline</u>
2. <u>Concrete Precast</u>	<u></u>	<u>Landmark Precast</u>
3. <u></u>	<u></u>	<u></u>
4. <u></u>	<u></u>	<u></u>
5. <u></u>	<u></u>	<u></u>

The acceptance of equipment or Materials by the proposed "or equal" Suppliers shall be at the sole discretion of the City based on the SUBSTITUTES OR "OR EQUAL" ITEMS requirements of the General Conditions. Note that only one "or equal" Supplier may be proposed per equipment or Material Item. In the event that the single proposed "or equal" item is not ultimately accepted by the City, the Contractor shall furnish the named equipment/Material per the NAMED EQUIPMENT/MATERIAL SUPPLIER LIST.

PUBLIC ENTITY CRIMES

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(a), FLORIDA STATUTES ON PUBLIC ENTITY CRIMES:

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to City of Miramar
by Guilherme Elias - President
for ITG Communications, LLC
whose business address is 2400 E Commercial Blvd Suite 1000, Fort Lauderdale, FL 33308

and (if applicable) its Federal Employer Identification Number (FEIN) is 46-4108185

(If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement:

2. I understand that a "public entity crime" as defined in Section 287.133(1)(g), Florida Statutes, means a violation of any state or federal Law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 283.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133(1)(a), Florida Statutes means:
- a. A predecessor or successor of a person convicted of a public entity crime; or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate"

includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bids on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement (Indicate which statement applies).

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

TRENCH SAFETY ACT COMPLIANCE STATEMENT

Project Name: **CITY OF MIRAMAR WEST WATER TREATMENT PLANT CAPACITY
EXPANSION AND UPGRADES - OFFSITE PIPELINE**

Project Number: **IFB-No. 26-010**

Project Location: Country Club Ranches (SW 136 Avenue from Old Miramar Parkway to Blue Gill road), Miramar, Florida 33027.

Instructions:

Chapter 90-96 of the Laws of Florida requires all contractors engaged by the City of Miramar, Florida to comply with Occupational Safety and Health Administration Standard 29 C.F.R. s. 1926.650, Subpart P. All prospective contractors are required to sign the compliance statement and provide compliance cost information where indicated below. The costs for complying with the Trench Safety Act must be incorporated into this Project's base Bid as shown on page 1 of this document.

Certify this form in the presence of a notary public or other officer authorized to administer oaths.

CERTIFICATION

1. I understand that Chapter 90-96 of the Laws of Florida (The Trench Safety Act) requires me to comply with OSHA Standard, Standard 29 C.F.R. s. 1926.650, Subpart P. I will comply with the Trench Safety Act, and I will design and provide safety systems at all trench excavations in excess of five feet in depth for this Project.
2. The estimated cost imposed by compliance with the Trench Safety Act will be:

Fifteen Thousand		Dollars \$	\$15,000.00
_____			_____
(Written)			(Figures)

3. The amount listed above has been included within the Base Bid as listed on this Proposal Form.

DRUG FREE WORKPLACE (Tie Bid Form)
FLORIDA STATE STATUTE SECTION 287.087

Identical Tie Bids: Preference shall be given to business with drug-free workplace programs. Whenever two or more bids are equal with respect to price, quality and services, and are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under Bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under Bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through the implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

ITG COMMUNICATIONS, LLC

ITG Communications, LLC

2400 E Commercial Blvd Fort Lauderdale, FL 33308
itgcomm.com

COMPANY OVERVIEW

ITG Communications is a reputable construction company specializing in underground infrastructure across multiple industries, including fiber optic cable, electrical, water, and sewer systems. With a proven track record of delivering complex infrastructure projects, ITG has built a strong reputation as a reliable partner for both private and public sector clients.

Founded in 2011, ITG Communication combines over a decade of comprehensive experience across roadway maintenance, heavy civil construction, and underground infrastructure. Our seasoned team brings deep expertise and a proven record of excellence, positioning us as a respected and reliable partner for prime contractors and municipalities throughout Florida. We are committed to delivering trenchless solutions with unmatched quality, precision, and integrity.

Our top priority is client satisfaction, which means we remain fully attentive to your needs, budget, and schedule. At ITG Communications, we treat every project with the focus and care it deserves. If it matters to you, it matters to us —because we are invested in your success.

192+ U.S. LOCATIONS

10,000+ WORKFORCE

20+ YEARS OF PROVEN RELATIONSHIPS

Backed by decades of combined experience in construction management, telecommunications, and civil engineering, our leadership team ensures every project is executed with precision, safety, and efficiency.

We have the capacity to **bond projects up to \$100 million**, reflecting our strong financial standing and ability to manage large-scale, high-value infrastructure projects with confidence.

We are a trusted leader in underground utility construction, emergency response, and infrastructure development, delivering safe, efficient, and reliable solutions across Florida and the U.S.

Communication Utility Development

Turnkey solutions for building, maintaining, and instantly repairing communication networks, ensuring maximum efficiency and uninterrupted service.

Civil Water and Sewer Development

Comprehensive development of municipal water mains, stormwater management systems, and septic tank conversions, along with repair and maintenance services.

Power Infrastructure Development

End-to-end services to construct, manage, and promptly repair essential electrical utilities, minimizing downtime and ensuring uninterrupted operations.

Traffic Management

Advanced FDOT-certified MOT services for engineering plans and maintaining critical traffic safety at project sites.

Asphalt / Concrete Work

Full-service roadway improvement solutions for both public and private properties, enhancing infrastructure and driving accessibility.

Site Development

Transforming untouched areas into valuable, usable spaces for both private and public clients, fostering sustainable growth and development.

Drafting Services – We provide precise construction drawings for communication utilities and comprehensive Maintenance of Traffic (MOT) plans, ensuring seamless execution of every project.

Permitting Services – Our team handles the entire permitting process, securing necessary approvals from local municipalities, the U.S. Army Corps of Engineers, the Florida Department of Environmental Protection (FDEP), and other relevant agencies. We also specialize in obtaining special permits, including those for noise mitigation and traffic management.

UNDERGROUND DIVISION

As a leader in the underground construction industry, ITG Communications sets the standard for designing, building, and maintaining power, water, sewer, and telecommunication infrastructure with integrity and excellence. Our Underground Division is powered by a talented team of engineers, operators, journeymen, and administrative support professionals who bring unmatched expertise and dedication to every project.

Our capabilities are enhanced by owning and operating our own directional drilling rigs, allowing us to install infrastructure ranging from 2" conduit to 48" pipe with precision and efficiency. We have both ISP (Inside Plant) and OSP (Outside Plant) crews to handle any job, including fiber pulling and splicing ensuring seamless execution across all project stages. As an All-in-One, In-House Restoration provider, we handle complete restoration, from sod to concrete and asphalt, eliminating the need for external subcontractors. Additionally, we provide our clients with comprehensive closeout packages, which include bore logs, redlines, and detailed photos to ensure transparency and accountability on every project.

For water and sewer infrastructure projects, we are equipped with our own fusing equipment, enabling us to perform tie-ins and valve installations effectively.

With an expanding fleet, continuous investment in new locations and services, and a highly skilled workforce in both the field and office, ITG Communications understands that underground infrastructure demands a level of precision and care that few can achieve.

At ITG Communications, we recognize the critical role our work plays in today's power- and information-driven world. We are committed to delivering solutions that are safe, efficient, reliable, and consistently exceed your expectations.

SERVICES WE PROVIDE:

- Design and Permitting
- GPR (Ground Penetrating Radar) Services
- Horizontal Directional Drilling
- Trenching and Restoration
- Water and Sewer Infrastructure Installation
- Splicing Services
- Complete Project Closeout Packages
- 24/7 On-Call Emergency Repairs

ITG Communications: Your All-in-One Underground Infrastructure Partner

ITG Communications offers turn-key solutions for underground infrastructure, covering every phase from design to restoration. With expertise in fiber optics, electrical/ITS, and water/sewer systems, our skilled team and advanced equipment ensure precision and quality. From directional drilling to splicing and restoration, ITG is your trusted partner for all underground projects.

WATER & SEWER INFRASTRUCTURE SERVICES

ITG Communications brings decades of experience to the water and sewer sector, with a track record of successfully managing complex water and sewer infrastructure projects. Our skilled team specializes in underground utility installation and restoration, with a particular emphasis on water mains, sewer lines, and stormwater systems.

Using the latest technologies and equipment, including our own fusing equipment for tie-ins and valve installations, we complete projects with exceptional precision. We work closely with municipalities and private entities to ensure the delivery of high-quality, long-lasting water and sewer systems.

Our services in the water and sewer sectors include:

- **Design & Engineering:** Custom design solutions for water and sewer systems that meet regulatory standards.
- **Installation:** Precise installation of water mains, sewer lines, and stormwater infrastructure.
- **Restoration:** Complete surface restoration, from sod to concrete and asphalt, to leave the site looking as good as new.

ELECTRICAL & ITS INFRASTRUCTURE SERVICES

ITG Communications has built a solid foundation in the electrical and Intelligent Transportation Systems (ITS) sectors. With a team of experienced engineers and operators, we deliver state-of-the-art solutions for electrical distribution, ITS, and communication networks.

From designing and installing power distribution systems to ensuring the safe and efficient operation of ITS infrastructure, our commitment to excellence is unwavering. Our expertise ensures that all electrical projects, whether public or private, are completed on time and within budget.

Our services in the electrical and ITS sectors include:

- **Design & Engineering:** Tailored designs for each project, including power distribution, traffic control systems, and street lighting.
- **Installation & Maintenance:** Full installation and ongoing maintenance services, ensuring optimal performance.
- **Restoration:** Full restoration of roadways and landscapes affected by construction.

SPLICING & FIBER OPTICS INFRASTRUCTURE SERVICES

At ITG Communications, we provide comprehensive, turn-key solutions for fiber optic service providers, taking pride in our expertise across all facets of fiber optic infrastructure. With the addition of a specialized Splicing Crew, we continue to raise the bar in delivering high-quality fiber optic services for both Inside Plant (ISP) and Outside Plant (OSP) projects.

Our Fiber Optic division is committed to providing end-to-end solutions that cover Design, Installation, Restoration, and Splicing. Whether it's a new fiber optic network or the restoration of an existing one, ITG ensures seamless execution at every project stage with precision, efficiency, and expertise.

As part of our underground division, our Fiber Optic team offers:

- **Design:** Custom designs tailored to each project, ensuring that we meet your specific requirements.
- **Installation:** Expert installation services, whether it's conduit, cable pulling, or fiber optic splicing.
- **Restoration:** Complete restoration of the ground, including sod, concrete, and asphalt, ensuring the landscape is fully restored to its original condition.
- **Splicing:** Our specialized splicing crew brings years of experience to handle the most complex splicing tasks, ensuring a high-quality, reliable fiber connection.

Our fiber optic services are backed by advanced equipment, including our own directional drilling rigs, allowing for the efficient installation of infrastructure ranging from small conduits to large pipes. We also provide comprehensive closeout packages that include bore logs, redlines, and detailed photos for transparency and accountability.

CIVIL DIVISION

With extensive experience in civil infrastructure, ITG Communications is dedicated to planning, designing, executing, and completing your project—no matter the scope. Our highly experienced team brings years of expertise to a wide range of projects, including:

- Building Development
- Full Site Development
- Sewer and Drainage Systems
- Water Main, Pump Station, and Force Main Installation
- Maintenance, Restoration, and Aesthetic Enhancements

Our capabilities are further enhanced by our ownership of a full fleet of equipment, including excavators, loaders, compactors, and rollers, allowing us to efficiently handle all aspects of your project. This in-house capability ensures streamlined operations, timely delivery, and cost-effective solutions.

We take great pride in knowing that our dependable and energetic team ensures every project is completed on time, within budget, and with exceptional workmanship. At ITG Communications, we never compromise on quality because your success is at the heart of everything we do.

SERVICES WE PROVIDE:

- Drainage and Catch Basin Installation
- Water Main, Pump Station, and Force Main Installation
- Force main Sewer Installation
- Vacuum Truck Services
- Concrete Restoration
- FDOT Road Construction

OUR APPROACH TO QUALITY

At ITG Communications, Inc., our commitment to quality is unmatched. Every site is equipped with the proper workforce and supervision to ensure seamless project execution. Our team works closely with clients to ensure that project plans align with their goals and vision. Each task is managed with precision and control, delivering excellence—every time.

OUR COMMITMENT TO SAFETY AND SUSTAINABILITY

At ITG Communications, safety is at the heart of everything we do. We strictly follow industry best practices and maintain certifications to ensure the well-being of our team, clients, and environment. Our sustainable practices minimize our environmental impact while delivering top-quality results.

We raise industry standards through:

Zero-tolerance drug testing

An advanced fall-protection program developed with leading insurance partners

Ongoing training and education to equip employees and subcontractors with the knowledge and tools to enhance safety, reduce risks, and improve loss control

Our dedication to safety ensures that every project is completed with minimal risks and in the safest environment possible.

WHY OUR TEAM STANDS OUT

- **Certified & Skilled** – Our technicians and operators hold industry-recognized certifications across utility installation, trenching, bonding, and emergency operations.
- **Rapid Deployment** – Dedicated emergency response teams and experienced logistics personnel allow us to respond quickly to urgent site conditions and client needs.
- **Comprehensive Capabilities** – From fiber optics and directional drilling to conduit systems and power delivery, our team covers every critical aspect of underground utility work.
- **Leadership-Driven Success** – Our leadership team ensures seamless alignment between field operations, safety compliance, and client objectives—driving performance and accountability at every level.
- **Proven Track Record** – Our crews have consistently delivered under pressure in both planned construction and emergency deployments, earning a reputation for reliability, speed, and quality.
- **Statewide Reach & 24/7 Support** – With in-house mechanics ensuring continuous equipment uptime and crews operating throughout Florida—from Key West to the Panhandle—we maintain a relentless focus on operational readiness and geographic flexibility.

CUTTING-EDGE EQUIPMENT FOR SUPERIOR RESULTS

We invest in advanced technology to ensure precision, efficiency, and safety on every project. Our fleet includes state-of-the-art directional drilling rigs, GPS-guided equipment, and specialized tools that allow us to deliver outstanding results.

HIGHLIGHTED PROJECTS:

WATER MAIN CANAL CROSSING INSTALLATION

SECTION 24, TOWNSHIP 48, RANGE 41
LOCATION MAP

Winfield Canal Crossing
SCALE: 1"=20' HORIZ | 1"=4' VERT

Winfield Boulevard Crossing
SCALE: 1"=20' HORIZ | 1"=4' VERT

PE25-003 Margate Project

Pabon Engineering Project: City of Margate – Winfield Blvd Canal Crossing

Project Overview: Water Main Canal Crossing Installation

Location: City of Margate, FL

Client: Pabon Engineering

This project consisted of the installation of a 12" water main crossing beneath the Winfield Boulevard canal. The work required precision HDD methods to ensure minimal environmental impact and maintain the structural integrity of the canal, showcasing our ability to deliver reliable utility installations in challenging conditions.

HIGHLIGHTED PROJECTS:

SUSTAINABLE WATER & SEWER SYSTEM DEVELOPMENTS

PE24-001 Homestead Project

Murphy Pipelines Project: MH22-001 Homestead 24" Sewer Line
Project Overview: Emergency Repair of Sewer Line at Pump Station 22
Location: City of Homestead, FL
Client: Murphy Pipelines

This project involves the emergency repair of a 24" sewer line over a 5,000-foot stretch, aimed at restoring functionality and ensuring continued service at Pump Station 22. The repair work will be completed within a 6-week duration to minimize disruption

HIGHLIGHTED PROJECTS:

SUSTAINABLE WATER & SEWER SYSTEM DEVELOPMENTS

16" Force Main from SE 12 Street

Project Overview: Force Main Installation and Utility Infrastructure Enhancement
Location: SE 12th Street, Davie, FL
Client: Murphy Pipelines

This project involves the installation of a 16" force main along SE 12th Street, including directional drilling, trenching, and the placement of HDPE conduit. Additional work includes fiber optic cable installation, micro-trenching, and necessary restorations (concrete, asphalt, and landscaping). The project aims to improve the local utility infrastructure and ensure efficient service.

HIGHLIGHTED PROJECTS:

HDD INSTALLATION OF 20" FORCE MAIN

CU25-007 Pinellas Project

Cacique Utilities Project: Pinellas County Force Main Replacement

Project Overview: Replacement of 20" PVC Force Main

Location: Pinellas County, FL

Client: Cacique Utilities

This project involved the installation of **900 LF of 20" PVC force main** at a depth of 27 feet. The large-diameter replacement improved capacity and long-term reliability of the county's sewer infrastructure. Our team successfully executed the deep installation with careful planning to minimize disruption and maintain system operations.

CU25-008 Haines City Project

Cacique Utilities Project: Haines City HDD Installation

Project Overview: HDD Installation of 20" Force Main

Location: Haines City, FL

Client: Cacique Utilities

This project included the **horizontal directional drilling installation of 400 LF of 20" force main at a depth of 23 feet**. The large-diameter HDD installation demonstrated our expertise in trenchless technology, providing a cost-effective and low-impact solution for critical water and wastewater infrastructure.

✅ Collectively, these projects demonstrate our extensive experience with large-diameter water and force main infrastructure, including both open-cut and trenchless (HDD) installations. From deep force main replacements to complex canal crossings, our team has consistently delivered reliable, high-quality solutions that meet the demands of challenging environments while ensuring long-term system performance.

HIGHLIGHTED PROJECTS:

BAL HARBOUR LIFT STATION: BH25-004 – BAL HARBOUR VILLAGE

Project Overview: Construction of Lift Station and Force Main Improvements

Location: Bal Harbour, FL

Client: Bal Harbour Village

The Bal Harbour Lift Station project involves the construction and upgrade of wastewater infrastructure to enhance system reliability and capacity within the village. The scope includes installation of new lift station structures, force main piping, and associated electrical and control systems. Work also encompasses directional drilling, trench excavation, and site restoration, along with the integration of pumps, valves, and telemetry systems for efficient and automated operation.

Additional improvements include bypass pumping coordination, connection to existing utilities, and final surface restoration to return the site to its preconstruction condition. This project supports the community's long-term infrastructure resilience and ensures compliance with environmental and operational standards.

HIGHLIGHTED PROJECTS:

DESIGN & BUILD – CANAL & BRIDGE CROSSING SOLUTIONS

Marco Island Bridge Crossing Design: HWD23-006

Project Overview: Design of Bridge Crossings for Marco Island

Location: Tamiami Trail E-SR90-US41, Collier County Rd 92, San Marco Rd, Marco Island, FL

Client: Hotwire Communications

This project involves the design of bridge crossings along key routes in Marco Island and surrounding areas, including Tamiami Trail, Collier Blvd, and San Marco Rd. The design work will cover several segments, with a focus on the engineering and structural elements required for safe and efficient crossings. Specific deliverables include bridge attachment designs for SR 92 and Collier Blvd, as well as other critical infrastructure elements to ensure seamless transportation flow across the region.

HIGHLIGHTED PROJECTS:

CUTTING-EDGE FIBER OPTIC INFRASTRUCTURE SOLUTIONS

San Marco Rd - CR 92 Project

San Marco Rd - CR 92 Project - Seg_01

San Marco Rd - CR 92 Project - Seg_02

San Marco Rd - CR 92 Project - Seg_03

HIGHLIGHTED PROJECTS:

EXPERT CANAL & BRIDGE CROSSING ENGINEERING SOLUTIONS

Canal Crossing in Collier County: HW25-002

Project Overview: Canal Crossing Infrastructure Installation

Location: Collier Blvd, Marco Island, FL

Client: Hotwire Communications

This project involves the installation of critical infrastructure for Collier Blvd Seg 03, including a canal crossing for utilities. The scope includes directional drilling and trenching for the installation of ducts and messenger strands, as well as the lashing and over-lashing of fiber, copper, or subduct cables. Specialized tasks such as installing ADSS power zones, tree trimming, and cable guard installations will be carried out. The project also includes the placement of ducts and cables in both suburban and canal environments, with a focus on the installation of 1300LF of 4" ducts under the body of water for the canal crossing. Additionally, services such as wireline operations, conduit installation, and the migration of cable slack will ensure a comprehensive upgrade of the utility infrastructure in the area.

HIGHLIGHTED PROJECTS:

CUTTING-EDGE FIBER OPTIC INFRASTRUCTURE SOLUTIONS

Key Largo Project (Ferreira): FC24-0001 0 - Key Largo Project

Ferreira Construction Project: FCC4473 Shaw Rd and Lake St

Project Overview: Telecommunications Infrastructure Installation and maintenance

Location: Shaw Rd and Lake St, Key Largo, FL

Client: Ferreira Construction

This project involves the installation, maintenance, and relocation of telecommunications infrastructure, including the setup of messenger strands, fiber optic and copper cables, ADSS power zones, and conduit systems. The work spans various environments, such as suburban, downtown streetscape, and grass treelawns, and includes directional drilling, micro-trenching, concrete and asphalt restoration, as well as landscape restoration. Specialized tasks such as cable lashing, trenching, and traffic-rated manhole installations will also be performed.

HIGHLIGHTED PROJECTS:

INNOVATIVE ELECTRICAL SYSTEMS & POWER SOLUTIONS

SR 441 and Broward Blvd - Conduit Installation

Project Overview:

Underground conduit installation via directional boring for utility infrastructure.

Location: SR 441 & W Broward Blvd Plantation, FL

Client: ARC Electric

The SR 441 and Broward Blvd Conduit Installation project was completed with a focus on installing underground conduits for future utility use. This involved directional boring to install 1-2", 2-2", and 3-2" conduits across the designated area. The project utilized advanced techniques to ensure minimal surface disruption, facilitating efficient installation of critical infrastructure for telecommunications or electrical systems.

Key Elements:

- Directional Boring & Conduit Installation: Installed 1-2", 2-2", and 3-2" conduits using directional boring techniques.
- Underground Utility Infrastructure: Prepared the site for the installation of future utility lines.
- Minimal Surface Disruption: Utilized advanced boring techniques to reduce impact on roads and landscapes.

HIGHLIGHTED PROJECTS:

7 INDIAN CREEK: SITE, UTILITY & DRAINAGE INSTALLATION

7 Indian Creek: Delivering the Foundation for World-Class Luxury Comprehensive Site Preparation, Water & Sewer Infrastructure, Utility, and Drainage Installations

Location: Indian Creek Village

Client: Coble Builders

A complex, high-capacity utility system was installed, including nearly 1,000 LF of 24" and 18" drainage pipe and over 15 drain basins. Critical service connections involved executing precision HDD bores under the main road for the water tap-in, along with dozens of other storm and water laterals.

This project delivered the complete civil site preparation for the 27,889 SF Indian Creek architectural masterpiece including over 5,000 CY of imported fill for foundational grading for the entire 80,000 SF waterfront estate.

HIGHLIGHTED PROJECTS: COMPREHENSIVE INFRASTRUCTURE SOLUTIONS

Vizcaya Museum: VM24-001 - Vizcaya Museum

Project Overview: Installation of Waterline and Associated Infrastructure

Location: Vizcaya Museum and Gardens, Miami, FL

Client: Vizcaya Museum and Gardens

This project involves the installation and modification of waterlines and telecommunications infrastructure at the Vizcaya Museum and Gardens. Key tasks include directional drilling, trenching, and micro-trenching for duct placement, as well as the installation of fiber cables, conduit systems, and associated utility infrastructure. The scope also includes the transfer, lashing, and delashing of cables, installation of power zone systems, grounding rods, and various utility poles. Additionally, landscaping and concrete/asphalt restoration will be carried out, ensuring the site is restored to its original condition post-installation.

HIGHLIGHTED PROJECTS:

ORANGEBROOK PROJECT: SITE, UTILITY & INFRASTRUCTURE IMPROVEMENTS

Project Overview: Comprehensive Site Preparation, Water & Sewer Infrastructure, Utility, Drainage, and Paving Improvements

Location: Orangebrook, FL

Client: CPI Orangebrook

This project delivers full site preparation and infrastructure improvements to support new clubhouse and pool facilities. Work includes demolition, grading of nearly 30,000 SF, and installation of fencing, barricades, and erosion controls.

Utility upgrades cover new water and sewer mains with services, cleanouts, manholes, and related appurtenances, along with removals, trench restoration, and as-builts. Drainage improvements include catch basins, manholes, baffles, and storm piping.

Paving and grading provide new base, asphalt, curbs, sidewalks, and a bus pad, while change orders addressed exploratory utility work, directional boring, remobilization, and other site adjustments.

OUR INDUSTRY ASSOCIATIONS

As a leading player in our field, we are proud to be actively involved with a number of prestigious industry associations. Our membership in these organizations allows us to stay at the forefront of industry trends, enhance our expertise, and build valuable connections with other professionals. Through these associations, we contribute to shaping the future of our industry and uphold the highest standards of excellence.

Some of the key associations we are members of include:

Latina Builders Association (LBA)

LBA promotes diversity and inclusion in the industry. Our membership provides valuable networking and resources for business growth.

Engineering Contractors Association (ECA)

Representing contractors in public works, ECA advocates for industry standards, safety regulations, and infrastructure development. Our involvement ensures we stay informed on key developments and best practices.

Our involvement with these associations demonstrates our commitment to ongoing professional development, ethical practices, and industry leadership.

ITG Communications, LLC

July 24, 2025

Re: MTX Asset Purchase and Contract Assignment Transaction

To Whom It May Concern:

ITG Communications, LLC (.ITG. or the .Company.) is pleased to confirm that the Company has successfully closed its transaction with MTX Group One, LLC (.MTX.) as of July 23, 2025. Pursuant to the transaction, ITG acquired substantially all of MTX.s assets and MTX assigned its service contracts, lease agreement, and intellectual property rights to ITG. Likewise, ITG assumed the obligations under these agreements on a go forward basis. Although the overall transaction closed on July 23, 2025, the MTX.s assignment of its service contracts occurred on July 19, 2025. Finally, ITG has hired MTX.s employees who provide services under the assigned and assumed service contracts so that customers should not see any gap in service and the transition to the ITG organization should be seamless. ITG has hired Ariel Rodriguez, VP of operations, an executive with MTX, to help lead the transition and growth of the MTX business acquired by, ITG.

ITG looks forward to working with all of MTX.s customers and please do not hesitate to contact me jrivas@itgcomm.com with any questions.

Sincerely,

A handwritten signature in black ink, appearing to be 'JR'.

SUMMARY OF QUALIFICATIONS

Seasoned construction professional with over 20 years of experience leading and managing General Contractor, Civil and infrastructure projects across public and private sectors. Proven track record in preconstruction, estimating, field operations, and contract administration. Progressed from Estimator to Senior Estimator and ultimately Preconstruction Director, demonstrating strong leadership, technical depth, and a commitment to project excellence. Adept at overseeing utility improvements, site development, roadway systems, and large-scale infrastructure, ensuring quality, safety, and cost-effectiveness. Skilled in coordinating multidisciplinary teams, negotiating with subcontractors, and aligning operations with company goals. Deep understanding of budgeting, risk management, regulatory compliance, and strategic planning. Committed to operational efficiency, client satisfaction, and building high-performing teams that deliver results on time and within budget.

PROFESSIONAL EXPERIENCE

ITG Communication (Hallandale Beach, FL)

Ago 2025 – Present

Director of Civil Operations

➤ Chief Estimator / Qualifier

- Directed estimating and business activities related to the Civil Dept.
- Developed and enforced company policies and procedures to improve project delivery efficiency.
- Performed comprehensive material cost analyses to support strategic procurement decisions.
- Consistently met revenue and profit targets in accordance with company budgets and projections.
- Identified and pursued bid opportunities with municipal, state, and federal agencies.
- Prepared accurate preliminary and final estimates for all project scopes.
- Negotiated and administered contracts with clients and subcontractors.

EMERALD CONSTRUCTION CORP

dba NEUCOR CONSTRUCTION (Hallandale Beach, FL)

2021 - 2025

Director of Civil Operations

➤ General and Civil Contractor

- Directed company resources across multiple civil projects, optimizing scheduling and field coordination.
- Reviewed civil plans to determine manpower, equipment, and vendor requirements; developed logistics plans for each work area.
- Negotiated contracts with clients and subcontractors to ensure favorable terms and outcomes.
- Built and maintained client relationships, delivering projects that exceeded expectations.
- Developed and implemented company policies and procedures to standardize field operations.
- Provided leadership to field and project management teams; promoted a culture of safety and quality.
- Ensured full regulatory compliance with federal, state, and local codes.
- Identified value engineering opportunities to reduce costs while maintaining quality.
- Reviewed project managers' performance, pay applications, and WIP reports.

RICMON GROUP LLC (Miami, FL)

2008 - 2021

General Manager

➤ General and Engineering Contractor

- Managed day-to-day operations, project planning, and financial analysis across multiple ongoing projects.
- Led estimating and business development efforts for both the General Contractor and Engineering divisions.
- Established and maintained company policies and procedures to streamline project delivery.
- Conducted material cost analysis to determine optimal procurement strategies.
- Achieved revenue and profit goals in alignment with company budgets and forecasts.
- Researched and identified bid opportunities through municipal, state, and federal agencies.
- Prepared detailed preliminary and final estimates for all scopes of work.
- Negotiated and managed contracts with clients and subcontractors.
- Resolved field-related project issues efficiently and professionally.
- Built lasting relationships with clients, suppliers, and subcontractors.

ROAD RUNNER STRIPING TECHNOLOGIES INC (Miami, FL)

2006 – 2008

Chief Estimator

- *Line Pavement Markings and Signage contractor, (Highways, County roads, parking lots striping and maintenance, flat concrete and general road maintenance)*
 - Prepared bids for pavement markings and signage on FDOT and municipal projects.
 - Managed sales to General Contractors, Engineering Contractors, and public agencies.
 - Identified new business opportunities through government bid tracking and market research.
 - Supported project management tasks, including scheduling, payables, receivables, and compliance reporting.
 - Oversaw quality control and managed project execution timelines.
 - Procured materials and equipment for line striping and signage operations.
 - Provided customer support, including submittals, material certifications, and post-project follow-up.

EDUCATION & CERTIFICATIONS

- Bachelor of Science in Civil Engineering, BSCE , Polytechnic University of Puerto Rico, San Juan, PR Graduate on 2003 * Accredited by ABET
- Licenses – State of Florida
 - General Contractor CGC #1516286
 - Underground Utility & Excavation Contractor CUC #1224700
 - Home Inspector License HI #1516
 - Plumbing Contractor (Aug 2025)
- Certifications:
 - FDOT: QC/QA,
 - Earthwork I & II,
 - Advanced MOT
 - EPA RRP
 - OSHA Trained
- Software:
 - Planswift
 - BlueBeam
 - Sketch Up
 - Procore
