RE: Temp. Reso. No. 7171, supporting applications for funding from the Broward County Transportation Surtax Mobility Advancement Program for 2020 Surtax Maintenance and Rehabilitation Projects depicted in Exhibit "A"

RECOMMENDATION: The City Manager recommends approval of Temp. Reso. No. 7171, supporting applications for funding from Broward County Transportation Surtax Mobility Advancement Program for 2020 Surtax Maintenance and Rehabilitation projects depicted in Exhibit "A".

ISSUE: Broward County has requested that the City adopt a resolution expressing support for the proposed projects for which the City will request funding from the Broward County Transportation Surtax Mobility Advancement Program.

BACKGROUND: The City seeks approval to submit applications for funding from Broward County Transportation Surtax Mobility Advancement Program 2020 SRMA for the following projects:

- Roadway Resurfacing, milling, and asphalt resurfacing of 23 miles of roadways throughout the City as depicted in Exhibit "A". Work will include milling and resurfacing 1.5 inches of roadway pavement and Americans with Disability Act ("ADA") sidewalk upgrades.

The road segments being selected are shovel ready projects and selection is based on the Pavement Management Study ("PMS") report completed in 2016. The road segments being included in Cycle 1 for improvements are described in Exhibit "A" attached to the resolution and the locations are depicted in the attached location maps (Attachment 1).

This Resolution seeks support to submit applications for enhancement of roadways and pedestrian/sidewalk mobility. If approved, these projects would be funded by Broward County transportation surtax. Construction for these projects also provides an opportunity for job creation within the City and would be completed through the City's competitive bid process.

COMPREHENSIVE PLAN ELEMENT: The proposed project is consistent with the Transportation Element.
