INTEROFFICE MEMORANDUM**

TO: Mayor, Vice Mayor, & City Commissioners

FROM: Dr. Roy L. Virgin, City Manager 

BY: Francois Domond, P.E., Director of Utilities

DATE: January 15, 2026

RE: Temp. Reso. No. 8594 approving the award of Invitation for Bid No. 25-036, entitled "Lift Station 54 Generator / Project No. 4709-002 / Contract No. H1150" to Juliana Enterprises, Inc. d/b/a ADAL FGC

RECOMMENDATION: The City Manager recommends approval of Temp. Reso. No 8594 approving the award of Invitation for Bids No. 25-036, entitled "Lift Station 54 Generator / Project No. 4709-002 / Contract No. H1150," to the lowest responsive and responsible bidder who satisfies the minimum qualifications, and whose bid is in the best interest of the City, Juliana Enterprises, Inc. d/b/a ADAL FGC.; and authorizing the City Manager to execute the proposed Agreement with Juliana Enterprises, Inc. d/b/a ADAL FGC., for the provision of construction services in an amount not-to-exceed \$161,059.

ISSUE: City Commission approval for expenditures exceeding \$75,000 in accordance with City Code Section 2-412(a)(1).

BACKGROUND: The City's wastewater collection system provides sewer services to the residents and businesses of Miramar. The Utilities Department ongoing Capital Improvement Program ("CIP") includes maintenance and upgrading of the sewer collection system infrastructure. As part of Fiscal Year 2026 Lift Station Upgrades and Improvements Program, the Utilities Department identified the need to install a permanent standby generator at Lift Station 54..

The sewershed for LS 54 encompasses approximately 14,136 linear feet of eight inch gravity sewer line with 66 manhole structures, and services 395 single family homes. It is located in the Monarch Lakes development, north of Miramar Parkway.

The addition of permanent standby generators will guarantee the continuous operation of the lift station during poweroutages; minimizing the potential for sanitary sewer overflows ("SSOs").

DISCUSSION: This is a Federal Emergency Management Agency ("FEMA") funded project which includes the installation of a new standby generator with all associated appurtenances and requirements to commission the new generator. Moreover, this station was chosen for emergency purposes, due to its strategic location of the school that has been dedicated as one of the Broward County's emergency shelters. FEMA will fund 75% of the project, and the City of Miramar will fund 25% of the project.

ANALYSIS: On August 19, 2025, the city advertised Invitation for Bids No. 25-036, entitled "Lift Station 54 Generator / Project No. 4709-002 / Contract No. H1150," in a newspaper of general circulation, social media and DemandStar.com. On October 9, 2025, seven contractors submitted bids to the City. City staff evaluated the bids and bidders' references and determine that Juliana Enterprises, Inc. d/b/a Adal FGC., vendor is the lowest responsive and responsible bidder satisfying the minimum qualifications of the Solicitation with a bid in the amount of \$161,059.

In the event payment has been made for such professional Services not completed, Contractor shall return these sums to City within ten (10) days after notice that these sums are due. 30.3 In no event shall either party be liable for any indirect, incidental, special, or consequential damages, including, without limitation, loss of profits, revenue, or use incurred by either party or any third party, whether in an action in contract or tort, even if the other party or any other person has been advised of the possibility of such damages.

Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

i. Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

ii. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

iii. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

iv. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24,

1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

ARTICLE 10 **TERMINATION**

10.1 TERMINATION OF AGREEMENT BY CITY (CONTRACTOR DEFAULT):

In the event of default by the Contractor, the City shall provide Contractor with 10 Days written notice of City's intent to terminate this Agreement and provide the Contractor an opportunity to remedy the conditions constituting the default. If such cost exceeds the balance which would have been due, the Contractor shall promptly pay the excess amount to the City. If such cost is less than the balance which would have been due, the Contractor shall have no claim to the difference and waives any such balance by virtue of the default. In the event it is adjudicated that Contractor was not in default, the Contract shall be deemed to have been terminated for convenience as described below.

In the event payment has been made for such professional Services not completed, Contractor shall return these sums to City within ten (10) days after notice that these sums are due. Nothing in this Section shall limit City's right to terminate, at any time, pursuant to Article 10 above, and its right for damages under Article 11.2.

ARTICLE 12 **DELIVERY OF MATERIALS**

12.1 Upon receipt of notice of termination under Articles 10 or 11 above, Contractor shall immediately deliver to City all Materials held or used by Contractor in connection with the Services except those Materials, if any, owned by Contractor or supplied by Contractor at Contractor's own cost. 29.1 The City reserves the right to perform operations related to the Project with the City's own forces, and to award contracts in connection with the Project which are not part of the Contractor's responsibilities under this Agreement.

29.2 The City will have the right to inspect and conduct periodic inspections of the Work and/or Materials to determine compliance with the requirements of the Contract. Any Work and/or Materials rejected by the City for non-compliance shall be replaced and/or corrected at the Contractor's expense. Failure to reject Defective Work and/or Materials, whether from lack of discovery of such defect or for any other reason, will not relieve the Contractor from responsibility to complete the Work in full compliance with all

Contract requirements and shall in no way prevent later rejection of such Defective Work when discovered.

ARTICLE 30 **LIMITATION OF LIABILITY**

30.1 The City desires to enter into this Agreement only if in so doing the City can place a limit on City's liability for any cause of action for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the fee paid to Contractor herein, less any sums paid by the City. Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract to be limited to a maximum fee paid to Contractor herein, less any sums paid by the City.

30.2 Accordingly, and notwithstanding any other term or condition of this Agreement, Contractor agrees that the City shall not be liable to Contractor for damages in an amount in excess of the fee paid to the Contractor herein, less any sums paid by the City, for any action or claim for breach of contract arising out of the performance or non-performance of any obligations imposed upon the City by this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon the City's liability as set forth in Section 768.28, Florida Statutes.

30.3 In no event shall either party be liable for any indirect, incidental, special, or consequential damages, including, without limitation, loss of profits, revenue, or use incurred by either party or any third party, whether in an action in contract or tort, even if the other party or any other person has been advised of the possibility of such damages.

ARTICLE 31 **THIRD PARTY BENEFICIARY**

It is specifically agreed to between the City and Contractor executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement.

ARTICLE 32 **WARRANTY AND GUARANTEE**

Contractor warrants and guarantees that at the conclusion of the Project, a written certificate to the City will be provided stating that all Work has been performed in accordance with the General Conditions. A written warranty will be given to the City against the occurrence of defective Materials and workmanship for a period of one year after acceptance of the Project by the City. At the expiration of the one-year warranty period, Contractor will formally assign to the City all extended and special warranties given by Subcontractor or Subconsultant, manufacturers or Suppliers for their Work or products on the Project and formally notify Subcontractor or Subconsultant and Suppliers of the assignments.

ARTICLE 33 **HEADINGS AND INTERPRETATION**

Title and paragraph headings are for convenient reference and are not a part of this Agreement. Contractor has been given an opportunity for counsel of its choice to review this Agreement. Accordingly, no party shall be deemed to have any benefit as the drafter of the document for interpretation purposes.

ARTICLE 34 **SEVERABILITY**

34.1 Should any provision, paragraph, sentence, word or phrase contained in this Agreement be determined by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable under any applicable Law, such provision, paragraph, sentence, word or phrase shall be deemed modified to the extent necessary in order to conform with such Laws, or if not modifiable, then same shall be deemed severable, and in either event, the remaining terms and provisions of this Agreement shall remain unmodified and in full force and effect for limitation of its use.

34.2 City and Contractor each binds itself, its partners, successors, assign and legal representatives to the other party hereto, its partners, successors, assign and legal representatives in respect of all covenants, agreements and obligations contained in this Agreement and in all the Contract Documents.

ARTICLE 35 **SCRUTINIZED COMPANIES**

35.1 Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor or its subcontractors are found to have submitted a false certification; or if the Contractor, or its subcontractors are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.

35.2 If this Agreement is for more than one million dollars, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor, its affiliates, or its subcontractors are found to have submitted a false certification; or if the Contractor, its affiliates, or its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

35.3 The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

ARTICLE 36 **CONFLICT-OF-INTEREST**

36.1 To avoid any conflicts of interest, or any appearance thereof, Contractor, for the term of this Agreement, agrees that it will not represent any private sector entities (including but not limited to developers, corporations, real estate investors, etc.) in Miramar, Florida, without notifying the City of the services to be performed. If after such notification the City reasonably determines that a material conflict exists, Contractor will not perform such conflicting Work. The conditions and requirements of this paragraph will also apply to any Subconsultants utilized by Contractor in completion of the Work tasks under this Agreement.

36.2 Furthermore, Contractor covenants that no person under its employ who presently exercises any functions or responsibilities on behalf of the City in connection with this Agreement has any personal financial interest, direct or indirect, with contractors or vendors providing professional services on projects assigned to Contractor, except as fully disclosed and approved by the City. Contractor further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed. Any such interest on the part of Contractor or its employees must be disclosed in writing to the City.

ARTICLE 37 **NONDISCRIMINATION / EQUAL EMPLOYMENT OPPORTUNITY**

37.1 Nondiscrimination

Contractor represents and warrants to the City that Contractor does not and shall not engage in discriminatory practices and that there shall be no discrimination in connection with Contractor's performance under this Agreement on account of race, age, religion, color, gender, sexual orientation, national origin, marital status, physical or mental disability, political affiliation or any other factor which cannot be lawfully used as a basis for delivery of Services. Contractor further covenants that no otherwise qualified individual shall, solely by reason of his/her race, age, religion, color, gender, sexual orientation, national origin, marital status, physical or mental disability, political affiliation or any other factor which cannot be lawfully used as a basis for delivery of Services, be excluded from participation in, be denied any Services, or be subject to discrimination under any provision of the General Conditions.

37.2 Equal Employment Opportunity

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for

employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked

as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

i. Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

ii. The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

iii. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

iv. The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

ARTICLE 3 -- CONTRACT DOCUMENTS: INTENT; AMENDMENT; REUSE

3.1 INTENT

- A. The Contract Documents comprise the entire agreement between the City and the Contractor concerning the Work. **The Contract Documents are complementary; what is called for by one is as binding as if called for by all.** The Contract Documents will be construed in accordance with the Laws of the State of Florida.
- B. It is the intent of the Contract Documents to describe the Work, functionally complete, to be constructed in accordance with the Contract Documents. Any Work, Materials, or equipment that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe Work, Materials, or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard Specifications, manuals, or codes of any technical society, organization, or association, or to the Laws or Regulations of any governmental authority, whether such reference be specific or by implication, shall mean the latest standard Specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids, except as may be otherwise specifically stated. However, no provision of any referenced standard Specification, manual, or code (whether or not specifically incorporated by reference in the Contract Documents) shall be effective to change the duties and responsibilities of the City, the Contractor, or the Engineer or any of their consultants, agents, or employees from those set forth in the Contract Documents.
- C. If, during the performance of the Work, the Contractor finds a conflict, error, or discrepancy in the Contract Documents, the Contractor shall so report to the Architect/Engineer in writing at once and before proceeding with the Work affected thereby, and shall obtain a written interpretation, clarification, or correction from the Architect's/Engineer.

3.2 ORDER OF PRECEDENCE OF CONTRACT DOCUMENTS

- A. In resolving conflicts resulting from conflicts, errors, or discrepancies in any of the Contract Documents, the order of precedence shall be as follows:

Change Orders (if any);
Contract;
Addenda;
Contractor's Bid;
Solicitation, General Provisions;
General Conditions;
Technical Specifications;
Referenced Standard Specifications; and
Drawings.
- B. With reference to the Drawings, the order of precedence is as follows:
 1. Figures govern over scaled dimensions;
 2. Detail Drawings govern over general Drawings;
 3. Addenda/Change Order Drawings govern over Contract Drawings; and
 4. Contract Drawings govern over standard Drawings.

C. Items of Material, equipment, machinery and specific tools to be used may be specified on the Drawings or the Specifications. In the event of any conflict, the matters reflected in the Drawings shall prevail. Contractor shall make inquiry of the Architect/Engineer in the event of any doubt on these matters, rather than making an uninformed decision.

3.3 AMENDING AND SUPPLEMENTING CONTRACT DOCUMENTS

The Contract Documents may be amended to provide for additions, deletions, and revisions in the Work or to modify the terms and conditions thereof by a Change Order in accordance with the procedure set forth at Article 10 below.

3.4 REUSE OF DOCUMENTS

Neither the Contractor, nor any Subcontractor or Supplier, nor any other person or organization performing any of the Work under a Contract with the City shall have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents used in the Work, and they shall not reuse any of them on the extensions of the Project or any other project without written consent of the City.

4.1 AVAILABILITY OF LANDS

The City shall furnish, as indicated in the Contract Documents, the lands upon which the Work is to be performed, rights-of-way and easements for access thereto, and such other lands which are designated for the use of the Contractor. Easements for permanent structures or permanent changes in existing facilities will be obtained and paid for by the City, unless otherwise provided in the Contract Documents. Nothing contained in the Contract Documents shall be interpreted as giving the Contractor exclusive occupancy of the lands or rights-of-way provided. The Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of Materials and equipment, provided that the Contractor shall not enter upon nor use any property not under the control of the City until a written temporary construction easement agreement has been executed by the Contractor and the property owner, and a copy of said easement is furnished to the Architect/Engineer prior to said use. Neither the City nor the Architect/Engineer shall be liable for any claims or damages resulting from the Contractor's unauthorized trespass or use of any properties.

4.2 DIFFERING SITE CONDITIONS

A. The Contractor shall notify the Architect/Engineer in writing of any unforeseen conditions, including but not limited to the following conditions which are collectively called differing site conditions, promptly upon discovery (but in no event later than 14 Days) and before they are disturbed:

1. Subsurface or latent physical conditions at the site of the Work differing materially from those indicated, described, or delineated in the Contract Documents; and
2. Unknown physical conditions at the site of the Work of an unusual nature differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in the Contract Documents.

B. The Architect/Engineer will review the pertinent conditions, determine the necessity of obtaining additional explorations or tests with respect thereto, and advise the City in writing of the Architect's/Engineer's findings and conclusions.

- C. If the City concludes that, because of newly discovered conditions, a change in the Contract Documents is required, a Change Order (when applicable) will be issued as provided herein to reflect and document the consequences of the difference.
- D. In each such case, an increase or decrease in the Contract Price or an extension or shortening of the Contract Time, or any combination thereof, will be allowable to the extent that they are attributable to any such difference. If the City and the Contractor are unable to agree as to the amount or length thereof, a claim may be made as provided herein.
- E. The Contractor's failure to give notice of differing site conditions as provided herein in the claims procedure shall constitute a waiver of all claims in connection therewith, whether direct or consequential in nature.

4.3 PHYSICAL CONDITIONS - UNDERGROUND UTILITIES

- A. 11.1 GENERAL

- A. The Contract Price constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities, and obligations assigned to or undertaken by the Contractor shall be at its expense without change in the Contract Price.
- B. The value of any Work covered by a Change Order (when applicable) or of any claim for an increase or decrease in the Contract Price shall be determined in one of the following ways:
 - 1. Where the Work involved is covered by unit prices contained in the Contract Documents, by application of unit prices to the quantities of the increased or decreased units.
 - 2. By mutual acceptance of a lump sum amount, properly itemized and supported by substantiating data to permit evaluation, which may or may not include an allowance for overhead and profit as agreed to by the parties.
 - 3. On the basis of the Cost of Work, as defined below.

11.2 COST OF WORK

A. General: The term "Cost of Work" means the sum of all reasonable costs necessarily incurred and paid by the Contractor for labor, Materials, and equipment in the proper performance of extra Work. Except as otherwise may be agreed to in writing by the City, such costs shall be in amounts no higher than those prevailing in the locality of the Project. Whenever any extra Work is in progress, for which the definite price has not been agreed on in advance, the Contractor shall each Day report to the Architect/Engineer the amount and cost of the labor, Materials and equipment used, and any other expense incurred in such extra Work on the preceding Day, and no claim for compensation for such extra Work shall be included unless such report shall have been made. If in the opinion of the Architect/Engineer the cost of Material is excessive, or the Contractor does not furnish satisfactory evidence of the cost of such Material, then the cost shall be deemed to be the lowest current wholesale price for the quantity delivered to the Work site, less trade discount. For extra Work involving a combination of increases and decreases in the Work, the cost will be the sum of the additive and deductive costs.

1. The City reserves the right to furnish Materials for the extra Work and no claim shall be made by the Contractor for costs and profit on such Materials. All equipment shall be in good working condition and suitable for the purpose for which the equipment is to be used.
2. Before construction equipment is used on the extra Work, the Contractor shall plainly stencil or stamp an identifying number thereon at a conspicuous location, and shall furnish to the Architect/Engineer, in duplicate, a description of the equipment and its identifying number. Individual pieces of equipment or tools having a replacement value of \$100 or less, whether or not consumed by use, shall be considered to be small tools and no payment will be made therefore. Rental time will not be allowed while equipment is inoperative for any reason.

B. Mark-up: The Cost of the Work shall include a 10 percent mark-up applied to the total amount of labor, material and equipment inclusive of but not limited to: Overhead and Profit, General Conditions, General Requirements, Labor Burden, fees and insurances, supervision, incidental general office expenses, etc.

ARTICLE 12 -- CHANGE OF CONTRACT TIME

12.1 GENERAL

- A. In no event shall Contractor be entitled to any delay damages from City or Architect/Engineer for any reason.
- B. The Contract Time will be extended in an amount equal to time Days due to Force Majeure which includes acts of God or of the public enemy, fire, floods, epidemics, quarantine restrictions, strikes, labor disputes, sabotage, or freight embargoes. Other Contract Time extensions shall be only by Change Orders or by claims made by Contractor in accordance with the provisions herein.
- C. ***All time limits stated in the Contract Documents are of the essence.***

12.2 EXTENSIONS OF TIME FOR DELAY DUE TO INCLEMENT WEATHER

- A. Contract Times may be extended by the Architect/Engineer due to unusually severe weather, provided that the Contractor shall, within 10 Days of the beginning of any

such delay, request such extension in writing stating the cause of delay. The Architect/Engineer may extend the Contract Time when, in its judgment, the facts justify such an extension. The Contractor's construction schedule shall be based upon the inclusion of 10 Days of inclement Weather Delays. No extension of the Contract Time due to inclement weather will be considered until after the said number of Days of inclement weather has been reached. No increase in Contract Time will be made if said number of Days of inclement weather is not reached.

B. Inclement weather by itself is not a cause for time extension. Only where duration and frequency of rain is abnormal as compared with the Weather Bureau data and supported by Project logs will time extensions be considered. No time extension will be allowed for weekend rains unless the Contractor has received approval and been working weekends on a regular basis.

C. In order to demonstrate that a delay is the result of exceptionally adverse weather conditions, the Contractor must demonstrate that critical path activities have been delayed by more Days than those cumulatively expected during the Contract Time, based upon an average number of Days of adverse weather conditions experienced in the place where the Project is located during the five years prior to the date of this Agreement, which average shall be based upon the historical data of the U.S. National Oceanic and Atmospheric Administration, and that any float time in the Construction Schedule has been exceeded. In order to be considered a delay, the Contractor must demonstrate that critical path activities were suspended during the exceptionally adverse weather event for more than 50 percent of the Day the Work period of the Day of the exceptionally adverse weather.

D. Hurricane Precautions: During such periods of time as are designated by the United States Weather Bureau as being a hurricane watch or warning, the Contractor, at no cost to the City, shall take all precautions necessary to secure the Project site in response to all threatened storm events, regardless of whether the City or the City's Architect/Engineer has given notice of same. Compliance with any specific hurricane watch or warning precautions will not constitute additional Work.

Consideration of additional Contract Time relating to hurricane watch or warning at the Project site will be addressed by a Change Order (when applicable) in accordance with the non-compensable excusable delays section of the General Conditions.

Suspension of the Work caused by a storm watch or warning, or storm event or official state of emergency (until termination of same), regardless of whether the City has directed such suspension, will entitle the Contractor to additional Contract Time as non-compensable, excusable delay, and shall not give rise to a claim for compensable delay.

ARTICLE 13 -- WARRANTY AND GUARANTEE; TESTS AND INSPECTIONS; CORRECTION, REMOVAL, OR ACCEPTANCE OF DEFECTIVE WORK

13.1 WARRANTY AND GUARANTEE

The Contractor warrants and guarantees to the City and the Architect/Engineer that all Work will be in accordance with the Contract Documents and will not be defective.

13.2 ACCESS TO WORK

The City, the Architect/Engineer and their collective representatives, testing agencies, and governmental agencies with jurisdictional interests all shall have access to the Work at reasonable times for observation, inspections, and testing. The Contractor shall provide proper and safe conditions for such access.

13.3 INTERACTION AND RESPONSIBILITIES OF ENGINEER AND CONTRACTOR

- A. The Contractor shall give the Architect/Engineer timely notice of readiness of the Work for all required inspections, tests, or approvals.
- B. Other than inspections by the City (unless specifically excepted below), the Contractor shall pay for the costs of all inspections and testing, including without limitation by any public body with jurisdiction requiring testing inspection or approval, with regard to any substitutions of Materials, equipment or Suppliers to be used or incorporated in the Work and for repeats of failed tests.
- C. In the event inspections or tests reveal non-compliance with the requirements of the Contract Documents, the Contractor shall bear the cost of corrective measures deemed necessary by the Architect/Engineer, as well as the cost of subsequent re-inspection and retesting. Neither observations by the Architect/Engineer nor inspections, tests, or approvals by others shall relieve the Contractor from the Contractor's obligation to perform the Work in accordance with the Contract Documents. The Architect/Engineer shall verify that the tests, equipment, and systems startups and operating and maintenance instruction are conducted as required by the Contract Documents.
- D. All inspections, tests, or approvals other than those required by Laws or Regulations of any public body having jurisdiction shall be performed by organizations acceptable to the Architect/Engineer and the Contractor.
- E. If any Work (including the Work of others) that is to be inspected, tested, or approved is covered without written concurrence of the Architect/Engineer, it must, if requested by the Architect/Engineer, be uncovered for observation. Such uncovering shall be at the Contractor's expense. If such Work is not found to be Defective Work, the Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to such uncovering. If the parties are unable to agree as to the amount or extent thereof, the Contractor may make a claim therefore as provided herein.
- F. The Architect/Engineer shall review the progress schedule of Shop Drawings, submittals and the schedule of values prepared by the Contractor.
- G. The Architect/Engineer shall attend pre-construction conferences, arrange progress meetings and conferences, attend meetings and maintain and circulate copies of minutes.
- H. The Architect/Engineer shall assist the Contractor in understanding the intent of the Contract Documents.
- I. The Architect/Engineer shall receive and record date of receipt of all submittals furnished by the Contractor.
- J. The Architect/Engineer shall conduct on-site observations of the Work in progress and determine if the Work is proceeding in accordance with the Contract Documents.
- K. The Architect/Engineer shall review applications for payment with the Contractor for compliance with the established procedure for their submittal.
- L. The Architect/Engineer shall: (a) prepare a Certificate of Substantial Completion/Notice of completion, as applicable, and submit to the Contractor a list of observed items requiring completion or correction; (b) conduct final review of the Work and prepare a "punch list" of items to be completed or corrected; and (c) verify that all items on the punch list have been completed or corrected.

M. The Architect/Engineer shall not:

1. Authorize any deviation from the Contract Documents or approve any substitute Material or equipment.
2. Exceed limitations on the Architect/Engineer's authority as set forth in the Contract Documents.
3. Undertake any of the responsibilities of the Contractor, Subcontractors or Contractor's superintendent, or expedite the Work.
4. Advise on or issue directions relative to any aspect of the means, methods, techniques, sequences, or procedures of construction unless such is specifically called for in the Contract Documents.
5. Advise on or issue directions as to safety precautions and programs in connection with the Work.
6. Participate in specialized field or laboratory test.

13.4 CITY MAY STOP THE WORK

If the Work is Defective Work, or the Contractor fails to perform Work in such a way that the completed Work will not conform to the Contract Documents, the City may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of the City to stop the Work shall not give rise to any duty on the part of the City to exercise this right for the benefit of the Contractor or any other party.

13.5 CORRECTION OR REMOVAL OF DEFECTIVE WORK

If required by the Architect/Engineer, the Contractor shall either correct all Defective Work, whether or not fabricated, installed, or completed, or, if the Work has been rejected by the Architect/Engineer, remove it from the site and replace it with non-Defective Work. The Contractor shall bear all direct, indirect and consequential costs and damages of such correction or removal, including but not limited to fees and charges of engineers, architects, attorneys, and other professionals made necessary thereby.

13.6 ONE-YEAR CORRECTION PERIOD

If, within one year after the date of Final Completion, or such longer period of time as may be prescribed by Laws or Regulations, the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, the Contractor shall promptly, without cost to the City and in accordance with City's written notification, either correct such Defective Work, or, if it has been rejected by the City, remove it from the site and replace it with non-defective Work. If the Contractor does not promptly comply with the such notification, or in an emergency where delay would cause serious risk of loss or damage, the City may have the Defective Work corrected or the rejected Work removed and replaced, and all direct, indirect, and consequential costs and damages of such removal and replacement, including but not limited to fees and charges of engineers, architects, attorneys and other professionals will be paid by the Contractor.

Where Defective Work (and damage to other Work resulting therefrom) has been corrected, removed or replaced, the correction period hereunder with respect to such Work will be extended

for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

13.7 ACCEPTANCE OF DEFECTIVE WORK

If, instead of requiring correction or removal and replacement of Defective Work the City prefers to accept the Work, the City may do so. The Contractor shall bear all direct, indirect, and consequential costs attributable to the City's inspection, testing, testing, evaluation of and determination to accept such Defective Work. If acceptance occurs prior to final payment, a Change Order (when applicable) will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work, and the City shall be entitled to an appropriate decrease in the Contract Price.

ARTICLE 14 -- PAYMENTS TO CONTRACTOR AND COMPLETION

14.1 SCHEDULE OF VALUES (LUMP SUM PRICE BREAKDOWN)

The schedule of values or price breakdown shall be established as provided in the General Requirements and shall serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to the Architect/Engineer.

14.2 UNIT PRICE BID SCHEDULE

Progress payments on account of unit price Work will be based on the number of units completed.

14.3 APPLICATION FOR PROGRESS PAYMENT

- A. Unless otherwise prescribed by Law, on the 25th Day of each month, or other agreed upon date, the Contractor shall submit to the Architect/Engineer for review an Application for Payment filled out and signed by the Contractor covering the Work completed as of the date of the Application and accompanied by partial lien releases and other such supporting documentation as is required by the Contract Documents.
- B. The Application for Payment shall identify, as a subtotal, the amount of the Contractor's total earnings to date. No payment shall be made for Materials stored at the site.
- C. The net payment due to the Contractor shall be the above-mentioned subtotal from which shall be deducted the amount of retainage specified herein and the total amount of all previous payments made to the Contractor. Retention shall be 5 percent of each approved progress payment until the Work is 100 percent complete and accepted by the City.

14.4 CONTRACTOR'S WARRANTY OF TITLE

The Contractor warrants and guarantees that title to all Work, Materials, and equipment covered by an Application for Payment, whether incorporated in the Work or not, will pass to the City free and clear of all liens no later than the time of payment by the City for such Materials and equipment.

14.5 REVIEW OF APPLICATIONS FOR PROGRESS PAYMENT

- A. The Architect/Engineer will, within seven Days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to the City, or return the Application to the Contractor indicating in writing the

Architect's/Engineer's reasons for refusing to recommend payment. In the latter case, the Contractor may make the necessary corrections and resubmit the Application. Thirty Days after presentation of the Application for Payment with the Architect's/Engineer's recommendation, the amount recommended will be due, subject to the provisions of this Article.

- B. The City may refuse to make payment of the full amount recommended by the Architect/Engineer because claims have been made against the City on account of the Contractor's performance of the Work or Liens have been filed in connection with the Work or there are other items entitling the City to a credit against the amount recommended. In that event, the City must give the Contractor written notice within seven Days (with a copy to the Architect/Engineer) stating the reasons for such action.

14.6 PARTIAL UTILIZATION

- A. The City shall have the right to take possession of and use or place into service any item of equipment, usable portion of the Work, or partially completed portion of the Work prior to completion of the Work, but such taking, use or possession shall not be deemed an acceptance of any Work not completed in accord with the Contract Documents. Whenever the City plans to exercise said right, the Contractor will be notified in writing by the City identifying the specific portion or portions of the Work to be so utilized or otherwise placed into service.
- B. It shall be understood by the Contractor that until such written notification is issued, all responsibility for care and maintenance of all items of the Work shall be borne by the Contractor. Upon issuance of said written notice of partial utilization, the City will accept responsibility for the protection and maintenance of such items of the Work described in the written notice.
- C. The Contractor shall retain full responsibility for satisfactory completion of the Work, regardless of whether a portion thereof has been partially utilized by the City and the Contractor's one-year correction period shall commence only after the date of Final Completion of the Work.

14.7 SUBSTANTIAL COMPLETION

When the Contractor considers the Work ready for its intended use, the Contractor shall notify the City and the Architect/Engineer in writing that the Work is Substantially Complete and request that the Architect/Engineer prepare a Certificate of Substantial Completion/Notice of Completion. Within a reasonable time thereafter, the City, the Contractor and the Architect/Engineer shall make an inspection of the Work to determine the status of completion. If the Architect/Engineer does not consider the Work Substantially Complete, the Architect/Engineer will notify the Contractor in writing, giving the reasons therefore. If the Architect/Engineer considers the Work Substantially Complete, the Architect/Engineer will prepare and deliver to the City for execution the Certificate of Substantial Completion/Notice of Completion signed by the Architect/Engineer and Contractor, which shall fix the date of Substantial Completion. As applicable, there shall be attached to the Certificate/Notice a list of items to be completed or corrected before final payment.

14.8 FINAL APPLICATION FOR PAYMENT

After the Contractor has completed all correction Work indicated on the attachment to the Certificate of Substantial Completion and delivered all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, marked-up record documents (as provided in the General Requirements) and other documents required by the Contract Documents, and after the Architect/Engineer has indicated that the Work is acceptable, the Contractor may make application for final payment following the procedure for

progress payments. The final Application for Payment shall be accompanied by all documentation called for in the Contract Documents, together with complete and legally effective releases or waivers (satisfactory to the City) of all liens arising out of or filed in connection with the Work.

14.9 FINAL PAYMENT AND ACCEPTANCE

- A. If, on the basis of the Architect's/Engineer's observation of the Work during construction and final inspection, and the Architect's/Engineer's review of the final Application for Payment and accompanying documentation, all as required by the Contract Documents, the Architect/Engineer is satisfied that the Work has been completed and the Contractor's other obligations under the Contract Documents have been fulfilled, the Architect/Engineer will, within 14 Days after receipt of the final Application for Payment, indicate in writing the Architect's/Engineer's recommendation of payment and present the Application to the City for payment.
- B. After acceptance of the Work and obtaining the surety's consent to final payment, the City will make final payment to the Contractor of the amount remaining after deducting all prior payments and all amounts to be kept or retained under the provisions of the Contract Documents, including the following items:
 1. Liquidated damages, as applicable.
 2. Two times the value of outstanding items of correction Work or "punch list" items indicated on the Certificate of Substantial Completion/Notice of Completion which are yet uncompleted or uncorrected, as applicable. All such outstanding Work shall be completed or corrected to the satisfaction of the City promptly within the time stated on the Certificate of Substantial Completion/Notice of Completion, or the Contractor shall waive any and all claims to all monies withheld by the City to cover the value of all such uncompleted or uncorrected items.
 3. Release of final payment or retainage does not constitute City's approval of the Work.

14.10 CONTRACTOR'S CONTINUING OBLIGATION

The Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. Neither recommendation of any progress or final payment by the Architect/Engineer, nor the issuance of a Certificate of Substantial Completion/Notice of Completion, nor any payment by the City to the Contractor under the Contract Documents (final or otherwise), nor any use or occupancy of the Work or any part thereof by the City, nor any act of acceptance by the City nor any failure to do so, nor any review of a Shop Drawing or sample submittal, will constitute an acceptance of Work not in accordance with the Contract Documents or a release of the Contractor's obligation to perform the Work in accordance with the Contract Documents.

14.11 FINAL PAYMENT TERMINATES LIABILITY OF CITY

A final payment is defined as the last progress payment made to the Contractor for earned funds, less retainage as applicable, less deductions as applicable and described above. The acceptance by the Contractor of the final payment constitutes a release of the City and its agents from all claims of liability to the Contractor for anything done or furnished for, or relating to, the Work or for any act or neglect of the City or of any person relating to or affecting the Work, except demands against the City for the remainder, if any, of the amounts kept or retained and except pending, unresolved claims filed prior to the date of the Certificate of Substantial Completion/Notice of Completion.

ARTICLE 15 -- SUSPENSION OF WORK BY CITY

The City may, at any time and without cause, suspend the Work or any portion thereof for a period of not more than 90 Days by notice in writing to the Contractor. The Contractor shall resume the Work on receipt from the Architect/Engineer or City of a notice of resumption of Work. The Contractor shall be allowed an increase in the Contract Time directly attributable to any suspension.

ARTICLE 16 -- MISCELLANEOUS

16.1 TITLE/OWNERSHIP TO MATERIALS FOUND ON THE WORK

The City reserves the right to retain title to all soils, stone, sand, gravel, and other Materials developed and obtained from excavations and other operations connected with the Work. The Contractor shall deliver such Materials to City at City's request, at a location determined by City, at no cost to City, unless otherwise specified in the Contract Documents. If the City releases ownership of the Material, it shall become the property of the Contractor, who shall dispose of it in manner satisfactorily to the Architect/Engineer at no extra cost to the City.

16.2 RIGHT TO AUDIT

The City shall have the right to audit the Contractor's books upon reasonable notice. This right shall include the right to examine books, records, documents, and other evidence and accounting procedures and practices, sufficient to discover and verify all direct and indirect costs of whatever nature claimed to have been incurred or anticipated to be incurred. The right to audit shall include the right to inspect the Contractor's plants, or such parts thereof, as may be or have been engaged in the performance of the Work. The rights to examine and inspect herein provided for shall be exercisable through such representatives as the City deems desirable during the Contractor's normal business hours at the office of the Contractor. The Contractor shall make available to the City for auditing all records and documents and other financial data relevant to the Work, and upon request, shall submit true copies of requested records to the City.

16.3 WATER SUPPLY

All water required for testing, flushing and construction shall be the full responsibility of the Contractor in accordance with requirements set forth in the Specifications.

16.4 SALVAGE

Any existing equipment or Material, including but not limited to valves, pipes, fittings, and couplings which is removed as a result of construction under this Project may be designated to the City at a location directed by the Architect/Engineer. Any equipment or Material not worth of salvaging shall be disposed of by the Contractor in a sound environmental manner in an approved final disposal site.

16.5 LIMITATIONS OF OPERATION

The Contractor shall, at all times, conduct the Work in such a manner and in such sequence as will ensure the least practicable interference. The Architect/Engineer may require the Contractor to finish a section on which Work is in progress before Work is started on any additional section.

Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	<ul style="list-style-type: none">. Executive Order 14026 generally applies to the contract.. The contractor must pay all covered workers at least \$17.75 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	<ul style="list-style-type: none">. Executive Order 13658 generally applies to the contract.. The contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2025.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.75) or 13658 (\$13.30). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the

year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

- a) a survey underlying a wage determination
- b) an existing published wage determination
- c) an initial WHD letter setting forth a position on a wage determination matter
- d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

Regarding any other wage determination matter such as conformance decisions, requests for initial decisions should be directed to the WHD Branch of Construction Wage Determinations. Requests can be submitted via email to BCWD-Office@dol.gov or by mail to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage

and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they
