WITNESSED:

WHEREAS, on [REDACTED], by Resolution No. [REDACTED], the City Commission approved the award of Invitation to Bids No. 20-009 (the "IFB"), entitled "Regional Park Amphitheater Back Of House" (the "Work" or "Services"), to Contractor as the lowest, responsible, responsive Bidder whose bid is in the best interest of the City; and

WHEREAS, the City intends to contract for the Services related to the Work and desires to engage the services of Contractor for this purpose; and

WHEREAS, the Contractor desires to contract with the City to provide the Services as set forth in the IFB the terms of which are incorporated and made a part hereof, including all definitions set forth therein.

NOW THEREFORE, the City and Contractor, in consideration of the mutual covenants hereinafter set forth, the receipt and sufficiency of which is acknowledged, agree as follows:

ARTICLE 1
DEFINITIONS

Except as provided herein, terms used in this Agreement are defined in the IFB, which is deemed fully incorporated herein for all purposes, and have the meanings indicated in the IFB or in the General Terms and Conditions incorporated herein by

ARTICLE 2

WORK

The Work includes, but is not limited to, the Contractor furnishing all labor, material, machinery, tools, equipment, services and incidentals necessary to build a 2,700 square foot, reinforced masonry single story structure with office space, dressing rooms, green room, storage area and breakroom, laundry room, data room, lobby reception area, and any and all additional Work included in the Contract Documents and the Contractor's proposal, attached hereto as **Exhibit "A"**.

ARTICLE 3

CONTRACT TIME

Time is of the essence in the performance of the Work under this Agreement. The commencement date shall be established in the Notice to Proceed. Contractor shall commence the Work within 10 Days from the commencement date. The Work shall be Substantially Complete within 270 Calendar Days after the commencement date given in the Notice to Proceed. The Work shall be Finally Completed for full acceptance by the City within 300 Calendar Days after the commencement date given in the Notice to Proceed.

ARTICLE 4

CONTRACTOR AND CITY'S RELATIONSHIP

4.1 The Contractor accepts the relationship of trust and confidence established between it and the City by this Agreement. The Contractor represents that it will furnish its best skill and judgment in performing the Contractor's Services and the Work, and shall always act to further the interest of the City in the expeditious completion of the Project, at the lowest responsible cost to the City, and in strict accordance with the Contract Documents and prudent and customary industry practices.

ARTICLE 6

LIQUIDATED DAMAGES

City and the Contractor recognize that time is of the essence of this Agreement and that the City will suffer financial loss if the Work is not completed within the time specified herein. They also recognize the delays, expense, and difficulties involved in proving in a legal proceeding the actual loss suffered by the City if the Work is not completed on time. Accordingly, instead of requiring any such proof, the City and the Contractor agree that as liquidated damages for delay (but not as a penalty), the Contractor shall pay the City \$500 for each Day that expires after the time specified herein for Substantial Completion until Substantial Completion is achieved, and \$1000 for each calendar Day that expires after the time herein for Final Completion and full acceptance is achieved. Such costs shall be deducted from the monies due the Contractor for performance of Work under this Agreement by means of unilateral Change Orders (if any) issued periodically by the City as costs are incurred by the Engineer and agreed to by the City.

Such indemnification by the Contractor shall include but not be limited to the following:

- A. Liability or claims resulting directly or indirectly from the negligence or carelessness of the Contractor, its employees, or agents in the performance of the Work, or in guarding or maintaining the same, or from any improper Materials, implements, or appliances used in the Work, or by or on account of any act or omission of the Contractor, its employees, or agents;
- B. Liability or claims arising directly or indirectly from bodily injury, occupational sickness or disease, or death of the Contractor's or Subcontractor's own employees engaged in the Work resulting in actions brought by or on behalf of such employees against the City and/or the Engineer;
- C. Liability or claims arising directly or indirectly from or based on the violation of any Law, ordinance, Regulation, order, or decree, whether by the Contractor, its employees, or agents;
- D. - E. Liability or claims arising directly or indirectly from the breach of any warranties, whether express or implied, made to the City or any other parties by the Contractor, its employees or agents;
- F. Liabilities or claims arising directly or indirectly from the willful misconduct of the Contractor, its employees or agents; and
- G. Liabilities or claims arising directly or indirectly from any breach of the obligations assumed herein by the Contractor.

9.3 This indemnification obligation shall not be limited in any way by any limitation of the amount or type of damages, compensation, or benefits payable by or for the Contractor or any Subcontractor or other person or organization under workers' compensation acts, disability benefit acts, or other employee benefit acts, or insurance coverage.

9.4 The Contractor acknowledges receipt and the adequacy of the specific consideration in the amount of \$100.00, which sum was included in the total Bid Price and is included in the Contract Price to be paid by City to the Contractor as consideration for the indemnification given by the Contractor to the City.

9.5 Nothing in this Agreement shall be deemed or treated as a waiver by the City of any immunity to which it is entitled to by law, including but not limited to the City's sovereign immunity set forth in Section 768.28, Florida Statutes.

ARTICLE 10 **TERMINATION**

10.1 TERMINATION OF AGREEMENT BY CITY (CONTRACTOR DEFAULT):

In the event of default by the Contractor, the City shall provide Contractor with 10 Days written notice of City's intent to terminate this Agreement and provide the Contractor an opportunity to remedy the conditions constituting the default. - B.** Fail to provide Materials or workmanship meeting the requirements of the Contract Documents;
- C.** Disregard or violate provisions of the Contract Documents or Engineer's or City's instructions;
- D.** Fail to execute the Work or provide Services on a timely basis or according to the Contract Documents;
- E.** Fail to provide a qualified superintendent, competent workmen, or Materials or equipment meeting the requirements of the Contract Documents; or
- F.** Fail in any other material way to comply with the requirements of the Contract Documents.

10.1.1 If the Contractor fails to remedy the conditions constituting default within 10 Days from the date of the City's written notice of its intent to terminate this Agreement, the City may then issue a Notice of Termination and terminate this Agreement.

10.1.2 In the event the Agreement is terminated for Contractor's default, the City may take possession of the Work and may complete the Work by whatever method or means the City may select. The cost of completing the Work shall be deducted from the balance which would have been due the Contractor had the Agreement not been terminated and the Work completed in accordance with the Contract Documents. If such cost exceeds the balance which would have been due, the Contractor shall promptly pay the excess amount to the City. If such cost is less than the balance which would have been due, the Contractor shall have no claim to the difference and waives any such balance by virtue of the default. In the event it is adjudicated that Contractor was not in default, the Contract shall be deemed to have been terminated for convenience as described below.

10.2 TERMINATION OF AGREEMENT BY CITY (FOR CONVENIENCE):

The City may terminate this Agreement at any time if it is in the City's interest to do so. The City shall provide 10 days' notice in the event that it exercises this provision. In such a case, the Contractor shall have no claims against the City except: (1) for the value of Work performed up to the date the Agreement is terminated; and (2) for the cost of Materials and equipment on hand, in transit, or on definite commitment, as of the date this Agreement is terminated and that would be needed in the Work and that meets the requirements of the Contract Documents.

ARTICLE 11 **DEFAULT**

11.1 An event of default shall mean a breach of this Agreement by Consultant. Without limiting the generality of the foregoing and in addition to those instances referred to as a breach, an event of default shall include the following:

If Consultant fails to cure the default, compensation will only be due for any completed professional Services, minus any damages pursuant to Article 10.2. In the event payment has been made for such professional Services not completed, Consultant shall return these sums to City within ten (10) days after notice that these sums are due. Nothing in this Section shall limit City's right to terminate, at any time, pursuant to Article 10 above, and its right for damages under Article 11.2.

11.3 In the event of Default, Consultant shall be liable for all damages resulting from the default, including but not limited to:

- a. Lost funding, and
- b. The difference between the cost associated with procuring services and the amount actually expended by City, including procurement and administrative costs.

Each and every remedy shall be in addition to every other remedy specifically given or otherwise existing and may be exercised from time to time as often and in such order as may be deemed expedient by City. The exercise or the beginning of the exercise of one remedy shall not be deemed to be a waiver of the right to exercise any other remedy. City's rights and remedies as set forth in this Agreement are not exclusive and are in addition to any other rights and remedies available to City at Law or in equity.

ARTICLE 12

DELIVERY OF MATERIALS

12.1 Upon receipt of notice of termination under Articles 8 or 9 above, Consultant shall immediately deliver to City all Materials held or used by Consultant in connection with the Services except those Materials, if any, owned by Consultant or supplied by Consultant at Consultant's own cost. If, at the time of termination further sums are due Consultant, Consultant shall not be entitled to sums until all Materials required to be delivered to the City are delivered in electronic format, including any additional format of delivery of Materials requested by the City.

relieve the Contractor from responsibility to complete the Work in full compliance with all Contract requirements and shall in no way prevent later rejection of such Defective Work when discovered.

ARTICLE 31

LIMITATION OF LIABILITY

31.1 The City desires to enter into this Agreement only if in so doing the City can place a limit on City's liability for any cause of action for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the fee paid to Contractor herein, less any sums paid by the City. Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract to be limited to a maximum fee paid to Contractor herein, less any sums paid by the City.

31.2 Accordingly, and notwithstanding any other term or condition of this Agreement, Contractor agrees that the City shall not be liable to Contractor for damages in an amount in excess of the fee paid to the Contractor herein, less any sums paid by the City, for any action or claim for breach of contract arising out of the performance or non-performance of any obligations imposed upon the City by this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon the City's liability as set forth in Section 768.28, Florida Statutes.

31.3 In no event shall either party be liable for any indirect, incidental, special, or consequential damages, including, without limitation, loss of profits, revenue, or use incurred by either party or any third party, whether in an action in contract or tort, even if the other party or any other person has been advised of the possibility of such damages.

ARTICLE 32

THIRD PARTY BENEFICIARY

It is specifically agreed to between the City and Contractor executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement.

ARTICLE 33

WARRANTY AND GUARANTEE

Contractor warrants and guarantees that at the conclusion of the Project, a written certificate to the City will be provided stating that all Work has been performed in

accordance with the General Conditions. A written warranty will be given to the City against the occurrence of defective Materials and workmanship for a period of one year after acceptance of the Project by the City. At the expiration of the one-year warranty period, Contractor will formally assign to the City all extended and special warranties given by Subcontractor or Subconsultant, manufacturers or Suppliers for their Work or products on the Project and formally notify Subcontractor or Subconsultant and Suppliers of the assignments.

ARTICLE 34

HEADINGS AND INTERPRETATION

Title and paragraph headings are for convenient reference and are not a part of this Agreement. Contractor has been given an opportunity for counsel of its choice to review this Agreement. Accordingly, no party shall be deemed to have any benefit as the drafter of the document for interpretation purposes.

ARTICLE 35

35.1 Should any provision, paragraph, sentence, word or phrase contained in this Agreement be determined by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable under any applicable Law, such provision, paragraph, sentence, word or phrase shall be deemed modified to the extent necessary in order to conform with such Laws, or if not modifiable, then same shall be deemed severable, and in either event, the remaining terms and provisions of this Agreement shall remain unmodified and in full force and effect for limitation of its use.

35.2 City and Contractor each binds itself, its partners, successors, assign and legal representatives to the other party hereto, its partners, successors, assign and legal representatives in respect of all covenants, agreements and obligations contained in this Agreement and in all the Contract Documents.

36.1 Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor or its subcontractors are found to have submitted a false certification; or if the Contractor, or its subcontractors are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.

36.2 If this Agreement is for more than one million dollars, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor, its affiliates, or its subcontractors are found to have submitted a false certification; or if the Contractor, its affiliates, or its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

ARTICLE 37 **OWNERSHIP OF DOCUMENTS**

37.1 All original construction Drawings and Specifications produced by Consultant under this Agreement shall remain the property, and shall remain in the custody and possession, of Consultant, who shall retain them in confidence. Copies of all Drawings and Specifications (both in electronic form, clearly marked as copies, and in the form of reproducible hard copies) shall be furnished to the City, along with copies (or originals to the extent permitted by Florida Regulations governing the practice of Consultants) of any drafts, Work papers, samples, prototypes, models, sketches, conceptual or schematic Drawings, master plan documents, and other work product produced in connection with this Agreement or the Project which is the subject of this Agreement, regardless of the state of completion of the Work, and regardless of the source (collectively, Consultant's "Work") that Consultant has retained in its possession. City may reuse the concepts, themes, ideas, and expression reflected or embodied in the Drawings and Specifications and may, if it wishes, retain another licensed design professional to incorporate said concepts, themes, ideas, and expression into other plans and Specifications. All Consultant's Work other than one set of original construction Drawings, line Drawings, Specifications, and computer disks prepared by the Consultant shall be the property of the City and may be used by the City as the City sees fit. The original physical Drawings and Specifications retained by City may be used for occupying the Project, completing or modifying the Project, the building, the site for which they were prepared, but not for the construction of another project on another site. All original

construction Drawings, line Drawings, Specifications, and computer disks shall remain in the possession, care, custody and control of Consultant. Consultant's Work shall be deemed "work for hire" commissioned by the City to the fullest extent permitted by the copyright Laws of the United States and by Florida Law. To the fullest extent permitted by federal and Florida Law, Consultant hereby transfers to the City, for good and valuable consideration, all copyright, trademark, and patent rights in and to Consultant's Work, and agrees to sign any and all further documents deemed necessary by the City to protect the City's copyright rights therein at the conclusion of the Project. Consultant agrees not to share, reveal, or advertise any of the Work, or the concepts, themes or ideas reflected therein, with or to any third parties absent City's prior written consent, and further agrees not to reuse same for any purpose without City's prior written consent. Consultant expressly acknowledges that, to the extent the concepts and themes for a given Project were initially conceived by the City, they shall remain the property of the City, and the City may reuse them as it sees fit. Upon the completion or termination of Consultant's involvement on a given Project, any and all documents, information or use rights provided to the Consultant for purposes of or in connection with the Consultant's performance of this Agreement in connection with the Project, or otherwise related to the Project, shall be returned to the City, without Consultant retaining any copies except that Consultant shall retain copies of documents or information furnished by the City which were influential in Consultant's production of the Work so long as the Consultant holds same in confidence and does not disseminate them or share them with any other third parties.

37.2 When the City requests that the Consultant provide to it certain plans, Specifications, or other documents in electronic form ('Electronic Documents'), the Project Consultant will do so subject to the terms of this provision. The City recognizes that Electronic Form Documents are not intended to be used for construction, are not Contract Documents under the terms of the Construction Contract, may be revised by others without the knowledge or consent of the Consultant, and, when plotted, may result in variances or corrupt other files of the user. City agrees not to use the Electronic Form Documents for any purposes other than the Project for which they were prepared. Consultant will provide to the City only a working copy of the Electronic Form Documents. Said working copy of the Electronic Form Documents shall have removed from the electronic display all indices of the Consultant's ownership, professional name, and/or involvement in the Project. Any use of any kind and/or changes to the Electronic Form Documents will be at the sole risk of the user and without liability, risk, or legal exposure to the Consultant.

ARTICLE 38

CONFLICT-OF-INTEREST

38.1 To avoid any conflicts of interest, or any appearance thereof, Consultant, for the term of this Agreement, agrees that it will not represent any private sector entities (including but not limited to developers, corporations, real estate investors, etc.) in Miramar, Florida, without notifying the City of the services to be performed. If after such notification the City reasonably determines that a material conflict exists, Consultant will not perform such conflicting Work. The conditions and requirements of this paragraph will also apply to any Subconsultants utilized by Consultant in completion of the Work tasks under this Agreement.

38.2 Furthermore, Consultant covenants that no person under its employ who presently exercises any functions or responsibilities on behalf of the City in connection with this Agreement has any personal financial interest, direct or indirect, with contractors or vendors providing professional services on projects assigned to Consultant, except as fully disclosed and approved by the City. Consultant further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed. Any such interest on the part of Consultant or its employees must be disclosed in writing to the City.

ARTICLE 39

PARTICIPATION PLAN

Consultant agrees to the City's minimum goal requirement of 10% of the Services to be performed by a CBE / SBE and 5% of the Services to be performed by a Local vendor. Consultant agrees to make a good faith effort at recruiting such vendors to complete the Services and shall also submit a Proposed Subconsultants list showing anticipated Approved Vendors.

ARTICLE 40

The parties submit to the jurisdiction of any Florida state or federal court in any action or proceeding arising out of or relating to this Agreement. Venue for any action arising out of this Agreement shall be in Broward County, Florida.

ARTICLE 41
SURVIVAL OF PROVISIONS

Any terms or conditions of this Agreement that require acts beyond the date of its termination shall survive the termination of this Agreement, shall remain in full force and effect unless and until the terms or conditions are completed, and shall be fully enforceable by either party.

ARTICLE 42

2.12 PROPRIETARY/CONFIDENTIAL INFORMATION

Bidders are advised that all information submitted as part of or in support of Bids will be available for public inspection and/or copying after opening of the Bids, in compliance with Chapter 119, Florida Statutes, also known as the "Public Records Law." Any person wishing to view the Bids must make an appointment with the City's Clerk.

All Bids submitted in response to this Solicitation shall become the property of the City. Unless the information submitted is proprietary, copyrighted, trademarked, or patented, the City reserves the right to utilize any or all information, ideas, conceptions, or portions of any Bid in its best interest. Acceptance or rejection of any Bid shall not nullify the City's rights hereunder. Bidders, when submitting their Bids, must clearly notify the City of any proprietary information within their Bid.

2.13 EVALUATION OF A BID

a) Rejection of Bid.

- 1) The City may reject any Bid and award to the next lowest responsive, responsible Bidder whose Bid is in the best interest of the City; or the City may award any portion of a Bid or the City may reject and re-advertise for all or any part of this Solicitation whenever it is in the best interest of the City to do so. The City shall be the sole judge of what is in its "best interest."
- 2) The City may reject any Bid if prices are not reasonable, or if they exceed the City's budget for the Project, as determined by the City.
- 3) The City may reject any part of this Solicitation or award any part, whenever it is deemed in the best interest of the City. The City shall be the sole judge of what is in its "best interest."

b) Elimination from Consideration.

No Contract shall be awarded to any person who, or any firm which, is in default to the City as a result of any debt, taxes, or any other obligation whatsoever.

c) Waiver of Informalities.

The City reserves the right to waive any informalities or irregularities in this Solicitation.

d) Demonstration of Competency.

- 1) A Bid will only be considered from a firm that is regularly engaged in the business of providing the Goods and/or Services required by this Solicitation. The Bidder must be able to demonstrate a good record of performance with sufficient financial resources, skills, equipment and organization to ensure that they can satisfactorily provide the Work if

awarded this Solicitation.

- 2) The City may conduct a pre-award inspection of the Bidder's site or hold a pre-award qualification hearing to determine if the Bidder has the capabilities required and is capable of performing the requirements of this Solicitation. The City may consider any evidence available regarding the financial, technical and other qualifications and abilities of the Bidder, including past performance and experience with the City and any other governmental or private entity in making the award of any Contract.
- 3) The City may require the Bidder to show evidence that it has been designated as an authorized representative of a manufacturer, Supplier and/or distributor if required by this Solicitation.
- 4) The City reserves the right to audit all records, whether financial or otherwise, pertaining to and resulting from any Contract award.
- 5) In determining a Bidder's responsibility and ability to perform the Contract, the City has the right to investigate and request information as to whether the Bidder can perform the Contract within the time specified without delay or interference; the character, integrity, reputation, judgment, experience and efficiency of the Bidder; the quality of performance of previous contracts of a similar nature; the previous and existing compliance by the Bidder with Laws and ordinances relating to any other contract; the Bidder's record with environmental regulations; and the claims and litigation history of the Bidder.

2.14 AWARD OF AN AGREEMENT

a) AGREEMENT.

The Successful Bidder will be the lowest responsible, responsive Bidder that satisfies the minimum qualifications of this Solicitation and whose Bid is in the best interest of the City and who will be required to execute an Agreement in accordance with this Solicitation and the Bid. This Solicitation contains the “**AGREEMENT**”. After award, a Contract similar to the Agreement in this Solicitation, inclusive of all attachments and any modifications which the City ***in its sole discretion may make***, will constitute the entire agreement between the parties. No rights shall inure to the benefit of any Bidder pursuant to this Solicitation until the Agreement has been executed by both parties thereto. A written Notice to Proceed issued to the Successful Bidder by the City is the sole document authorizing the commencement of activities under the Agreement.

b) Voluntary Reduction in Price.

The City may accept a voluntary reduction from a low Bidder after Bid opening, if such reduction is not conditioned on, nor results in, the modification or deletion of any condition contained in the Invitation for Bids and is

determined to be in the best interests of the City. A voluntary reduction may not be used to ascertain the lowest responsive Bid.

c) Additional Information.

The award of an Agreement, or forfeiture of an award, may be conditioned on the timely submission of additional documents. The apparent Successful Bidder shall be deemed "Non-Responsive" if such documents are not submitted in a timely manner and in the form required or request by the City. Where the apparent Successful Bidder is deemed "Non-Responsive" as a result of such failure to provide the required documents, the City may award the Contract to the next lowest, responsive, responsible Bidder whose Bid is in the best interest of the City. In such event, the apparent Successful Bidder shall be declared "Non-Responsive" and shall forfeit its Bid Bond to the City.

d) Independent Contractor.

The Successful Bidder shall be a Contractor operating independently from the City. All employees and Contractors of the Successful Bidder shall be considered to be, at all times, employees or Contractors of the Successful Bidder and not an employee, Contractor, or agent of the City. Nor shall employees and Contractors of the Successful Bidder enjoy any privity of Contract with the City. Neither the Successful Bidder nor any of its employees shall receive any City benefits available to employees of the City. The Successful Bidder shall supply competent and physically capable employees and Contractors. The City may require the Successful Bidder to remove any employee or Contractor that the City deems careless, incompetent, insubordinate, or otherwise objectionable and whose continued performance of Services to the City is not in the best interest of the City. Failure of the Successful Bidder to comply with the City's request will be sufficient cause for the Successful Bidder to be declared in breach of the Contract.

e) Contract Extension.

The City reserves the right to automatically extend any Contract for up to 90 calendar Days beyond the stated Contract term, under the same terms and conditions of said Contract. The City shall notify the Successful Bidder in writing of such extensions. Additional extensions beyond the first 90 Day extension may occur if the City and the Successful Bidder are in mutual agreement of such extensions.

f) Warranty.

Any implied warranty granted under the Uniform Commercial Code shall apply to all Goods purchased under any Contract.

g) Estimated Quantities.

Estimated quantities or estimated dollars, if provided, are for Bidder's guidance and to assist the City in evaluation purposes only. No guarantee is expressed or implied as to quantities or dollars that will be used or ordered during the term of any Contract. The City is not obligated to place any order for a given amount during the term of any Contract.

h) Non-Exclusive Contract.

Although the purpose of this Solicitation is to secure a Contract that can satisfy the total needs of the City, it is agreed and understood that any Contract award does not provide exclusive rights to the Successful Bidder to receive all orders that may be generated by the City in connection with the types of Goods and/or Services requested herein.

h) Limited Contract Extension.

Any specific Work assignment which commences prior to the termination date of the agreement and which will extend beyond the termination date shall, unless terminated by mutual written agreement of both parties, continue until completion at the same prices, terms and conditions as set forth in the agreement.

2.15 RIGHT OF APPEAL

- a) A Notice of Intent to Award for the Project is posted by the City on DemandStar.com, the City Clerk's Notice Board, and on the City's website, www.miramarfl.gov/cityclerk/sunshine. Any actual or prospective Bidder who is aggrieved in connection with the pending award of the Project or any element of the Solicitation process may protest to the City's Chief Procurement Officer. A protest must be filed within five Days after posting of the Intent to Award or any right to protest is forfeited. The protest must be in writing, must identify the name and address of the protester, and must include a factual summary of and the basis for the protest. Filing shall be considered complete when the protest containing the above information in full, including the deposit described below, is received by the City's Chief Procurement Officer.
- b) The City requires a deposit from a protester to compensate the City for the expenses of administering the protest. If the protest is decided in the protester's favor, the entire deposit shall be returned to the protester. If the protest is not decided in the protester's favor, the deposit shall be forfeited to the City. The deposit shall be in the form of cash or a cashier's check, and shall be the greater of one percent of the amount of the pending award or \$5,000.00.

b) Conditions of Packaging and Packaging Materials.

If applicable, and unless otherwise specified in the Plans or Specifications, all containers shall be suitable for shipment and/or storage and recyclable to the greatest extent possible.

2.17 REQUIRED LISTING OF SUBCONTRACTORS AND SUPPLIERS

- a.) All Contracts with the City for purchase of supplies, Materials, or Services, including professional Services involving the expenditure of \$25,000.00 or more, shall require that the Bidder submit with its Bid a listing of all first-tier Subcontractors who will perform any part of the Contract Work and all Suppliers who will supply Materials for the Work directly to the Successful Bidder. In addition, the Successful Bidder shall not change or substitute Subcontractors or Suppliers from those listed in the Bid except upon written approval of the City.
- b.) All Bidders shall submit the completed Bid form entitled “**INFORMATION REQUIRED OF BIDDER LIST OF SUBCONTRACTORS**” with their Bid. Failure to comply with this requirement shall render the Bid “Non-Responsive.”

2.18 CONTRACTOR MINIMUM QUALIFICATIONS

The Successful Bidder **shall** submit proof of the following minimum qualifications with its Bid:

1. At the time of Bid opening, and throughout the term of any Agreement awarded under this Solicitation document, the Successful Bidder shall be fully qualified and licensed to perform the Scope of Work described herein. Proof of licensure is required at the time of Bid submittal.
2. The Successful Bidder shall be an established, Licensed State Certified Building Contractor, and engaged in Construction Services, as the Prime, with a minimum of five (5) consecutive years’ experience, showing completion of four projects of similar size and scope or two projects of greater size and scope, including current mailing addresses, telephone numbers and email addresses of the owners of the referenced projects. **Failure to provide verifiable references will deem the Bid “Non-Responsive.”**

2.19 EXCEPTIONS TO THE SOLICITATION

Exceptions are not applicable to this Solicitation and shall not be taken by a Bidder. Taking exceptions in the Bid may render the Bid “Non-Responsive.”

2.20 PERFORMANCE EVALUATION

The Successful Bidder's work will be evaluated at the completion of this Project by the City's Project Manager for this Project.

2.21 PURCHASING CARD (P-CARD)

The City of Miramar has implemented a Procurement Card (P-Card) Program. Bidders must have the capability to accept credit cards for payments or must be willing to take the necessary steps in order to accept credit card payments by the City prior to the implementation of this agreement as the City may opt to use the P-Card as its method of payment.

While acceptance of credit cards for payments may be mandatory, this shall not be the City's exclusive method of payment. Bidders shall not charge a surcharge, convenience fee or any other fees associated with the acceptance of payment by the City's P-Card.

2.22 COOPERATIVE PURCHASING AGREEMENT

This bid may be expanded to include other governmental agencies provided a cooperative Purchasing Agreement exists or an Inter-Local Agreement for joint purchasing exists between the City and other public agencies. The Contractors may agree to allow other public agencies to contract with them for the same items at the same terms and conditions as this bid, during the period of time that this bid is in effect. Each political entity will be responsible for execution of its own requirements with the Contractor.

fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "convicted" or "conviction" as defined in Section 283.133(1)(b), Florida
Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an
adjudication of guilt, in any federal or state trial court of record relating to charges brought
by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial,
or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Section 287.133(1)(a), Florida Statutes
means:
- a. A predecessor or successor of a person convicted of a public entity crime; or
- b. An entity under the control of any natural person who is active in the management
of the entity and who has been convicted of a public entity crime. The term "affiliate"
includes those officers, directors, executives, partners, shareholders, employees,
members, and agents who are active in the management of an affiliate. The ownership by
one person of shares constituting a controlling interest in another person, or a pooling of

equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Section 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bids on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement (Indicate which statement applies).

☐ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.

TOXIC AND NONTOXIC SUBSTANCES

The Federal "Right to Know" Regulation implemented by the Occupational Safety and Health Administration (OSHA) and the Florida "Right to Know" Law requires employers to inform their employees of any toxic substances to which they may be exposed in the workplace, and to provide training in safe handling practices and emergency procedures. It also requires notification to the local fire department of the location and characteristics of all toxic substances regularly present in the workplace. The Successful Bidder shall supply this information to:

City of Miramar
Fire Department
Attention: **Fire Prevention**
2200 Civic Center Place
Miramar, FL 33025

The Successful Bidder must submit with their Bid a list of all chemical products (soaps, glass cleaners, detergents, degreasers, glues, primers, etc.) that they propose to use to accomplish the work specified herein. The City is endeavoring to use environmentally safe products and may require any product named to be deleted from the list and a more acceptable product used. Inclusion of a product on this list constitutes a commitment to use said product(s) for the full term of the Contract. Failure to meet this requirement may result in a Bid being deemed non-responsive.

For more information concerning toxic substances, contact the Florida Department of Labor and Employment Security at the address listed below for any related information packets:

INSURANCE REQUIREMENTS

Bidder shall agree that he/she/it will, in the performance of Work and Services under the Contract, comply with all federal, state and local laws and regulations now in effect, or hereinafter enacted during the term of the Contract that are applicable to Successful Bidder, its employees, agents or Subcontractors, if any, with respect to the Work and Services described herein.

Bidder shall obtain at Bidder's expense all necessary insurance in such form and amount as required by the City's Risk Manager before beginning Work under the Contract, including but not limited to Workers' Compensation Insurance required by law. The Bidder's liability insurance policies shall name the City as the certificate holder on all certificates. Bidder shall maintain such insurance in full force and effect during the life of the Contract. Bidder shall provide to the City's Risk Manager certificates of all insurance and endorsements required under this section prior to beginning any Work under the Contract. Bidder shall make this same requirement of any of its Subcontractors to which Florida's Workers' Compensation laws apply.

Bidder shall indemnify and hold the City harmless from any damage resulting to them for failure of either Bidder or any Subcontractor to secure or maintain such insurance.

For programs that are active in nature, which shall be determined in the sole and exclusive discretion of the City, Bidder shall maintain commercial general, automobile (where applicable), workers' compensation and professional liability insurance in an amount acceptable to the City's Risk Manager.

Minimum Limits of Insurance

Bidder shall maintain the following minimum limits of insurance (unless higher limits are required by law or statute):

1.  - a. To property, equipment, vehicles, laptops, cell phones, etc. owned, leased or used by the Bidder or the Bidder's employees, agents or Subcontractors; and
 - b. To the extent such loss, damage, claims, suits or demands are covered, or should be covered, by the required or any other insurance (except professional liability to which this requirement does not apply) maintained by the Bidder.

This waiver shall apply to all first party property, equipment, vehicle and workers' compensation claims, and all third party liability claims, including deductibles or retentions which may be applicable thereto. If necessary, the Bidder agrees to endorse the required insurance policies to acknowledge the required waivers of subrogation in favor of the City. Bidder shall further agree to hold harmless and indemnify the City for any loss or expense incurred as a result of Bidder's failure to obtain such waivers of subrogation from Bidder's insurers.

The Agreement shall not be deemed approved until the Bidder has obtained all insurance required under this section and has supplied the City with evidence of such coverage in the form of complete copies of the actual insurance policies with additional insured and waiver of subrogation endorsements for policies as stated in the required insurance endorsement section above. AGREEMENT BETWEEN THE CITY OF MIRAMAR, FLORIDA AND [REDACTED] FOR REGIONAL PARK AMPHITHEATER BACK OF HOUSE IN MIRAMAR, FLORIDA

WITNESSETH:

WHEREAS, on [REDACTED], by Resolution No. [REDACTED], the City Commission approved the award of Invitation to Bids No. 20-009 (the "IFB"), entitled "Regional Park Amphitheater Back Of House" (the "Work" or "Services"), to Contractor as the lowest, responsible, responsive Bidder whose bid is in the best interest of the City; and

WHEREAS, the City intends to contract for the Services related to the Work and desires to engage the services of Contractor for this purpose; and

WHEREAS, the Contractor desires to contract with the City to provide the Services as set forth in the IFB the terms of which are incorporated and made a part hereof, including all definitions set forth therein.

NOW THEREFORE, the City and Contractor, in consideration of the mutual covenants hereinafter set forth, the receipt and sufficiency of which is acknowledged, agree as follows:

ARTICLE 1 **DEFINITIONS**

Except as provided herein, terms used in this Agreement are defined in the IFB, which is deemed fully incorporated herein for all purposes, and have the meanings indicated in the IFB or in the General Terms and Conditions incorporated herein by

reference. In the event of conflict, the definitions and all other terms and conditions contained in the IFB shall govern.

ARTICLE 2

WORK

The Work includes, but is not limited to, the Contractor furnishing all labor, material, machinery, tools, equipment, services and incidentals necessary to build a 2,700 square foot, reinforced masonry single story structure with office space, dressing rooms, green room, storage area and breakroom, laundry room, data room, lobby reception area, and any and all additional Work included in the Contract Documents and the Contractor's proposal, attached hereto as **Exhibit "A"**.

ARTICLE 3

CONTRACT TIME

Time is of the essence in the performance of the Work under this Agreement. The commencement date shall be established in the Notice to Proceed. Contractor shall commence the Work within 10 Days from the commencement date. The Work shall be Substantially Complete within 270 Calendar Days after the commencement date given in the Notice to Proceed. The Work shall be Finally Completed for full acceptance by the City within 300 Calendar Days after the commencement date given in the Notice to Proceed.

ARTICLE 4

CONTRACTOR AND CITY'S RELATIONSHIP

4.1 The Contractor accepts the relationship of trust and confidence established between it and the City by this Agreement. The Contractor represents that it will furnish its best skill and judgment in performing the Contractor's Services and the Work, and shall always act to further the interest of the City in the expeditious completion of the Project, at the lowest responsible cost to the City, and in strict accordance with the Contract Documents and prudent and customary industry practices.

4.2 By signing this Agreement, the Contractor accepts a fiduciary duty with the City and warrants and represents to the City that the Contractor:

- A. Has all licenses and certifications required by applicable law to perform the Contractor's Services and the Work;
- B. Is experienced in all aspects of the Work required for projects similar to the Project;
- C. Will act in the City's highest and best interest in performing the Contractor's Services and the Work; and
- D. That no employee or affiliate of the Contractor, including all Subconsultants, Subcontractors and Suppliers, at any tier, has been

4.3 The Contractor acknowledges and agrees that the City is relying on these representations and covenants as a material inducement to enter into this Agreement.

ARTICLE 5 **TERM**

The term of this Agreement shall commence upon the date of execution hereof and shall remain in effect until acceptance of the Goods and/or Services by the City, unless terminated earlier as provided herein.

ARTICLE 6 **LIQUIDATED DAMAGES**

City and the Contractor recognize that time is of the essence of this Agreement and that the City will suffer financial loss if the Work is not completed within the time specified herein. They also recognize the delays, expense, and difficulties involved in proving in a legal proceeding the actual loss suffered by the City if the Work is not completed on time. Accordingly, instead of requiring any such proof, the City and the Contractor agree that as liquidated damages for delay (but not as a penalty), the Contractor shall pay the City \$500 for each Day that expires after the time specified herein for Substantial Completion until Substantial Completion is achieved, and \$1000 for each calendar Day that expires after the time herein for Final Completion and full acceptance is achieved. Liquidated damages are cumulative.

ARTICLE 7 **CONTRACT PRICE**

City shall pay Contractor [REDACTED] \$([REDACTED]) for completion of the Work in accordance with the amount set forth in the Contractor's Bid and in the Contract Documents. The Contractor shall be responsible for reimbursing the City, in addition to liquidated damages, for all costs incurred by the Engineer administering the construction of the Project beyond the Final Completion date specified above or beyond an approved extension of time granted to the Contractor, whichever is later. Such costs shall be deducted from the monies due the Contractor for performance of Work under this Agreement by means of unilateral Change Orders (if any) issued periodically by the City as costs are incurred by the Engineer and agreed to by the City.

ARTICLE 8 **PAYMENT PROCEDURES**

Contractor shall submit Applications for Payment in accordance with the General Terms and Conditions. Applications for Payment will be processed by the Engineer as provided in the General Terms and Conditions.

ARTICLE 9

INDEMNIFICATION

9.1 To the fullest extent permitted by Laws and Regulations, the Contractor shall indemnify, defend, and hold harmless the City, the Engineer, and their officers, directors, agents, and employees, against and from all claims and liability arising under, by reason of or incidental to the Agreement or any performance of the Work, but not from the sole negligence or willful misconduct of the City and/or the Engineer. Such indemnification by the Contractor shall include but not be limited to the following:

- A. Liability or claims resulting directly or indirectly from the negligence or carelessness of the Contractor, its employees, or agents in the performance of the Work, or in guarding or maintaining the same, or from any improper Materials, implements, or appliances used in the Work, or by or on account of any act or omission of the Contractor, its employees, or agents;
- B. Liability or claims arising directly or indirectly from bodily injury, occupational sickness or disease, or death of the Contractor's or Subcontractor's own employees engaged in the Work resulting in actions brought by or on behalf of such employees against the City and/or the Engineer;
- C. Liability or claims arising directly or indirectly from or based on the violation of any Law, ordinance, Regulation, order, or decree, whether by the Contractor, its employees, or agents;
- D. Liability or claims arising directly or indirectly from the use or manufacture by the Contractor, its employees or agents in the performance of this Agreement, of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article, or appliance, unless otherwise specifically stipulated in this Agreement;
- E. Liability or claims arising directly or indirectly from the breach of any warranties, whether express or implied, made to the City or any other parties by the Contractor, its employees or agents;
- F. Liabilities or claims arising directly or indirectly from the willful misconduct of the Contractor, its employees or agents; and
- G. Liabilities or claims arising directly or indirectly from any breach of the obligations assumed herein by the Contractor.

9.2 The Contractor shall reimburse the City and the Engineer for all costs and expenses (including but not limited to fees and charges of Engineers, architects, attorneys, and other professionals and court costs) incurred by the City and the Engineer in enforcing the provisions of this indemnification.

9.3 This indemnification obligation shall not be limited in any way by any limitation of the amount or type of damages, compensation, or benefits payable by or for

the Contractor or any Subcontractor or other person or organization under workers' compensation acts, disability benefit acts, or other employee benefit acts, or insurance coverage.

9.4 The Contractor acknowledges receipt and the adequacy of the specific consideration in the amount of \$100.00, which sum was included in the total Bid Price and is included in the Contract Price to be paid by City to the Contractor as consideration for the indemnification given by the Contractor to the City.

9.5 Nothing in this Agreement shall be deemed or treated as a waiver by the City of any immunity to which it is entitled to by law, including but not limited to the City's sovereign immunity set forth in Section 768.28, Florida Statutes.

ARTICLE 10 **TERMINATION**

10.1 TERMINATION OF AGREEMENT BY CITY (CONTRACTOR DEFAULT):

In the event of default by the Contractor, the City shall provide Contractor with 10 Days written notice of City's intent to terminate this Agreement and provide the Contractor an opportunity to remedy the conditions constituting the default. It shall be a default by the Contractor whenever Contractor shall:

- A.** Declare bankruptcy, become insolvent, or assign its assets for the benefit of its creditors;
- B.** Fail to provide Materials or workmanship meeting the requirements of the Contract Documents;
- C.** Disregard or violate provisions of the Contract Documents or Engineer's or City's instructions;
- D.** Fail to execute the Work or provide Services on a timely basis or according to the Contract Documents;
- E.** Fail to provide a qualified superintendent, competent workmen, or Materials or equipment meeting the requirements of the Contract Documents; or
- F.** Fail in any other material way to comply with the requirements of the Contract Documents.

10.1.1 If the Contractor fails to remedy the conditions constituting default within 10 Days from the date of the City's written notice of its intent to terminate this Agreement, the City may then issue a Notice of Termination and terminate this Agreement.

10.1.2 In the event the Agreement is terminated for Contractor's default, the City may take possession of the Work and may complete the Work by whatever method or means the City may select. The cost of completing the Work shall be deducted from the balance which would have been due the Contractor had the Agreement not been terminated and the Work completed in accordance with the

Contract Documents. If such cost exceeds the balance which would have been due, the Contractor shall promptly pay the excess amount to the City. If such cost is less than the balance which would have been due, the Contractor shall have no claim to the difference and waives any such balance by virtue of the default. In the event it is adjudicated that Contractor was not in default, the Contract shall be deemed to have been terminated for convenience as described below.

10.2 TERMINATION OF AGREEMENT BY CITY (FOR CONVENIENCE):

The City may terminate this Agreement at any time if it is in the City's interest to do so. The City shall provide 10 days' notice in the event that it exercises this provision. In such a case, the Contractor shall have no claims against the City except: (1) for the value of Work performed up to the date the Agreement is terminated; and (2) for the cost of Materials and equipment on hand, in transit, or on definite commitment, as of the date this Agreement is terminated and that would be needed in the Work and that meets the requirements of the Contract Documents.

ARTICLE 11 **DEFAULT**

11.1 An event of default shall mean a breach of this Agreement by Consultant. Without limiting the generality of the foregoing and in addition to those instances referred to as a breach, an event of default shall include the following:

- a. Consultant has not performed Services on a timely basis as set forth in the Project Schedule attached as, Exhibit "B";
- b. Consultant has refused or failed, except in the case for which an extension of time is provided, to supply enough properly skilled staff personnel;
- c. Consultant has failed to make prompt payment to Subconsultants or Suppliers (if any) for any Services;
- d. Consultant has become insolvent or has assigned the proceeds received for the benefit of Architect's creditors, or Architect has taken advantage of any insolvency statute or debtor/creditor law or, if Architect's affairs have been put in the hands of a receiver;
- e. Consultant has failed to obtain the approval of City where required by this Agreement;
- f. Consultant has failed in the honoring of any warranties; or
- g. Consultant has refused or failed, except in the case for which an extension of time is provided, to provide the Services as defined in this Agreement.

11.2 In the event Consultant fails to comply with the provisions of this Agreement, City may declare Consultant in default, notify Consultant in writing, and give Consultant 15 calendar Days to cure the default. If Consultant fails to cure the default, compensation will only be due for any completed professional Services, minus any damages pursuant to Article 10.2. In the event payment has been made for such professional Services not completed, Consultant shall return these sums to City within ten (10) days after notice that these sums are due. Nothing in this Section shall limit City's right to terminate, at any time, pursuant to Article 10 above, and its right for damages under Article 11.2.

11.3 In the event of Default, Consultant shall be liable for all damages resulting from the default, including but not limited to:

- a. Lost funding, and
- b. The difference between the cost associated with procuring services and the amount actually expended by City, including procurement and administrative costs.

11.4 City may take advantage of each and every remedy specifically existing at law or in equity. Each and every remedy shall be in addition to every other remedy specifically given or otherwise existing and may be exercised from time to time as often and in such order as may be deemed expedient by City. The exercise or the beginning of the exercise of one remedy shall not be deemed to be a waiver of the right to exercise any other remedy. City's rights and remedies as set forth in this Agreement are not exclusive and are in addition to any other rights and remedies available to City at Law or in equity.

ARTICLE 12

DELIVERY OF MATERIALS

12.1 Upon receipt of notice of termination under Articles 8 or 9 above, Consultant shall immediately deliver to City all Materials held or used by Consultant in connection with the Services except those Materials, if any, owned by Consultant or supplied by Consultant at Consultant's own cost. If, at the time of termination further sums are due Consultant, Consultant shall not be entitled to sums until all Materials required to be delivered to the City are delivered in electronic format, including any additional format of delivery of Materials requested by the City.

12.2 Upon receipt of notice of termination for any reason, Consultant shall promptly cease all Services, except for additional Services that the City may, in its discretion, request Consultant to perform. Consultant shall perform additional Services with the standard of care as stated in Article 4 above.

ARTICLE 13

CONTRACT DOCUMENTS

13.1 The Contract Documents which comprise the entire agreement between City and Contractor concerning the Work consist of this Agreement, including amendments hereto and the following:

The Contractor and all Subcontractors shall conform to all OSHA, federal, state, county and City Regulations while performing under the terms and conditions of this Agreement. Any fines levied by the above-mentioned authorities because of inadequacies to comply with these requirements shall be borne solely by the Contractor.

ARTICLE 16

AUDIT AND INSPECTION RIGHTS

16.1 The City may, at reasonable times and for a period of up to three years following the date of Final Completion, audit, or cause to be audited, those books and

records of Contractor that are related to Contractor's performance under this Agreement. Contractor agrees to maintain all such books and records at its principal place of business for a period of three years after final payment is made under this Agreement.

16.2 The City may, at reasonable times during the term hereof, inspect Contractor's facilities and perform such inspections as the City deems reasonably necessary to determine whether the Services required to be provided by Contractor under this Agreement conform to the terms hereof and/or the terms of this Agreement. Contractor shall make available to the City all reasonable facilities and assistance to facilitate the performance of inspections by the City's representatives. All inspections shall be subject to, and made in accordance with, all applicable Laws, including but not limited to the provisions of the City Code and the Code of Broward County, Florida, as same may be amended or supplemented from time to time.

16.3 The City may, as deemed necessary, require from the Contractor support and/or documentation for any submission. ARTICLE 18

PUBLIC RECORDS

18.1 The Contractor shall comply with The Florida Public Records Act as follows:

18.1.1 Keep and maintain public records in the Contractor's possession or control in connection with the Contractor's performance under this Agreement, that ordinarily and necessarily would be required by the City in order to perform the service.

18.1.2 Upon request by the City's records custodian, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

- 18.1.3** Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement, and following completion of this Agreement until the records are transferred to the City.
- 18.1.4** Upon completion of this Agreement or in the event of termination of this Agreement by either party, any and all public records relating to this Agreement in the possession of the Contractor shall be delivered by the Contractor to the City, at no cost to the City, within seven (7) days. All records stored electronically by the Contractor shall be delivered to the City in a format that is compatible with the City's information technology systems. 19.2 The Contractor agrees that it shall not make any statements, press releases or publicity releases concerning this Agreement or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with this Agreement, or any particulars thereof, during the period of the Agreement, without first notifying the City and securing prior written consent, unless and except otherwise required by Law. The City shall be named as the certificate holder and an additional insured on all certificates. All liability insurance policies shall have endorsements adding the City of Miramar as an additional insured, a waiver of subrogation in favor of the City and a separate endorsement for automobile liability. Insurance shall be maintained continuously during the term of the Contract up to the date of Final Completion, but the Consultant's liabilities under this Agreement shall not be deemed limited in any way to the insurance coverage required.

The Contractor will be responsible for planning all the work without the assistance of City staff. Accordingly, Contractor shall not attain nor be entitled to any rights or benefits of the City, nor any rights generally afforded, classified or unclassified, employees of the City. ARTICLE 28

ARTICLE 30
CITY'S OWN FORCES

30.1 The City reserves the right to perform operations related to the Project with the City's own forces, and to award contracts in connection with the Project which are not part of the Contractor's responsibilities under this Agreement.

30.2 The City will have the right to inspect and conduct periodic inspections of the Work and/or Materials to determine compliance with the requirements of the Contract. Any Work and/or Materials rejected by the City for non-compliance shall be replaced and/or corrected at the Contractor's expense. Failure to reject Defective Work

and/or Materials, whether from lack of discovery of such defect or for any other reason, will not relieve the Contractor from responsibility to complete the Work in full compliance with all Contract requirements and shall in no way prevent later rejection of such Defective Work when discovered.

ARTICLE 31

LIMITATION OF LIABILITY

31.1 The City desires to enter into this Agreement only if in so doing the City can place a limit on City's liability for any cause of action for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the fee paid to Contractor herein, less any sums paid by the City. Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract to be limited to a maximum fee paid to Contractor herein, less any sums paid by the City.

31.2 Accordingly, and notwithstanding any other term or condition of this Agreement, Contractor agrees that the City shall not be liable to Contractor for damages in an amount in excess of the fee paid to the Contractor herein, less any sums paid by the City, for any action or claim for breach of contract arising out of the performance or non-performance of any obligations imposed upon the City by this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon the City's liability as set forth in Section 768.28, Florida Statutes.

31.3 In no event shall either party be liable for any indirect, incidental, special, or consequential damages, including, without limitation, loss of profits, revenue, or use incurred by either party or any third party, whether in an action in contract or tort, even if the other party or any other person has been advised of the possibility of such damages.

ARTICLE 32

THIRD PARTY BENEFICIARY

It is specifically agreed to between the City and Contractor executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement.

ARTICLE 33

WARRANTY AND GUARANTEE

Contractor warrants and guarantees that at the conclusion of the Project, a written certificate to the City will be provided stating that all Work has been performed in accordance with the General Conditions. A written warranty will be given to the City against the occurrence of defective Materials and workmanship for a period of one year after acceptance of the Project by the City. At the expiration of the one-year warranty

period, Contractor will formally assign to the City all extended and special warranties given by Subcontractor or Subconsultant, manufacturers or Suppliers for their Work or products on the Project and formally notify Subcontractor or Subconsultant and Suppliers of the assignments.

ARTICLE 34

HEADINGS AND INTERPRETATION

Title and paragraph headings are for convenient reference and are not a part of this Agreement. Contractor has been given an opportunity for counsel of its choice to review this Agreement. Accordingly, no party shall be deemed to have any benefit as the drafter of the document for interpretation purposes.

ARTICLE 35

SEVERABILITY

35.1 Should any provision, paragraph, sentence, word or phrase contained in this Agreement be determined by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable under any applicable Law, such provision, paragraph, sentence, word or phrase shall be deemed modified to the extent necessary in order to conform with such Laws, or if not modifiable, then same shall be deemed severable, and in either event, the remaining terms and provisions of this Agreement shall remain unmodified and in full force and effect for limitation of its use.

35.2 City and Contractor each binds itself, its partners, successors, assign and legal representatives to the other party hereto, its partners, successors, assign and legal representatives in respect of all covenants, agreements and obligations contained in this Agreement and in all the Contract Documents.

ARTICLE 36

SCRUTINIZED COMPANIES

36.1 Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor or its subcontractors are found to have submitted a false certification; or if the Contractor, or its subcontractors are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.

36.2 If this Agreement is for more than one million dollars, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the City may immediately terminate this Agreement at its sole option if the Contractor, its affiliates, or its subcontractors are found to have submitted a false certification; or if the Contractor, its affiliates, or its subcontractors are placed on the Scrutinized Companies with Activities

in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

36.3 The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

36.4 As provided in Subsection 287.135(8), F.S., if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

ARTICLE 37 **OWNERSHIP OF DOCUMENTS**

37.1 All original construction Drawings and Specifications produced by Consultant under this Agreement shall remain the property, and shall remain in the custody and possession, of Consultant, who shall retain them in confidence. Copies of all Drawings and Specifications (both in electronic form, clearly marked as copies, and in the form of reproducible hard copies) shall be furnished to the City, along with copies (or originals to the extent permitted by Florida Regulations governing the practice of Consultants) of any drafts, Work papers, samples, prototypes, models, sketches, conceptual or schematic Drawings, master plan documents, and other work product produced in connection with this Agreement or the Project which is the subject of this Agreement, regardless of the state of completion of the Work, and regardless of the source (collectively, Consultant's "Work") that Consultant has retained in its possession. City may reuse the concepts, themes, ideas, and expression reflected or embodied in the Drawings and Specifications and may, if it wishes, retain another licensed design professional to incorporate said concepts, themes, ideas, and expression into other plans and Specifications. All Consultant's Work other than one set of original construction Drawings, line Drawings, Specifications, and computer disks prepared by the Consultant shall be the property of the City and may be used by the City as the City sees fit. The original physical Drawings and Specifications retained by City may be used for occupying the Project, completing or modifying the Project, the building, the site for which they were prepared, but not for the construction of another project on another site. All original construction Drawings, line Drawings, Specifications, and computer disks shall remain in the possession, care, custody and control of Consultant. Consultant's Work shall be deemed "work for hire" commissioned by the City to the fullest extent permitted by the copyright Laws of the United States and by Florida Law. To the fullest extent permitted by federal and Florida Law, Consultant hereby transfers to the City, for good and valuable consideration, all copyright, trademark, and patent rights in and to Consultant's Work, and agrees to sign any and all further documents deemed necessary by the City to protect the City's copyright rights therein at

the conclusion of the Project. Consultant agrees not to share, reveal, or advertise any of the Work, or the concepts, themes or ideas reflected therein, with or to any third parties absent City's prior written consent, and further agrees not to reuse same for any purpose without City's prior written consent. Consultant expressly acknowledges that, to the extent the concepts and themes for a given Project were initially conceived by the City, they shall remain the property of the City, and the City may reuse them as it sees fit. Upon the completion or termination of Consultant's involvement on a given Project, any and all documents, information or use rights provided to the Consultant for purposes of or in connection with the Consultant's performance of this Agreement in connection with the Project, or otherwise related to the Project, shall be returned to the City, without Consultant retaining any copies except that Consultant shall retain copies of documents or information furnished by the City which were influential in Consultant's production of the Work so long as the Consultant holds same in confidence and does not disseminate them or share them with any other third parties.

37.2 When the City requests that the Consultant provide to it certain plans, Specifications, or other documents in electronic form ('Electronic Documents'), the Project Consultant will do so subject to the terms of this provision. The City recognizes that Electronic Form Documents are not intended to be used for construction, are not Contract Documents under the terms of the Construction Contract, may be revised by others without the knowledge or consent of the Consultant, and, when plotted, may result in variances or corrupt other files of the user. City agrees not to use the Electronic Form Documents for any purposes other than the Project for which they were prepared. Consultant will provide to the City only a working copy of the Electronic Form Documents. Said working copy of the Electronic Form Documents shall have removed from the electronic display all indices of the Consultant's ownership, professional name, and/or involvement in the Project. Any use of any kind and/or changes to the Electronic Form Documents will be at the sole risk of the user and without liability, risk, or legal exposure to the Consultant.

ARTICLE 38

CONFLICT-OF-INTEREST

38.1 To avoid any conflicts of interest, or any appearance thereof, Consultant, for the term of this Agreement, agrees that it will not represent any private sector entities (including but not limited to developers, corporations, real estate investors, etc.) in Miramar, Florida, without notifying the City of the services to be performed. If after such notification the City reasonably determines that a material conflict exists, Consultant will not perform such conflicting Work. The conditions and requirements of this paragraph will also apply to any Subconsultants utilized by Consultant in completion of the Work tasks under this Agreement.

38.2 Furthermore, Consultant covenants that no person under its employ who presently exercises any functions or responsibilities on behalf of the City in connection with this Agreement has any personal financial interest, direct or indirect, with contractors or vendors providing professional services on projects assigned to Consultant, except as fully disclosed and approved by the City. Consultant further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed. Any such interest on the part of Consultant or its employees must be disclosed in writing to the City.

ARTICLE 39
VENUE AND JURISDICTION

This Agreement shall be construed and enforced according to the Laws of the State of Florida. The parties submit to the jurisdiction of any Florida state or federal court in any action or proceeding arising out of or relating to this Agreement. Venue for any action arising out of this Agreement shall be in Broward County, Florida.

ARTICLE 40
SURVIVAL OF PROVISIONS

Any terms or conditions of this Agreement that require acts beyond the date of its termination shall survive the termination of this Agreement, shall remain in full force and effect unless and until the terms or conditions are completed, and shall be fully enforceable by either party.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

Contractor waives any subsequent claim of conflict, error, discrepancy, error or omission. The Contractor shall submit to the Engineer for review those documents called for in the General Requirements as, "Submittals".

2.6 PRE-CONSTRUCTION CONFERENCE

A non-mandatory pre-construction conference attended by the Contractor, Engineer and others as appropriate will be held to discuss the requirements of the Work.

Before the first pre-construction conference, the Contractor shall submit for the Architect's/Engineer's review, and to others as appropriate, the following documents (to the extent applicable): Hurricane Preparedness Plan, Construction Schedule, Schedule of Values, MOT Plan, Staging Plan, and Mobilization Plan, all submitted in accordance with the General Requirements.

ARTICLE 3 -- CONTRACT DOCUMENTS: INTENT; AMENDMENT; REUSE

3.1 INTENT

- A. The Contract Documents comprise the entire agreement between the City and the Contractor concerning the Work. **The Contract Documents are complementary; what is called for by one is as binding as if called for by all.** The Contract Documents will be construed in accordance with the Laws of the State of Florida.
- B. It is the intent of the Contract Documents to describe the Work, functionally complete, to be constructed in accordance with the Contract Documents. Any Work, Materials, or equipment that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe Work, Materials, or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard Specifications, manuals, or codes of any technical society, organization, or association, or to the Laws or Regulations of any governmental authority, whether such reference be specific or by implication, shall mean the latest standard Specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids, except as may be otherwise specifically stated. However, no provision of any referenced standard Specification, manual, or code (whether or not specifically incorporated by reference in the Contract Documents) shall be effective to change the duties and responsibilities of the City, the Contractor, or the Engineer or any of their consultants, agents, or employees from those set forth in the Contract Documents.

- C. If, during the performance of the Work, the Contractor finds a conflict, error, or discrepancy in the Contract Documents, the Contractor shall so report to the Architect/Engineer in writing at once and before proceeding with the Work affected thereby, and shall obtain a written interpretation, clarification, or correction from the Architect's/Engineer.

3.2 ORDER OF PRECEDENCE OF CONTRACT DOCUMENTS

- A. In resolving conflicts resulting from conflicts, errors, or discrepancies in any of the Contract Documents, the order of precedence shall be as follows:

Change Orders (if any);
Contract;
Addenda;
Contractor's Bid;
Solicitation, General Provisions;
General Conditions;
Technical Specifications;
Referenced Standard Specifications; and
Drawings.

- B. With reference to the Drawings, the order of precedence is as follows:

1. Figures govern over scaled dimensions;
2. Detail Drawings govern over general Drawings;
3. Addenda/Change Order Drawings govern over Contract Drawings;
and
4. Contract Drawings govern over standard Drawings.

- C. Items of Material, equipment, machinery and specific tools to be used may be specified on the Drawings or the Specifications. In the event of any conflict, the matters reflected in the Drawings shall prevail. Contractor shall make inquiry of the Architect/Engineer in the event of any doubt on these matters, rather than making an uninformed decision.

3.3 AMENDING AND SUPPLEMENTING CONTRACT DOCUMENTS

The Contract Documents may be amended to provide for additions, deletions, and revisions in the Work or to modify the terms and conditions thereof by a Change Order in accordance with the procedure set forth at Article 10 below.

3.4 REUSE OF DOCUMENTS

Neither the Contractor, nor any Subcontractor or Supplier, nor any other person or organization performing any of the Work under a Contract with the

City shall have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents used in the Work, and they shall not reuse any of them on the extensions of the Project or any other project without written consent of the City.

ARTICLE 4 -- AVAILABILITY OF LANDS; PHYSICAL CONDITIONS; REFERENCE POINTS

4.1 AVAILABILITY OF LANDS

The City shall furnish, as indicated in the Contract Documents, the lands upon which the Work is to be performed, rights-of-way and easements for access thereto, and such other lands which are designated for the use of the Contractor. Easements for permanent structures or permanent changes in existing facilities will be obtained and paid for by the City, unless otherwise provided in the Contract Documents. Nothing contained in the Contract Documents shall be interpreted as giving the Contractor exclusive occupancy of the lands or rights-of-way provided. The Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of Materials and equipment, provided that the Contractor shall not enter upon nor use any property not under the control of the City until a written temporary construction easement agreement has been executed by the Contractor and the property owner, and a copy of said easement is furnished to the Architect/Engineer prior to said use. Neither the City nor the Architect/Engineer shall be liable for any claims or damages resulting from the Contractor's unauthorized trespass or use of any properties.

4.2 DIFFERING SITE CONDITIONS

- A. The Contractor shall notify the Architect/Engineer in writing of any unforeseen conditions, including but not limited to the following conditions which are collectively called differing site conditions, promptly upon discovery (but in no event later than 14 Days) and before they are disturbed:
 - 1. Subsurface or latent physical conditions at the site of the Work differing materially from those indicated, described, or delineated in the Contract Documents; and
 - 2. Unknown physical conditions at the site of the Work of an unusual nature differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in the Contract Documents.

- B. The Architect/Engineer will review the pertinent conditions, determine the necessity of obtaining additional explorations or tests with respect thereto, and advise the City in writing of the Architect's/Engineer's findings and conclusions.
- C. If the City concludes that, because of newly discovered conditions, a change in the Contract Documents is required, a Change Order (when applicable) will be issued as provided herein to reflect and document the consequences of the difference.
- D. In each such case, an increase or decrease in the Contract Price or an extension or shortening of the Contract Time, or any combination thereof, will be allowable to the extent that they are attributable to any such difference. If the City and the Contractor are unable to agree as to the amount or length thereof, a claim may be made as provided herein.
- E. The Contractor's failure to give notice of differing site conditions as provided herein in the claims procedure shall constitute a waiver of all claims in connection therewith, whether direct or consequential in nature.

4.3 PHYSICAL CONDITIONS - UNDERGROUND UTILITIES

- A. Shown or Indicated: The information and data shown or indicated in the Contract Documents with respect to existing Underground Utilities at or contiguous to the site are based on information and data furnished to the City or the Architect/Engineer by the owners of such Underground Utilities or by others. The City and the Architect/Engineer shall not be responsible for the accuracy or completeness of any such information or data, and the Contractor shall have full responsibility for reviewing and checking all such information and data, and perform soft digs as required for locating all Underground Utilities shown or indicated in the Contract Documents, for coordination of the Work with the owners of such Underground Utilities during construction, for the safety and protection thereof and repairing any damage thereto resulting from the Work, the cost of which will be considered as having been included in the Contract Price. The Contractor must be equipped with all necessary tools and parts in order to repair damaged Underground Utilities in a timely manner.

11.1 GENERAL

- A. The Contract Price constitutes the total compensation payable to the Contractor for performing the Work. All duties, responsibilities, and obligations assigned to or undertaken by the Contractor shall be at its expense without change in the Contract Price.
- B. The value of any Work covered by a Change Order (when applicable) or of any claim for an increase or decrease in the Contract Price shall be determined in one of the following ways:
 - 1. Where the Work involved is covered by unit prices contained in the Contract Documents, by application of unit prices to the quantities of the increased or decreased units.
 - 2. By mutual acceptance of a lump sum amount, properly itemized and supported by substantiating data to permit evaluation, which may or may not include an allowance for overhead and profit as agreed to by the parties.
 - 3. On the basis of the Cost of Work, as defined below.

11.2 COST OF WORK

- A. General: The term "Cost of Work" means the sum of all reasonable

costs necessarily incurred and paid by the Contractor for labor, Materials, and equipment in the proper performance of extra Work. Except as otherwise may be agreed to in writing by the City, such costs shall be in amounts no higher than those prevailing in the locality of the Project. Whenever any extra Work is in progress, for which the definite price has not been agreed on in advance, the Contractor shall each Day report to the Architect/Engineer the amount and cost of the labor, Materials and equipment used, and any other expense incurred in such extra Work on the preceding Day, and no claim for compensation for such extra Work shall be included unless such report shall have been made. If in the opinion of the Architect/Engineer the cost of Material is excessive, or the Contractor does not furnish satisfactory evidence of the cost of such Material, then the cost shall be deemed to be the lowest current wholesale price for the quantity delivered to the Work site, less trade discount. For extra Work involving a combination of increases and decreases in the Work, the cost will be the sum of the additive and deductive costs.

1. The City reserves the right to furnish Materials for the extra Work and no claim shall be made by the Contractor for costs and profit on such Materials. All equipment shall be in good working condition and suitable for the purpose for which the equipment is to be used.
 2. Before construction equipment is used on the extra Work, the Contractor shall plainly stencil or stamp an identifying number thereon at a conspicuous location, and shall furnish to the Architect/Engineer, in duplicate, a description of the equipment and its identifying number. Individual pieces of equipment or tools having a replacement value of \$100 or less, whether or not consumed by use, shall be considered to be small tools and no payment will be made therefore. Rental time will not be allowed while equipment is inoperative for any reason.
- B. Mark-up: The Cost of the Work shall include a 10 percent mark-up applied to the total amount of labor, material and equipment inclusive of but not limited to: Overhead and Profit, General Conditions, Labor Burden, fees and insurances, supervision, incidental general office expenses, etc.

ARTICLE 12 -- CHANGE OF CONTRACT TIME

12.1 GENERAL

- A. In no event shall Contractor be entitled to any delay damages from City or Architect/Engineer for any reason.
- B. The Contract Time will be extended in an amount equal to time Days due to Force Majeure which includes acts of God or of the public enemy, fire,

floods, epidemics, quarantine restrictions, strikes, labor disputes, sabotage, or freight embargoes. Other Contract Time extensions shall be only by Change Orders or by claims made by Contractor in accordance with the provisions herein.

C. ***All time limits stated in the Contract Documents are of the essence.***

12.2 EXTENSIONS OF TIME FOR DELAY DUE TO INCLEMENT WEATHER

- A. Contract Times may be extended by the Architect/Engineer due to unusually severe weather, provided that the Contractor shall, within 10 Days of the beginning of any such delay, request such extension in writing stating the cause of delay. The Architect/Engineer may extend the Contract Time when, in its judgment, the facts justify such an extension. The Contractor's construction schedule shall be based upon the inclusion of 10 Days of inclement Weather Delays. No extension of the Contract Time due to inclement weather will be considered until after the said number of Days of inclement weather has been reached. No increase in Contract Time will be made if said number of Days of inclement weather is not reached.
- B. Inclement weather by itself is not a cause for time extension. Only where duration and frequency of rain is abnormal as compared with the Weather Bureau data and supported by Project logs will time extensions be considered. No time extension will be allowed for weekend rains unless the Contractor has received approval and been working weekends on a regular basis.
- C. In order to demonstrate that a delay is the result of exceptionally adverse weather conditions, the Contractor must demonstrate that critical path activities have been delayed by more Days than those cumulatively expected during the Contract Time, based upon an average number of Days of adverse weather conditions experienced in the place where the Project is located during the five years prior to the date of this Agreement, which average shall be based upon the historical data of the U.S. National Oceanic and Atmospheric Administration, and that any float time in the Construction Schedule has been exceeded. In order to be considered a delay, the Contractor must demonstrate that critical path activities were suspended during the exceptionally adverse weather event for more than 50 percent of the Day the Work period of the Day of the exceptionally adverse weather.
- D. Hurricane Precautions: During such periods of time as are designated by the United States Weather Bureau as being a hurricane watch or warning, the Contractor, at no cost to the City, shall take all precautions necessary to secure the Project site in response to all threatened

storm events, regardless of whether the City or the City's Architect/Engineer has given notice of same. Compliance with any specific hurricane watch or warning precautions will not constitute additional Work.

Consideration of additional Contract Time relating to hurricane watch or warning at the Project site will be addressed by a Change Order (when applicable) in accordance with the non-compensable excusable delays section of the General Conditions.

Suspension of the Work caused by a storm watch or warning, or storm event or official state of emergency (until termination of same), regardless of whether the City has directed such suspension, will entitle the Contractor to additional Contract Time as non-compensable, excusable delay, and shall not give rise to a claim for compensable delay.

ARTICLE 13 -- WARRANTY AND GUARANTEE; TESTS AND INSPECTIONS; CORRECTION, REMOVAL, OR ACCEPTANCE OF DEFECTIVE WORK

13.1 WARRANTY AND GUARANTEE

The Contractor warrants and guarantees to the City and the Architect/Engineer that all Work will be in accordance with the Contract Documents and will not be defective.

13.2 ACCESS TO WORK

The City, the Architect/Engineer and their collective representatives, testing agencies, and governmental agencies with jurisdictional interests all shall have access to the Work at reasonable times for observation, inspections, and testing. The Contractor shall provide proper and safe conditions for such access.

13.3 INTERACTION AND RESPONSIBILITIES OF ENGINEER AND CONTRACTOR

- A. The Contractor shall give the Architect/Engineer timely notice of readiness of the Work for all required inspections, tests, or approvals.
- B. Other than inspections by the City (unless specifically excepted below), the Contractor shall pay for the costs of all inspections and testing, including without limitation by any public body with jurisdiction requiring testing inspection or approval, with regard to any substitutions of Materials, equipment or Suppliers to be used or incorporated in the Work and for repeats of failed tests.

- C. In the event inspections or tests reveal non-compliance with the requirements of the Contract Documents, the Contractor shall bear the cost of corrective measures deemed necessary by the Architect/Engineer, as well as the cost of subsequent re-inspection and retesting. Neither observations by the Architect/Engineer nor inspections, tests, or approvals by others shall relieve the Contractor from the Contractor's obligation to perform the Work in accordance with the Contract Documents. The Architect/Engineer shall verify that the tests, equipment, and systems startups and operating and maintenance instruction are conducted as required by the Contract Documents.
- D. All inspections, tests, or approvals other than those required by Laws or Regulations of any public body having jurisdiction shall be performed by organizations acceptable to the Architect/Engineer and the Contractor.
- E. If any Work (including the Work of others) that is to be inspected, tested, or approved is covered without written concurrence of the Architect/Engineer, it must, if requested by the Architect/Engineer, be uncovered for observation. Such uncovering shall be at the Contractor's expense. If such Work is not found to be Defective Work, the Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to such uncovering. If the parties are unable to agree as to the amount or extent thereof, the Contractor may make a claim therefore as provided herein.
- F. The Architect/Engineer shall review the progress schedule of Shop Drawings, submittals and the schedule of values prepared by the Contractor.
- G. The Architect/Engineer shall attend pre-construction conferences, arrange progress meetings and conferences, attend meetings and maintain and circulate copies of minutes.
- H. The Architect/Engineer shall assist the Contractor in understanding the intent of the Contract Documents.
- I. The Architect/Engineer shall receive and record date of receipt of all submittals furnished by the Contractor.
- J. The Architect/Engineer shall conduct on-site observations of the Work in progress and determine if the Work is proceeding in accordance with the Contract Documents.
- K. The Architect/Engineer shall review applications for payment with the Contractor for compliance with the established procedure for their submittal.

- L. The Architect/Engineer shall: (a) prepare a Certificate of Substantial Completion/Notice of completion, as applicable, and submit to the Contractor a list of observed items requiring completion or correction; (b) conduct final review of the Work and prepare a "punch list" of items to be completed or corrected; and (c) verify that all items on the punch list have been completed or corrected.
- M. The Architect/Engineer shall not:
1. Authorize any deviation from the Contract Documents or approve any substitute Material or equipment.
 2. Exceed limitations on the Architect/Engineer's authority as set forth in the Contract Documents.
 3. Undertake any of the responsibilities of the Contractor, Subcontractors or Contractor's superintendent, or expedite the Work.
 4. Advise on or issue directions relative to any aspect of the means, methods, techniques, sequences, or procedures of construction unless such is specifically called for in the Contract Documents.
 5. Advise on or issue directions as to safety precautions and programs in connection with the Work.
 6. Participate in specialized field or laboratory test.

13.4 CITY MAY STOP THE WORK

If the Work is Defective Work, or the Contractor fails to perform Work in such a way that the completed Work will conform to the Contract Documents, the City may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of the City to stop the Work shall not give rise to any duty on the part of the City to exercise this right for the benefit of the Contractor or any other party.

13.5 CORRECTION OR REMOVAL OF DEFECTIVE WORK

If required by the Architect/Engineer, the Contractor shall either correct all Defective Work, whether or not fabricated, installed, or completed, or, if the Work has been rejected by the Architect/Engineer, remove it from the site and replace it with non-Defective Work. The Contractor shall bear all direct, indirect and consequential costs and damages of such correction or removal, including but not limited to fees and charges of engineers, architects, attorneys, and other professionals made necessary thereby.

13.6 ONE-YEAR CORRECTION PERIOD

If, within one year after the date of Final Completion, or such longer period of time as may be prescribed by Laws or Regulations, the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, the Contractor shall promptly, without cost to the City and in accordance with City's written notification, either correct such Defective Work, or, if it has been rejected by the City, remove it from the site and replace it with non-defective Work. If the Contractor does not promptly comply with the such notification, or in an emergency where delay would cause serious risk of loss or damage, the City may have the Defective Work corrected or the rejected Work removed and replaced, and all direct, indirect, and consequential costs and damages of such removal and replacement, including but not limited to fees and charges of engineers, architects, attorneys and other professionals will be paid by the Contractor.

Where Defective Work (and damage to other Work resulting therefrom) has been corrected, removed or replaced, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

13.7 ACCEPTANCE OF DEFECTIVE WORK

If, instead of requiring correction or removal and replacement of Defective Work the City prefers to accept the Work, the City may do so. The Contractor shall bear all direct, indirect, and consequential costs attributable to the City's inspection, testing, testing, evaluation of and determination to accept such Defective Work. If acceptance occurs prior to final payment, a Change Order (when applicable) will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work, and the City shall be entitled to an appropriate decrease in the Contract Price.

ARTICLE 14 -- PAYMENTS TO CONTRACTOR AND COMPLETION

14.1 SCHEDULE OF VALUES (LUMP SUM PRICE BREAKDOWN)

The schedule of values or price breakdown shall be established as provided in the General Requirements and shall serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to the Architect/Engineer.

14.2 UNIT PRICE BID SCHEDULE

Progress payments on account of unit price Work will be based on the number of units completed.

14.3 APPLICATION FOR PROGRESS PAYMENT

- A. Unless otherwise prescribed by Law, on the 25th Day of each month, or other agreed upon date, the Contractor shall submit to the Architect/Engineer for review an Application for Payment filled out and signed by the Contractor covering the Work completed as of the date of the Application and accompanied by partial lien releases and other such supporting documentation as is required by the Contract Documents.
- B. The Application for Payment shall identify, as a subtotal, the amount of the Contractor's total earnings to date. No payment shall be made for Materials stored at the site.
- C. The net payment due to the Contractor shall be the above-mentioned subtotal from which shall be deducted the amount of retainage specified herein and the total amount of all previous payments made to the Contractor. Retention shall be 10 percent of each approved progress payment until the Work is 50 percent complete and accepted by the City. Retention will then be reduced to five percent of each approved progress payment until the Work is 100 percent complete and accepted by the City.

14.4 CONTRACTOR'S WARRANTY OF TITLE

The Contractor warrants and guarantees that title to all Work, Materials, and equipment covered by an Application for Payment, whether incorporated in the Work or not, will pass to the City free and clear of all liens no later than the time of payment by the City for such Materials and equipment.

14.5 REVIEW OF APPLICATIONS FOR PROGRESS PAYMENT

- A. The Architect/Engineer will, within seven Days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to the City, or return the Application to the Contractor indicating in writing the Architect's/Engineer's reasons for refusing to recommend payment. In the latter case, the Contractor may make the necessary corrections and resubmit the Application. Thirty Days after presentation of the Application for Payment with the Architect's/Engineer's recommendation, the amount recommended will be due, subject to the provisions of this Article.
- B. The City may refuse to make payment of the full amount recommended by the Architect/Engineer because claims have been made against the City on account of the Contractor's performance of the Work or Liens have been filed in connection with the Work or there are other items entitling the City to a credit against the amount recommended. In that

event, the City must give the Contractor written notice within seven Days (with a copy to the Architect/Engineer) stating the reasons for such action.

14.6 PARTIAL UTILIZATION

- A. The City shall have the right to take possession of and use or place into service any item of equipment, usable portion of the Work, or partially completed portion of the Work prior to completion of the Work, but such taking, use or possession shall not be deemed an acceptance of any Work not completed in accord with the Contract Documents. Whenever the City plans to exercise said right, the Contractor will be notified in writing by the City identifying the specific portion or portions of the Work to be so utilized or otherwise placed into service.
- B. It shall be understood by the Contractor that until such written notification is issued, all responsibility for care and maintenance of all items of the Work shall be borne by the Contractor. Upon issuance of said written notice of partial utilization, the City will accept responsibility for the protection and maintenance of such items of the Work described in the written notice.
- C. The Contractor shall retain full responsibility for satisfactory completion of the Work, regardless of whether a portion thereof has been partially utilized by the City and the Contractor's one-year correction period shall commence only after the date of Final Completion of the Work.

14.7 SUBSTANTIAL COMPLETION

When the Contractor considers the Work ready for its intended use, the Contractor shall notify the City and the Architect/Engineer in writing that the Work is Substantially Complete and request that the Architect/Engineer prepare a Certificate of Substantial Completion/Notice of Completion. Within a reasonable time thereafter, the City, the Contractor and the Architect/Engineer shall make an inspection of the Work to determine the status of completion. If the Architect/Engineer does not consider the Work Substantially Complete, the Architect/Engineer will notify the Contractor in writing, giving the reasons therefore. If the Architect/Engineer considers the Work Substantially Complete, the Architect/Engineer will prepare and deliver to the City for execution the Certificate of Substantial Completion/Notice of Completion signed by the Architect/Engineer and Contractor, which shall fix the date of Substantial Completion. As applicable, there shall be attached to the Certificate/Notice a list of items to be completed or corrected before final payment.

14.8 FINAL APPLICATION FOR PAYMENT

After the Contractor has completed all correction Work indicated on the attachment to the Certificate of Substantial Completion and delivered all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, marked-up record documents (as provided in the General Requirements) and other documents required by the Contract Documents, and after the Architect/Engineer has indicated that the Work is acceptable, the Contractor may make application for final payment following the procedure for progress payments. The final Application for Payment shall be accompanied by all documentation called for in the Contract Documents, together with complete and legally effective releases or waivers (satisfactory to the City) of all liens arising out of or filed in connection with the Work.

14.9 FINAL PAYMENT AND ACCEPTANCE

- A. If, on the basis of the Architect's/Engineer's observation of the Work during construction and final inspection, and the Architect's/Engineer's review of the final Application for Payment and accompanying documentation, all as required by the Contract Documents, the Architect/Engineer is satisfied that the Work has been completed and the Contractor's other obligations under the Contract Documents have been fulfilled, the Architect/Engineer will, within 14 Days after receipt of the final Application for Payment, indicate in writing the Architect's/Engineer's recommendation of payment and present the Application to the City for payment.
- B. After acceptance of the Work and obtaining the surety's consent to final payment, the City will make final payment to the Contractor of the amount remaining after deducting all prior payments and all amounts to be kept or retained under the provisions of the Contract Documents, including the following items:
 - 1. Liquidated damages, as applicable.
 - 2. Two times the value of outstanding items of correction Work or "punch list" items indicated on the Certificate of Substantial Completion/Notice of Completion which are yet uncompleted or uncorrected, as applicable. All such outstanding Work shall be completed or corrected to the satisfaction of the City promptly within the time stated on the Certificate of Substantial Completion/Notice of Completion, or the Contractor shall waive any and all claims to all monies withheld by the City to cover the value of all such uncompleted or uncorrected items.

3. Release of final payment or retainage does not constitute City's approval of the Work.

14.10 CONTRACTOR'S CONTINUING OBLIGATION

The Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. Neither recommendation of any progress or final payment by the Architect/Engineer, nor the issuance of a Certificate of Substantial Completion/Notice of Completion, nor any payment by the City to the Contractor under the Contract Documents (final or otherwise), nor any use or occupancy of the Work or any part thereof by the City, nor any act of acceptance by the City nor any failure to do so, nor any review of a Shop Drawing or sample submittal, will constitute an acceptance of Work not in accordance with the Contract Documents or a release of the Contractor's obligation to perform the Work in accordance with the Contract Documents.

14.11 FINAL PAYMENT TERMINATES LIABILITY OF CITY

A final payment is defined as the last progress payment made to the Contractor for earned funds, less retainage as applicable, less deductions as applicable and described above. The acceptance by the Contractor of the final payment constitutes a release of the City and its agents from all claims of liability to the Contractor for anything done or furnished for, or relating to, the Work or for any act or neglect of the City or of any person relating to or affecting the Work, except demands against the City for the remainder, if any, of the amounts kept or retained and except pending, unresolved claims filed prior to the date of the Certificate of Substantial Completion/Notice of Completion.

ARTICLE 15 -- SUSPENSION OF WORK BY CITY

The City may, at any time and without cause, suspend the Work or any portion thereof for a period of not more than 90 Days by notice in writing to the Contractor. The Contractor shall resume the Work on receipt from the Architect/Engineer or City of a notice of resumption of Work. The Contractor shall be allowed an increase in the Contract Time directly attributable to any suspension.

ARTICLE 16 -- MISCELLANEOUS

16.1 TITLE/OWNERSHIP TO MATERIALS FOUND ON THE WORK

The City reserves the right to retain title to all soils, stone, sand, gravel, and other Materials developed and obtained from excavations and other operations connected with the Work. The Contractor shall deliver such Materials to City at City's request, at a location determined by City, at no cost to City, unless otherwise specified in the Contract Documents. If the City releases ownership of the Material, it shall become the property of the Contractor, who shall

dispose of it in manner satisfactorily to the Architect/Engineer at no extra cost to the City.

16.2 RIGHT TO AUDIT

The City shall have the right to audit the Contractor's books upon reasonable notice. This right shall include the right to examine books, records, documents, and other evidence and accounting procedures and practices, sufficient to discover and verify all direct and indirect costs of whatever nature claimed to have been incurred or anticipated to be incurred. The right to audit shall include the right to inspect the Contractor's plants, or such parts thereof, as may be or have been engaged in the performance of the Work. The rights to examine and inspect herein provided for shall be exercisable through such representatives as the City deems desirable during the Contractor's normal business hours at the office of the Contractor. The Contractor shall make available to the City for auditing all records and documents and other financial data relevant to the Work, and upon request, shall submit true copies of requested records to the City.

16.3 WATER SUPPLY

All water required for testing, flushing and construction shall be the full responsibility of the Contractor in accordance with requirements set forth in the Specifications.

16.4 SALVAGE

Any existing equipment or Material, including but not limited to valves, pipes, fittings, and couplings which is removed as a result of construction under this Project may be designated to the City at a location directed by the Architect/Engineer. Any equipment or Material not worth salvaging shall be disposed of by the Contractor in a sound environmental manner in an approved final disposal site.

16.5 LIMITATIONS OF OPERATION

The Contractor shall, at all times, conduct the Work in such a manner and in such sequence as will ensure the least practicable interference. The Architect/Engineer may require the Contractor to finish a section on which Work is in progress before Work is started on any additional section.
