RE: Temp. Reso. No. 6946, Approving 2019 Amendments to Interlocal Agreements with Broward County concerning the distribution of proceeds of Broward County local option gas taxes

RECOMMENDATION: The City Manager recommends adoption of Temp. Reso. No. 6946, approving the proposed annual amendments to two of the existing Local Option Gas Tax Interlocal Agreements ("ILAs") with Broward County.

ISSUE: Broward County requires City Commission approval of annual amendments to the Local Option Gas Tax ILAs.

BACKGROUND: The City and Broward County have entered into three ILAs for the division and distribution of the proceeds of the local option gas taxes imposed by Broward County. The three ILAs include:

- 1) The "original" local option gas tax adopted in 1993 and renewed in 1988, and recently renewed in 2018, which provides for cities throughout Broward County to receive 37.5 percent of the proceeds of six cents of gas tax;
- 2) The "additional" local option gas tax adopted in 1993, which provides for Broward County cities to receive 51.27 percent of three cents of gas tax;
- 3) The "transit gas tax" adopted in 2000, which provides for Broward County cities to receive 26 percent of the proceeds of one cent of gas tax.

The three ILAs provide for the distribution of gas tax among Broward County cities based on population figures published annually by the University of Florida Bureau of Economics and Business Research.

The six cent "original" local option gas tax was renewed last year for a period of 30 years from FY19 to FY48 and will be administratively updated to adjust for each City's percentage share of the population figures. Therefore, only the updated population and distribution figures are attached for the six cent "original" local option taxes in this FY19 agreement approval process.

These agreements contemplate revision of the population numbers annually using the most current published figures.

Accordingly, the proposed amendments to the three ILAs incorporate adjusted population data as updated by the publication titled "Florida Estimates of Population" issued by the University of Florida, and the 2010 U.S Census Data. The amendment to the "additional" local option gas tax agreement adjusts the percentage of the proceeds split between Broward County and the City. More specifically, the three amendments accomplish the following:

- The 2019 amendment to the six cent "original" local option gas tax agreement adjusts each City's percentage share of the 37.5 percent based on the City's population increase from 136,246 to 137,107. The City's portion of the 37.5 percent decreased to 2.730699 percent due to adjustments in population of various cities within the county. Please note that the City's population increased 1.281 percent from last year's estimate, as compared to the 1.6481 percent increase from the previous year.
- The 2019 amendment to the three cent "additional" local option gas tax agreement provides that the cities' share remain at 51.27 percent. This shows that the cities' share of all ten cents has not been negatively impacted by annexation, as it had in prior years. Each City's percentage share of the 51.27 percent is also adjusted based on updated population figures. Accordingly, the City's share decreased to 3.733411 percent due to small population adjustments across Broward County.
- The 2019 amendment to the one cent "transit gas tax" includes adjustments to each city's percentage share based on updated population figures, with no change in the 26 percent city share. The City's share decreased to 1.893284 percent due to small population adjustments within Broward County.

It is estimated that the Fiscal Year 2020 revenue generated from these local option gas taxes will total approximately \$2,400,000, including \$1,400,000 that will be eligible for use for street and roadway maintenance and \$1,000,000 that will be eligible for use in capital improvements or related debt service for street and roadway capital projects.

**2019 AMENDMENT TO INTERLOCAL AGREEMENT PROVIDING FOR DIVISION AND
DISTRIBUTION OF THE PROCEEDS FROM THE BROWARD COUNTY ADDITIONAL
THREE-CENT LOCAL OPTION GAS TAX ON MOTOR FUEL**

This 2019 Amendment to Interlocal Agreement (the "2019 Amendment") is entered into by and between Broward County, a political subdivision of the State of Florida (the "County"), and the municipalities executing a signature page bearing the above legend, each of which is a municipal corporation existing under the laws of the State of Florida (the "Municipalities") (the County and Municipalities are collectively referred to as the "Parties").

RECITALS

A. Section 336.025(1)(b), Florida Statutes, authorizes the County to extend the levy of the additional three-cent local option gas tax upon every gallon of motor fuel sold in Broward County for a period not to exceed thirty (30) years on a majority vote of the governing body of the County.

B. The Broward County Board of County Commissioners enacted Section 31½-38, Broward County Code of Ordinances, effective January 1, 1994, through December 31, 2024, pursuant to Section 336.025(1)(b), Florida Statutes, imposing the levy of the three-cent (\$.03) local option fuel tax for thirty (30) years and providing for a method of distribution of the proceeds of the tax.

C. The method for distribution of the proceeds is established by an Interlocal Agreement with Municipalities representing a majority of the population of the incorporated area within the County.

D. Paragraph 3 of the Interlocal Agreement requires annual adjustment of the division and distribution of the proceeds based upon the population of the individual Municipalities and unincorporated Broward County in accordance with the population figures set forth in the most current edition of "Florida Estimates of Population," published by the Bureau of Economics and Business Research, Population Division, University of Florida.

NOW, THEREFORE, for good and valuable consideration, and pursuant to the authorization of Section 336.025(1)(b)2., Florida Statutes, the County and Municipalities agree as follows:

1. Paragraph 2 of the Interlocal Agreement, as previously amended, is hereby amended to read:
2. Forty-eight and Seventy-three One-hundredths percent (48.73%) of the total proceeds from the additional three-cent local option fuel tax shall be divided and distributed to the County, and the remaining Fifty-one and Twenty-seven One-hundredths percent (51.27%) of the total proceeds from the additional three-

cent local option fuel tax shall be divided among and distributed to the Municipalities within the County as follows:

ADDITIONAL FIFTH-CENT LOCAL OPTION GAS TAX ON MOTOR FUEL FOR
TRANSIT**

This 2019 Amendment to Interlocal Agreement (the "2019 Amendment") is entered into by and between Broward County, a political subdivision of the State of Florida (the "County"), and the municipalities executing a signature page bearing the above legend, each of which is a municipal corporation existing under the laws of the State of Florida (the "Municipalities") (the County and Municipalities are collectively referred to as the "Parties").

RECITALS

A. Section 336.025(1)(b), Florida Statutes, authorizes the counties to extend the levy of the additional fifth-cent local option gas tax upon every gallon of motor fuel sold in Broward County for a period not to exceed thirty (30) years on a majority vote of the governing body of the County.

B. On June 13, 2000, the Broward County Board of County Commissioners enacted Ordinance No. 2000-25, effective January 1, 2001, through December 31, 2031, pursuant to Section 336.025(1)(b), Florida Statutes, extending the levy of the additional fifth-cent local option gas tax for thirty (30) years and providing for a method of distribution of the proceeds of the tax.

C. The method for distribution of the proceeds is established by an Interlocal Agreement with Municipalities representing a majority of the population of the incorporated area within the County.

D. Paragraph 4 of the Interlocal Agreement requires annual adjustment of the division and distribution of the proceeds based upon the population of the individual Municipalities and unincorporated Broward County utilizing the population figures set forth in the most current edition of "Florida Estimates of Population," published by the Bureau of Economics and Business Research, Population Division, University of Florida.

NOW, THEREFORE, for good and valuable consideration, and pursuant to Section 336.025(1)(b), Florida Statutes, the County and Municipalities agree as follows:

1. Section 2.1 of the Interlocal Agreement, as previously amended, is hereby amended to read as follows:

2.1 Seventy-four percent (74%) of the total proceeds from the additional fifth-cent local option gas tax shall be distributed to the County, from which amount the County will retain forty-eight percent (48%) of the total proceeds and will distribute twenty-six percent (26%) of the total proceeds to the Municipalities

through Interlocal Agreements for Community Shuttle Services. The remaining twenty-six percent (26%) shall be distributed to the Municipalities as follows:

The population figures set forth above are based on the figures contained in the document referred to as the "Florida Estimates of Population," published on an annual basis by the Bureau of Economic and Business Research, Population Division, of the University of Florida. The population figures to be utilized in the formula described in this section for the distribution of the additional fifth-cent local option gas tax shall be adjusted annually based on the current Florida Estimates of Population.

2. This 2019 Amendment shall be effective as of the date it is executed by the County after having previously been executed by the Municipalities cumulatively representing a majority of the incorporated area population of the County; the amended population figures and share of proceeds shall take effect as provided by applicable law.

3. In the event any provision within this 2019 Amendment is found by a court of competent jurisdiction to be invalid, the remaining provisions shall continue to be effective unless the County or any executing Municipality necessary to maintain the cumulative majority referenced in the preceding paragraph elects to terminate the Interlocal Agreement. The election to terminate pursuant to this provision must be made within seven (7) days after such court ruling; provided, however, that if a timely notice appealing the court ruling is filed, the election shall be held in abeyance until the appeal is determined or dismissed.

4. Except to the extent amended, the Interlocal Agreement shall remain in full force and effect. In the event of any conflict between the terms of this 2019 Amendment and the Interlocal Agreement, as previously amended, the Parties acknowledge that this 2019 Amendment shall control.

5. This 2019 Amendment may be executed in several counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one and the same instrument.

[THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

IN WITNESS WHEREOF, the Parties hereto have made and executed this 2019 Amendment to the Interlocal Agreement on the respective dates under each signature: Broward County through its Board of County Commissioners, signing by and through its County Administrator, authorized to execute same by Board action on April 9th, 2019, and each Municipality, signing by and through its _____, duly authorized to execute same.

Dear Municipality:

Attached are the amendments to two interlocal gas tax agreements requiring approval by your municipal governing board no later than June 1, 2019. The two attached amendments for those gas tax agreements are required to adjust each City's percentage share based on updated population figures until they expire in 2024 and 2031. As a reminder, the "Original" Six Cents Local Option Gas Tax was renewed last year for a period of 30 years from FY19-FY48. The updated BEBR population figures and the share of proceeds for FY20 are attached for your information.

Summary of Amendments

The two interlocal agreements and amendments are described below:

- The "additional" local option gas tax agreement levied in 1994 provides for Cities to receive 51.27% of three cents of gas tax. The Cities' share of this gas tax has increased over the years due to annexations, however, there were no annexations of populated areas effective September 2018 so the Cities' share of the three cents of gas tax will remain the same as last year. As a result, this amendment adjusts each City's percentage share of the 51.27% based on updated population figures.
- The "transit gas tax" agreement levied in 2001 provides for Cities to receive 26% of the proceeds of one cent of gas tax. This amendment includes adjustments to each City's percentage share based on updated population figures.

Revisions to Population Figures

The two interlocal agreements provide for the distribution of gas taxes among the Cities based on population figures published annually by the University of Florida Bureau of Economics and Business Research. The interlocal agreements also provide for the population numbers to be revised annually using the most current published figures.

Please place the two amendments on the agenda for approval by the municipal governing board as soon as possible and **return the signed agreement and a copy of your municipal resolution** to the County no later than June 1, 2019. **Once we receive a majority of signed agreements from the cities, our County Attorney's office will execute the agreements and return an executed complete document which includes the agreement, county signature page and city signature pages for your records.** If you have any questions about the amendments, please contact SunJin Zanker from the County's Office of Management and Budget at 954-357-6361.

Attached are copies of the above discussed amendments. **Please return three executed originals of each amendment which includes the agreement, city signature page, and a copy of your municipal resolution to:**
